About Felix Gold

Felix Gold Limited (ASX: FXG) is an ASX-listed gold and antimony exploration business operating in the highly endowed Tintina Gold Province of Alaska in the United States.

Our flagship asset is a substantial landholding in the world-class Fairbanks Gold District, where historical gold production exceeds 16 Moz. In Fairbanks, our tenements sit within one of the largest gold production centres in the entire Tintina belt and lie in close proximity to both Kinross Gold's Tier 1 gold mine, Fort Knox, and the rapidly growing Freegold Ventures' discovery, Golden Summit. We hold four key projects across over 392 km² of tenure in the heart of this premier gold production district.

Felix's key projects are located only 20 minutes from our operational base in the central mining services hub of Fairbanks City, Alaska. This base is a huge advantage for Felix with its existing infrastructure, low-cost power, skilled workforce and long history of gold production.

Felix's value proposition is simple: we are striving to be the premier metals exploration business in the Tintina Province through the aggressive pursuit and realisation of Tier 1 gold discoveries as well as aiming for near-term antimony production.

All amounts are in Australian dollars unless otherwise indicated.
