EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. BACKGROUND TO DISPOSAL OF MAIN UNDERTAKING

1.1 Background on the Company

The Company was incorporated on 27 August 2018 as “Nexion Group Pty Ltd” and converted to “Nexion Group Ltd” on 19 October 2020. The incorporation of the Company was a product of the joining of two businesses, Nexion W1 DC Pty Ltd (ACN 624 424 460) (**Nexion W1**), which owned datacentre assets located in Perth, and Nexion Networks Pty Ltd (ACN 617 824 923) (**Nexion Networks**) which provided hybrid cloud infrastructure and services to customers.

The Company subsequently listed on the ASX on 16 February 2021 as an information technology company specialising in developing cloud, network, security and data centre technology offering hybrid cloud services and end-to-end information technology solutions to enterprise customers in Western Australia.

Upon listing on the ASX, the primary business of the Company was to provide private cloud infrastructure integrated with public cloud services to form a hybrid cloud solution called Nexion OneCloud (**Nexion OneCloud** or **OneCloud**). The Company hosted a Nexion OneCloud node in its own data centre held by Nexion W1 and third-party data centres in other cities and sells capacity to customers. The Company utilised a software-defined wide-area network (**SD-WAN**) provided by Aryaka Networks, Inc under a licence agreement to connect customers to its OneCloud nodes. The Company’s core revenue stream has been from renting its OneCloud infrastructure to customers and additional revenue has been from sales of products and services to complement its OneCloud platform, including redesigning customers’ information technology platforms and migration services.

At the end of the financial year ending 31 June 2024, the Company held the following subsidiaries:

NAME	INTEREST	PURPOSE
Nexion W1 DC Pty Ltd ¹	100%	Owner of the datacentre located in Belmont, Perth
Nexion Networks Pty Ltd ²	100%	Provided hybrid cloud infrastructure and services to customers
Blue Sky Telecom Pty Ltd ²	100%	National telecommunications and network solution provider
Nexion Pacific Ltd	100%	Established to deliver information technology services in New Zealand.
FuseForward Pty Ltd	100%	Offers AI-enabled business intelligence systems including internet-of things and digital twin solutions.
Nexion Infrastructure Pty Ltd	100%	Provider of maintenance services to data centre operators.

Notes:

1. The Company sold Nexion W1 Pty Ltd in July 2025. See Section 1.3 below for further detail.
2. These entities are the subject of the proposed Disposal. See Section 1.2 for further details on the entities and Section 1.8 for the financial effect of the proposed Disposal.

1.2 Proposed Disposal

On 28 August 2025, the Company announced that it had entered into a binding share purchase agreement (**Share Purchase Agreement** or **SPA**) pursuant to which Pier DC Pty Ltd (ACN 603 333 599) (**Pier DC** or **Purchaser**) has agreed to purchase, and the Company has agreed to sell, 100% of the share capital in Nexion Networks and Blue Sky Telecom Pty

Ltd (ACN 163 443 463) (**Blue Sky**) (together, the **Purchased Shares**) on the terms and conditions set out in the Share Purchase Agreement (the **Disposal**).

The consideration payable by the Purchaser for the acquisition of Nexion Networks and Blue Sky is approximately \$4.1m via the:

- (a) assumption of the Assumed Liabilities belonging to Nexion Networks and Blue Sky (as defined below);
- (b) assumption of the Company's liability for Convertible Notes;
- (c) \$679,500, payable over a 2-year period pursuant to vendor financing to be provided by the Company; and
- (d) payment of 80% of the aggregate accounts receivable up to 90 days old in Blue Sky and Nexion Networks as of the date of completion, as they are collected following completion of the Disposal.

The Company will not make any changes to its board or senior management in connection with, or as a consequence of the Disposal.

Further details about the consideration payable to the Company for the Disposal are set out in Section 1.5.

