**Directors**

The following persons were directors of Aumake Limited ('Aumake') during the whole of the financial half-year and up to the date of this report:

Stephen Harrison (Non-Executive Chairman)  
Jiahua (Joshua) Zhou (Managing Director)  
Zhao (Tracy) Zhang (Executive Director)  
Li (Alex) Li (Non-Executive Director)  
Hai Yun Chen (Executive Director) – appointed 18 September 2024

**Principal activities**

During the financial half-year the principal activities of the consolidated entity were sale of Australian and New Zealand products via social e-commerce marketplace platforms.

**Dividends**

The consolidated entity has not declared any dividend during the half-year.

**Review of operations**

The Company secured a number of significant milestones during the half-year ended 31 December 2024:

- In August 2024 signed the significant non-binding A\$300m Strategic Framework Agreement with the Chinese State-Owned Enterprise (SOE) Yangtze River New Silk Road International Logistics (Hubei) Group Co., Ltd (Yangtze River).
- In September 2024 the Company strengthened its board and management. These additions will complement the existing team, allowing for implementation of new business initiatives that will drive efficiencies, and formulate practices to fulfil the imminent orders from Yangtze River.
- In October 2024 the tripartite arrangement with Hunter Valley Wine & Tourism Alliance Pty Ltd and Guangxi Dimples high-quality goods import and export trade co., Ltd (Dimples Story) to sell approximately A\$25.5m by 2027.
- Further in October 2024 A\$634k purchase order received from China Southern Air Cross Border E-Commerce (Hainan) Co., Ltd for premium Australian alcohol.
- At the end of October 2024, at the Extraordinary General Meeting the shareholders approved various arrangements, the most significant being the capital raise of \$4.0m and the conversion of \$1.0m debt into equity.
- In early December 2024 the Company announced that it had successfully completed its test shipments to Yangtze River and then in mid-December 2024 the Company received an A\$16m purchase order from Yangtze River for health supplements, dairy products, and beef, with this order to be filled within 3-months.

These Agreements highlight the growing demand for high-quality Australian exports, an expansion into higher-margin products, and the Company's ability to meet large-scale demand setting a solid foundation for sustained order flow.

The Company recorded sales revenue of \$13.6m in the first six months (31 December 2023: \$16.8m) and a net operating loss of \$1.9m (31 December 2023: \$1.4m)

The Company strengthened its Balance Sheet with a strategic placement to raise A\$4.0m and the conversion of A\$1.0m of debt into equity.

The Company is focused on implementing initiatives that will drive strategic efficiency as the Company prepares to fulfil various orders from Yangtze River and Dimples Story.

The Company remains focused on increasing sales and gross margins, establishing new strategic partnerships, and optimising cash retention while minimising costs.

## **Risks Factors**

The Company faced a number of risks this financial half year and has addressed the main risks as follows:

- |  |  |
|--|--|
| (a) Inability to fulfil Yangtze River orders | <p>The Agreement with Yangtze River is non-binding, meaning that the Company will use its best endeavours to fulfil Yangtze River requirements, but should the Company be unable to fulfil, there are no financial penalties.</p> <p>The Company is unaware of any concerns with fulfilling Yangtze River orders, in fact, the Company successfully completed its test shipments in early December 2024, and this led to the receipt of a A\$16m purchase order from Yangtze River for health supplements, dairy products, and beef, in mid-December 2024.</p>   |
| (b) Reliance on key Management               | <p>The Covid-19 pandemic resulted in the Company closing all its physical stores, restructure its operations, and necessarily becoming a very lean operation. A core group of staff and Board were retained with Mr Jiahua (Joshua) Zhou remaining the key driver of the Company.</p> <p>The Company has a strategically aligned Board, each with specific expertise and ability to add-value. In September 2024 the Company strengthen its board and management. These additions will complement the existing team, allowing for implementation of new business initiatives that will drive efficiencies, and formulate practices aligned to the Company's operational needs.</p> |
| (c) Insufficient Cash                        | <p>The Company has secured a number of significant Agreements and will require cash to transact on these opportunities.</p> <p>In October 2024 the Company raised \$4.0m from a strategic placement and the Board believes it can raise additional capital, if and when required.</p> <p>The Company is also negotiating with its suppliers, customers, and financing institutions for more favourable terms of trade which will help with conserving cash and managing cash flow requirements.</p>  |
| (d) International affairs                    | <p>The Company transacts a majority of its revenue selling into China. The Company's ability to maintain trade in China could be adversely affected by strained political and commercial relations between China and Australia. The Company cannot confirm that these relations will improve in the short to medium term and</p>   |

cannot provide certainty going forward of its ability to trade in China.

Further, should the USA's protectionist policies lead to a weakening of China's economic growth, the Chinese Government may impose restrictions or its Chinese citizen's may reduce spending, either of which may impact the Company's ability to sell its products into China.

### **Significant changes in the state of affairs**

There have been no significant changes in the state of affairs of the Company during the year.

### **Matters subsequent to the end of the reporting period**

In October 2024 the Company raised \$4.0m via a strategic share placement (less \$123k plus GST paid to the lead manager, Novus Capital Limited) and the Company is in the process of applying to the ASX to have those options stemming from the strategic share placement, listed on the ASX. It is anticipated that the process will be completed and those options will be listed before 31 March 2025.

**Note 1. Material accounting policy information**

These general purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except otherwise stated.

**New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**Going concern**

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss of \$1,929,454 and had outflows from operating activities of \$2,308,631 for the half-year ended 31 December 2024.

These factors indicate material uncertainty related to the ability of the Group to continue as a going concern.

The ability of the consolidated entity to continue as a going concern is principally dependent upon the ability of the consolidated entity to manage cash flows in line with available funds and to secure funds by raising additional capital from equity markets, as and when required.

The Directors believe that there are reasonable grounds that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The Group has cash and cash equivalent of \$3,649,817 as at 31 December 2024 and has prepared a cash flow forecast to manage cash in line with available funds;
- The Group has reduced or removed all non-essential costs in order to conserve cash;
- The Group continues working on delivering the three pillars of its announced strategic plan; and
- The Group expects to be successful in sourcing further capital from the issue of additional equity securities to fund its ongoing operations, as and when required.

Should the Group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, nor to amounts of classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

### INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Aumake Limited

#### Conclusion

We have reviewed the accompanying half-year consolidated financial report of Aumake Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising summary of significant accounting policies and other explanatory information, and the directors' declaration, comprising Aumake Limited and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Aumake Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report.

We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including independence standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical requirements in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Aumake Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

**INDEPENDENT AUDITOR'S REVIEW REPORT (continued)**

**Emphasis of Matter - Material Uncertainty Related to Going Concern**

We draw attention to Note 1 in the financial report, which notes that the Group incurred a loss of \$1,929,454 and had cash outflows from operating activities of \$2,308,631 during the half-year ended 31 December 2024. As stated in Note 1, these events and conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

**Directors' Responsibility for the Half-Year Financial Report**

The directors of the Company are responsible for the preparation of the consolidated half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibilities for the Review of the Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
