CORPORATE GOVERNANCE STATEMENT

**Financial Year Ended
30 June 2025**

CORPORATE GOVERNANCE STATEMENT

The Board and Management of Australian Agricultural Projects Limited (**Company**) recognise their duties and obligations to its shareholders and other stakeholders to implement and maintain a proper system of corporate governance. The Company believes that the adoption of good corporate governance adds value to stakeholders and enhances investor confidence.

The ASX Listing Rules require listed companies to prepare a statement disclosing the extent to which they have complied with the fourth edition of the Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council (**Recommendations**) during the reporting period. The Recommendations are intended as guidelines to enhance the efficiency, quality, and integrity of the Company's governance framework. They are not prescriptive, and where the Board considers a Recommendation to be inappropriate to the Company's particular circumstances, it may elect not to follow that Recommendation. In such cases, the Company is required to identify the Recommendations not adopted and provide the reasons for not following them.

This Corporate Governance Statement (**Statement**) sets out a description of the Company's main corporate practices and provides details of the Company's compliance with the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation.

This Statement is current as at 30 September 2025 and has been approved by the Board of Directors of the Company.

The Company's corporate governance policies are available on the Company's website: <http://www.voopl.com.au/aap-shareholders>

Commentary

The Board Charter sets out the functions and responsibilities of the Board and is available on the Company's website.

The Board has formally adopted a Diversity Policy that requires the Board to set measurable objectives for achieving gender diversity. However, the Company is at a variance with Recommendation 1.5 in that the Board has not set measurable objects for achieving gender diversity at the reporting date. Given the size of the Company, the nature of its operations and the limited number of Board and senior executive positions available, the Company does not expect to formally introduce measurable objectives and, until such time that measurable objectives for achieving gender diversity are adopted, will not disclose the progress towards achieving them at the end of each reporting period. Nevertheless, as and when circumstances warrant, the Board will take into consideration diversity as one of the criteria in formulating decisions in relation to its composition.

The Diversity Policy is available on the Company's website.

The performance of the Board, its committees and individual Directors are evaluated in accordance with the Performance Evaluation Process available on the Company's website. Performance evaluations of the Board and senior executives were not carried out during the reporting period.

Yes

CORPORATE GOVERNANCE STATEMENT

Commentary

The Nomination and Remuneration Committee consists of two members and is chaired by Mr Anthony Ho. The Company is at variance with Recommendation 2.1 in that the Committee does not have three members and does not consist of a majority of independent directors. However, the Board considers that this composition is appropriate given the current size of the Company. The Nomination and Remuneration Committee Charter is available on the Company's website.

The Board consists of a managing director and two non-executive directors. Details of their skills, experience and expertise and the period of office held by each Director are set out in the Directors' Report of the FY2 Annual Report.

The policy for Appointment and Selection of New Directors is available on the Company's website.

The Company's desired mix of skills and competence is listed in the table below. The Board considers its current composition adequately meets these required competencies.

Area	Competence
Leadership	Business Leadership, Public Listed Company Experience
Business and Finance	Accounting, Audit, Business Strategy, Corporate Financing, Financial Literacy, Mergers and Acquisitions, Risk Management, Commodity Trading, Investment Management, Agricultural Investing
Sustainability and Stakeholder Management	Community Relations, Corporate Governance, Health & Safety, Human Resources, Remuneration
Farming and Farming Practices	Agricultural Experience, Environmental Management Systems, Resource Efficiency, Good Agricultural Practice, Management of Broadacre Properties

The Board has assessed the independence of the non-executive directors using defined criteria of independence and materiality consistent with the guidance and commentary for Recommendation 2.3. Although Mr Ho holds 5,000,002 shares in the Company, the Board does not consider his shareholding to be material for the purpose of assessment of independence. Mr Ho is regarded as independent as he is not a substantial shareholder as defined by the *Corporations Act 2001 (Cth)* (**Corporations Act**). Mr Paul Challis is the managing director of the Company and therefore is considered to be not independent. Mr Daniel Stefanetti has a relevant interest of more than 5% of the shares of the Company and is therefore considered to be not independent.

Consequently, the Company is at variance with Recommendation 2.4 in that the majority of Directors are not independent. The Directors have determined that the current composition of the Board represents the best mix of directors that have an appropriate range of qualifications and expertise, can understand and competently deal with current and emerging business issues and can effectively review and challenge the performance of Management. Furthermore, each individual member of the Board is satisfied that all Directors bring an independent judgment to bear on Board decisions.

The Company has yet to appoint a chair of the Board and is therefore at variance with Recommendation 2.5 in that the Board does not have an independent chair. The Board considers that the Company is not currently of a size, nor are its affairs of such complexity to justify the expense of the appointment of an additional director to perform the function of an independent chair.

Directors are entitled to request and receive any additional information they consider necessary to support informed decision-making. The Board also has a policy under which individual directors and Board committees may obtain independent professional advice at the Company's expense in relation to the execution of their duties.