Nexion Networks and Blue Sky

Nexion Networks and Blue Sky (together, the **Networks Business**) owns and operates hybrid cloud infrastructure which is offered to the Company's customers. 'Hybrid cloud' describes the combined use of dedicated private compute infrastructure with publicly available Cloud services to optimise the price and performance of corporate IT systems. Nexion Networks offers associated services including managed networks, satellite communications services, SD-WAN products, cyber security systems and management and general information technology services.

Further details about the financial effect of the Disposal are set out in Section 1.8.

1.3 Background to the Disposal

In early 2024, the Company entered discussions with an unlisted company regarding the Company potentially acquiring the unlisted company (**Proposed Transaction**). The Company announced that it had gone into trading halt on 23 April 2024, pending the release of an announcement in relation to the Proposed Transaction.

Due to the inability to announce the Proposed Transaction by the date specified in the trading halt, the Company voluntarily requested to be suspended from quotation, which was announced on 26 April 2024. The Company remains voluntarily suspended as at the date of this Notice. During this period of suspension, the Company has continued to negotiate the Proposed Transaction with the unlisted company.

Throughout this period of the Company being suspended, the Company has issued convertible notes to raise funds to contribute to costs incurred for the Proposed Transaction. Further details on the Company's convertible notes are provided in Schedule 3.

Unrelated to the Proposed Transaction, the Company announced it had entered a non-binding letter of intent with Carrier Connect Data Solutions Inc (TSX:CCDS) (**Carrier**) to sell Nexion W1 on 14 May 2025. The sale was finalised on 28 July 2025, with consideration that Carrier agreed to pay for the acquisition being:

- (a) \$200,000 payable on close of the transaction;
- (b) \$100,000 payable on the date that is six months following the date of closing; and
- (c) \$2,200,000 under a secured vendor financing arrangement, bearing 9% interest, repayable in monthly principal and interest payments calculated as a 25-year term but with the loan amount repayable in full within 5 years.

The Company determined that the sale of Nexion W1, represented the optimal strategy to maximise shareholder value. This decision was driven by the opportunity to strengthen the

Company's financial position through the proceeds of the sale, thereby enhancing its balance sheet.

On 31 July 2025, the Company announced that the Proposed Transaction was no longer proceeding and consequently negotiated the Share Purchase Agreement with Pier DC. The Share Purchase Agreement is further detailed in Section 1.5 and Schedule 1.

1.4 Rationale for the Disposal

Following a comprehensive strategic review of the Company's assets, financial position, and market opportunities, the Board of Directors has developed a bold strategy to reposition the Company for sustained growth and enhanced value creation. This plan focuses on transitioning to a leadership position in the high-growth AI sector, leveraging innovative software solutions to drive long-term success.

The review identified Fuse Forward Pty Ltd (**Fuse Forward**) as central to the Company's future, aligning seamlessly with our vision to deliver cutting-edge AI technologies.

The divestment of Nexion Networks and Blue Sky aligns with this new strategic objective, and will significantly strengthen the Company's financial position, delivering positive net assets, reducing the working capital requirement thereby creating a more robust and flexible balance sheet.

By divesting Nexion Networks and Blue Sky, the Company will streamline its operations and concentrate resources on its Fuse Forward artificial intelligence (**AI**) and business intelligence (**BI**) software business. This focused approach will accelerate innovation, enhance operational efficiency, and expedite the development and delivery of transformative AI solutions. The Company will be better positioned to seize AI-led market opportunities, drive technological advancements, and achieve improved financial returns. The divestment will enable a leaner, more agile organisation, fully dedicated to capitalising on the high-growth potential of the AI sector.

The proposed divestment and strategic focus on AI innovation are pivotal steps to improve profitability, optimise resource allocation, and position the Company as a leader in the technology sector.

1.5 Share Purchase Agreement

As noted in Section 1.2, the Company has entered a Share Purchase Agreement pursuant to which the Company has agreed to sell the Purchased Shares to Pier DC. A material condition precedent to the sale of the Purchased Shares is the Shareholders approving the Disposal under the Share Purchase Agreement in accordance with Listing Rule 11.2, which is the purpose of this Notice. Should the Disposal not have been completed by 30 November 2025, both the Company and Pier DC will have the right to terminate the Share Purchase Agreement. The material terms of the Share Purchase Agreement are summarised in Schedule 1.

The consideration payable by the Purchaser for the acquisition of Nexion Networks and Blue Sky is the:

- (a) assumption of the Assumed Liabilities belonging to Nexion Networks and Blue Sky (as defined below);
- (b) assumption of the Company's liability for its Convertible Notes;
- (c) \$679,500, payable over a 2-year period pursuant to vendor financing to be provided by the Company; and
- (d) payment of 80% of the aggregate accounts receivable up to 90 days old in Blue Sky and Nexion Networks as of the date of completion, as they are collected following completion of the Disposal.

Assumed Liabilities

Pier DC has agreed to assume the following liabilities as part of the consideration under the Share Purchase Agreement (together, the **Assumed Liabilities**):

LIABILITY	AMOUNT
Aggregate accounts payable in Blue Sky and Nexion Networks	Up to \$730,000 plus any additional amounts reasonably accrued up to settlement. ¹
Aggregate borrowings in Blue Sky and Nexion Networks	Up to \$167,500 plus any additional amounts reasonably accrued up to settlement. ¹
Australian Taxation Office Liabilities	Up to \$460,000 plus any additional amounts reasonably accrued up to settlement. ¹
Other Nexion liabilities	Up to \$250,000 previous transaction costs incurred by NNG.

Notes:

1. Amounts in excess of the amount provided may be offset against accounts receivable due as consideration.

Assumption of Convertible Notes

From 3 June 2024 to 12 September 2025, the Company has issued the convertible notes listed in item 1 of Schedule 3 to raise a total of \$1,750,000 (**Convertible Notes**). The Convertible Notes have been issued on the terms and conditions stated in item 2 of Schedule 3. The funding from these Convertible Notes have been used to contribute to costs incurred for the Proposed Transaction.

Under the Share Purchase Agreement, a condition to closing is that all Convertible Notes are terminated pursuant to a deed of termination and release with the holders of the Convertible Note. The holders will enter agreements with Pier DC for the issue of zero-coupon bonds. Pier DC will effectively assume the Company's responsibility for the liabilities created by the Convertible Notes, which will reduce the debt of the Group and risk of diluting Shareholders' securities.

As announced on 17 September 2025, the Company has entered into a variation to the Share Purchase Agreement, to confirm that the 900,000 convertible notes issued on 12 September 2025, are required to be terminated pursuant to a deed of termination and release with the holder of these Convertible Note for the Disposal to complete.

Vendor Financing

The Vendor has also agreed to make available to the Purchaser a loan of \$679,500 (**Loan Amount**) under a secured loan agreement (**Secured Loan Agreement**). The Loan Amount is for Vendor finance for the purpose of acquiring the Purchased Shares, and no actual monies will be transferred to the Purchaser by Nexion. The Loan is being provided with an interest rate of 9% P.A. and the Loan amount will be repaid over a 2-year period via 23 monthly payments to the Company of \$14,105.30 with a final payment of \$457,672. The Loan Amount will be secured under:

- a general security deed under which Nexion Networks grants the Vendor security over all of its present and after-acquired property;
- a general security deed under which Blue Sky grants the Vendor security over all of its present and after-acquired property; and
- specific security deed under which the Purchaser grants the Vendor security over all of its shares in each of the Nexion Networks and Blue Sky. (together with the Secured Loan Agreement, the Vendor Financing Documents).

1.6 About Pier DC

Pier DC is a wholly owned subsidiary of DC Alliance, a Singaporean company that specialises in the development of tier certified co-location data centre facilities in Australia and the Asia Pacific region.

Acquired by DC Alliance on 11 September 2020, Pier DC, now rebranded as DC Alliance, is a world-class Uptime Institute Tier III certified data centre located in Canning Vale, Western Australia, 20km from Perth's CBD. As the only Tier III facility south of Perth's CBD,

DC Alliance spans 2,200m² with a power capacity of up to 8MW, strategically positioned to leverage high-speed undersea data cables connecting to Asia, ensuring low-latency and enhanced regional interconnectivity.