The Board has implemented a process of undertaking the appropriate checks before appointing a person or putting forward to shareholders a candidate for election as director. The Directors will provide a summary of all material information relevant to the decision to elect a director in the notice of meeting for each annual general meeting. When appointed to the Board, a new director will receive an induction appropriate to his or her experience. Directors are provided with the appropriate professional development opportunities to develop and maintain their skills and knowledge from time to time, as considered appropriate to perform their role as a director effectively.

Principle 4: Safeguard integrity in corporate reporting		
4.1	The board of a listed entity should: <ul style="list-style-type: none"> (a) have an audit committee which: <ul style="list-style-type: none"> (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and (2) is chaired by an independent director, who is not the chair of the board, and disclose: <ul style="list-style-type: none"> (3) the charter of the committee; (4) the relevant qualifications and experience of the members of the committee; and (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner. 	Partly – see commentary
4.2	The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	Yes
4.3	A listed entity that has an AGM should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.	Yes

Commentary

The Audit and Risk Committee consist of two members and is chaired by Mr Ho. The Company is at variance with Recommendation 4.1 in that the Committee does not have three members and does not consist of a majority of independent Directors. However, the Board considers this composition is appropriate given the current size of the Company. Details of the qualifications and experience of Committee members, and the Committee meeting and attendance details for the reporting period, are set out in the Directors' Report of the FY25 Annual Report. The Audit and Risk Committee Charter is available on the Company's website.

When considering the Audit and Risk Committee's review of financial reports, the Board receives a declaration in accordance with section 295A of the Corporations Act, signed by the Managing Director and Chief Financial Officer (or equivalent), that the Company's financial reports give a true and fair view, in all material respects, of the Company's financial position and comply in all material respects with relevant accounting standards. This declaration also confirms that the Company's financial reports are founded on a sound system of risk management and internal control and that the system is operating effectively in relation to financial reporting risks.

Corporate Governance Recommendation		Followed
Principle 5: Make timely and balanced disclosure		
5.1	A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.	Yes
5.2	A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made.	Yes
5.3	A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.	Yes

Commentary

The Continuous Disclosure Policy sets out the key obligations of directors, officers and employees in relation to continuous disclosure as well as the Company's obligations under the ASX Listing Rules and the Corporations Act. The policy also provides procedures for internal notification and external disclosure, as well as procedures for promoting understanding of compliance with the disclosure requirements for monitoring compliance. The policy is available on the Company's website.

Principle 6: Respect the rights of security holders		
6.1	A listed entity should provide information about itself and its governance to investors via its website.	Yes
6.2	A listed entity should have an investor relations program that facilitates effective two-way communication with investors.	Yes
6.3	A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.	Yes
6.4	A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.	Yes
6.5	A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.	Yes

Commentary

The Board's aim is to ensure that Shareholders are provided with sufficient information to assess the performance of the Company and to inform them of major developments affecting the state of affairs of the Company in accordance with all applicable laws. Information is communicated to Shareholders through the lodgement of all relevant financial and other information with the ASX as well as publishing information on the Company's website.

In particular, the Company's website contains information about the Company, including media releases and key policies. All relevant announcements made to the market and any other relevant information are posted on the Company's website after being released to the ASX (subject to applicable securities laws).

The Shareholder Communications Policy sets out the Company's aims and practices in respect of communicating with both current and prospective shareholders. The policy reinforces the Company's commitment to promoting investor confidence reflecting the matters set out in the commentary and guidance for Recommendation 6.2 and is designed to promote and facilitate effective two-way communication with investors.

Commentary

The Audit and Risk Committee consist of two members and is chaired by Mr Ho. The Company is at variance with Recommendation 7.1 in that the Committee does not have three members and does not consist of a majority of independent Directors. However, the Board considers this composition is appropriate given the current size of the Company. Details of the qualifications and experience of Committee members, and the Committee meeting and attendance details for the reporting period are set out in the Directors' Report of the FY25 Annual Report. The Audit and Risk Committee Charter is available on the Company's website.

The Board has adopted a Risk Management Policy which sets out the Company's system of risk oversight, management of material business risks and internal control. The Company's risk management framework is supported by the Board, Management and the Audit and Risk Committee. The Board is responsible for approving and reviewing the Company's risk management strategy and policy. Management is responsible for monitoring that appropriate processes and controls are in place to effectively and efficiently manage risk. The Audit and Risk Committee also has delegated responsibilities in relation to risk management and the financial reporting process as set out in the Audit and Risk Committee Charter. The Company specifically recognises that this approach to managing risk is appropriate considering the small size of the Management team. The Risk Management Policy is available on the Company's website.

The Company does not presently have an internal audit function. However, the Board and Management continually monitor and endeavour to improve the effectiveness of the Company's risk management and internal control procedures. The Audit Committee and its interaction with the Company's external auditor also provide additional oversight of this area.

The Company is exposed to material environmental risks in its normal course of operations which is consistent with other participants in the agricultural industry. These risks are reviewed and managed through the Company's orchard management plan but cannot be fully mitigated. The Board does not consider the Company to have any material exposure to economic or social sustainability risks at this time. An informal review of the risk management framework was undertaken during the reporting period and as the nature of the business had not changed, the material business risks of the Company remain substantially unchanged.

Corporate Governance Recommendation		Followed
Principle 8: Remunerate fairly and responsibly

¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