As part of the transaction negotiations, the Company considered the financial capacity of Pier DC to perform their obligations under the Share Purchase Agreement, as well as potential alternative transactions, before determining that the Disposal was in the best interest of Shareholders. This included Nexion undertaking due diligence customary for non-script transaction of this nature, which included site visits to Pier DC and DC Alliance assets and engagement with Pier DC and DC Alliance management and shareholders over an extended period of time. As noted above, the Loan Amount is secured by general and specific security deeds over the assets and shares of Nexion Networks and Blue Sky and makes up only approximately 16% of the deemed consideration under the Disposal.

1.7 Financial effect of the Disposal

The impact of the Disposal on the Company is set out in the pro forma balance sheet contained in Schedule 2.

The Company's assets and liabilities that are proposed to be sold under the Share Purchase Agreement are as follows:

	\$

The above assets represent 75.83% of the total assets of the Group as at 30 June 2025.

	\$
CURRENT LIABILITIES	
Trade and other payables	1,190,000
Loans payable	167,500
Lease liability	-
Other liabilities	-
Total Current Liabilities	1,357,500
TOTAL LIABILITIES	1,357,500

The above liabilities represent 26.50% of the total liabilities of the Group as at 30 June 2025.

In addition to the above liabilities, as part of the Share Purchase Agreement as outlined above in Section 1.5 above, the Convertible Notes, recorded as \$1,750,000 (plus \$178,702 of accrued interest) will be cancelled. This represents approximately 37.20% of the total liabilities of the Group as at 30 June 2025.

1.8 Advantages

The Directors consider that the following non-exhaustive list of advantages may be relevant to a Shareholder's decision on how to vote on the Disposal:

- (a) the Company's and the Group' financial position will be strengthened through extinguishing liabilities arising from its Convertible Notes and the Assumed Liabilities from its balance sheets;
- (b) the ability to prioritise high-growth projects, including its artificial intelligence business operated through FuseForward Pty Ltd; and
- (c) the cancellation of the Convertible Notes means that Shareholders' existing shareholdings will not be diluted through the conversion of these Convertible Notes;
- (d) the Company will have flexibility to pursue alternative opportunities that the Directors believe will deliver value to Shareholders.

1.9 Disadvantages

The Directors believe that the following non-exhaustive list of disadvantages may be relevant to a Shareholder's decision on how to vote on the Disposal:

- (a) the Company will be disposing of its main undertaking in, which may not be consistent with the investment objectives of all shareholders;
- (b) the size of the Company's tangible asset base and operating activities will be reduced significantly as a result of the Disposal;
- (c) notwithstanding the unanimous recommendation by the Board that the Disposal is in the best interests of Shareholders, you may believe that the Disposal is not in your best interests or believe that the Disposal consideration is inadequate;
- (d) there is a risk that the Company may not be able to locate and acquire suitable investment opportunities in addition to its existing projects; and
- (e) there is a risk that the Company will be unable to complete a full recompliance to re-commence or continue trading on the ASX (see section 1.12(b) for further detail).

1.10 Implications of Shareholders not approving Resolution 1

If Resolution 1 is not approved by Shareholders, it is likely that the Share Purchase Agreement will terminate and the advantages of the Disposal, as described in Section 1.9 above, will not eventuate.

In the event that Shareholders to not approve Resolution 1, the Company will continue to deliver network services and hybrid cloud systems to our customers and will engage with ASX on re-commencing trading on the ASX.

1.11 Implications of Shareholders approving Resolution 1

If Resolution 1 is approved by Shareholders, it is likely that the Share Purchase Agreement will be completed and the benefits of the Disposal, as described in Section 1.9, will eventuate. The following additional matters are also relevant if the Disposal is approved by Shareholders:

(a) New projects and acquisitions

Upon completion of the Disposal, the Company will consider and assess other new investment and acquisition opportunities in the AI and BI sectors.

There can be no guarantee that any proposed acquisition will be completed or be successful. If any proposed acquisition is not completed, monies advanced may not be recoverable, which may have a material adverse effect on the Company. If an acquisition is completed, the Directors will need to reassess at that time, the funding allocated to new projects, which may result in the Company raising additional capital (if available). Furthermore, notwithstanding that an acquisition may proceed upon the completion of due diligence, the usual risks associated with the new project/business activities will remain.

(b) **Suspension and re-compliance risk**

With respect to the Company's ASX listing, paragraph 4.7 of ASX Guidance Note 12 (Significant Changes to Activities) notes that a company disposing of its main undertaking will generally be afforded a period of 6 months from the date of the agreement to dispose of its main undertaking to demonstrate to the ASX that it is compliant with Listing Rule 12.1 and ASX will suspend trading in the company's securities at the end of that 6 month period if it has not demonstrated compliance with Listing Rule 12.1 to ASX's satisfaction.

However, the Company's securities are currently suspended from trading due to a suspension announced on 26 April 2024. Accordingly, there can be no guarantee that trading of the Company's securities will resume upon completion of the Disposal as ASX will likely need to be satisfied with the Company's compliance with the Listing Rules generally, including LR 12.1 & 12.2 in order to consider reinstating the Company's securities to trading.

The consequence of the Company's disposal of its main undertaking is that ASX may require that the Company re-comply with Chapters 1 and 2 of the Listing Rules for any transaction the Company proposes to enter into under Listing Rule 11.1.3. Further the Company notes that it is at risk of the Company being automatically delisted from the ASX on 26 April 2026 under ASX Guidance Note 33 should trading of the Company's securities not resume trading by that date.

1.12 The Company's intentions post-completion of the Disposal

The Company confirms that intends to:

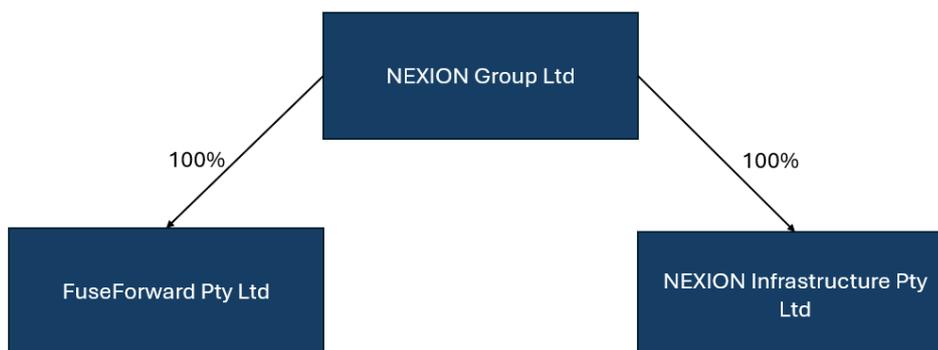

- (a) continue to manage and develop its remaining projects, including Fuse Forward Australia Pty Ltd (to be renamed "FuseAI");
- (b) assess suitable investment and acquisition opportunities to acquire a new undertaking for the Company;
- (c) depending on the outcome of the above process, the Company may also look at the most appropriate method of returning the Company's available cash to Shareholders

The Company is expected to have sufficient cash reserves to fund its remaining projects and continue to assess and identify new investment or acquisition proposals that the Board considers will have the potential to add value to Shareholders.

Regardless of whether the Disposal proceeds, the Company intends to deregister Nexion Pacific Ltd.

1.13 Group Structure

Upon completion of the Disposal and the deregistration of Nexion Pacific Ltd, the corporate structure of the Group will be:

1.14 Indicative timetable

Subject to the ASX Listing Rules and the Corporations Act requirements, the Company anticipates completion of the Disposal will be in accordance with the following timetable:

EVENT	DATE*
Execution of binding Sale and Purchase Agreement	28 August 2025
Notice of Meeting for the Disposal sent to Shareholders	19 September 2025
Shareholder Meeting to approve the Disposal	29 October 2025
Satisfaction/waiver of all conditions in Sale and Purchase Agreement	29 October 2025
Settlement of Disposal	31 October 2025

* Please note that this timetable is indicative only and the Directors reserve the right to amend the timetable as required.

1.15 Listing Rule 17.12

Under Listing Rule 17.12, ASX may at any time remove an entity from the official list of the ASX if, in the ASX's opinion, any of the following apply:

- (a) the entity is unable or unwilling to comply with, or breaks, a listing rule;
- (b) the entity has not quoted securities; or
- (c) it is appropriate for some other reason.

Pursuant to ASX Guidance Note 33 (*Removal of Entities from the ASX Official List*), it is ASX's policy that any entity whose securities have been continuously suspended from quotation for a two-year period will be delisted.

The Company has been suspended since 26 April 2024. It therefore has until 26 April 2026 to seek reinstatement of its Shares to official quotation on the official list of the ASX before it becomes subject to delisting under ASX's policy in respect of Listing Rule 17.12.

However, if this Resolution is not passed, the Company will engage with ASX on re-commencing trading on the ASX.

All items required to be disclosed to Shareholders to obtain approval under ASX Listing Rule 11.2 is set out in this Notice. The Directors are not aware of any other commercial information that is material to the question of whether Shareholders should approve the Resolution.

Instructions for completing Proxy Form

1. **Appointing a proxy**

A Shareholder entitled to attend and cast a vote at the Meeting is entitled to appoint a proxy to attend and vote on their behalf at the Meeting. If a Shareholder is entitled to cast 2 or more votes at the Meeting, the Shareholder may appoint a second proxy to attend and vote on their behalf at the Meeting. However, where both proxies attend the Meeting, voting may only be exercised on a poll. The appointment of a second proxy must be done on a separate copy of the Proxy Form. A Shareholder who appoints 2 proxies may specify the proportion or number of votes each proxy is appointed to exercise. If a Shareholder appoints 2 proxies and the appointments do not specify the proportion or number of the Shareholder's votes each proxy is appointed to exercise, each proxy may exercise one-half of the votes. Any fractions of votes resulting from the application of these principles will be disregarded. A duly appointed proxy need not be a Shareholder.

2. **Direction to vote**

A Shareholder may direct a proxy how to vote by marking one of the boxes opposite each item of business. The direction may specify the proportion or number of votes that the proxy may exercise by writing the percentage or number of Shares next to the box marked for the relevant item of business. Where a box is not marked the proxy may vote as they choose subject to the relevant laws. Where more than one box is marked on an item the vote will be invalid on that item.

3. **Compliance with Listing Rule 14.11**

In accordance to Listing Rule 14.11, if you hold Shares on behalf of another person(s) or entity/entities or you are a trustee, nominee, custodian or other fiduciary holder of the Shares, you are required to ensure that the person(s) or entity/entities for which you hold the Shares are not excluded from voting on resolutions where there is a voting exclusion. Listing Rule 14.11 requires you to receive written confirmation from the person or entity providing the voting instruction to you and you must vote in accordance with the instruction provided.

By lodging your proxy votes, you confirm to the Company that you are in compliance with Listing Rule 14.11.

4. **Signing instructions:**

- **Joint holding:** Where the holding is in more than one name, all of the Shareholders should sign.

Where the company (pursuant to Section 204A of the Corporations Act) does not have a company secretary, a sole director can also sign alone. Otherwise, a director jointly with either another director or a company secretary must sign. Please sign in the appropriate place to indicate the office held. In addition, if a representative of a company is appointed pursuant to Section 250D of the Corporations Act to attend the Meeting, the documentation evidencing such appointment should be produced prior to admission to the Meeting. A form of a certificate evidencing the appointment may be obtained from the Company.

5. **Attending the Meeting**

Completion of a Proxy Form will not prevent individual Shareholders from attending the Meeting in person if they wish. Where a Shareholder completes and lodges a valid Proxy Form and attends the Meeting in person, then the proxy's authority to speak and vote for that Shareholder is suspended while the Shareholder is present at the Meeting.
