# HYBRID MEETINGS ALLOW YOU TO ATTEND IN PERSON OR USE VIRTUAL TECHNOLOGY

In 2021, Wellard's amended its constitution to require the Company to hold hybrid general meetings. This means that Wellard will host this Annual General Meeting of shareholders (AGM) "in person" at the venue announced and will stream the AGM via a live webcast allowing Shareholders to participate in the AGM from anywhere in the world. Your participation by either method will allow you to be included in the proceedings of the meeting, to ask questions, and to cast your votes.

We welcome your participation in whatever manner best suits you.

Shareholders will note that amended Australian laws

- deem persons participating via virtual technology to be present at the meeting;
- confirm that virtual technology may be used to provide persons a reasonable opportunity to speak at the meeting, and
- allow notices of meeting, and other information regarding a meeting, to be provided by including it in an electronic communication or providing details of an online location where it can be viewed and downloaded.

For the health, safety and wellbeing of all attendees, Wellard will be observing any government requirements that might apply based on COVID-19 or any similar public health circumstances as may arise at the time of holding of our AGM.

## SHAREHOLDER PARTICIPATION

## TECHNICAL DIFFICULTIES

Technical difficulties may arise during the course of the AGM. The Chairman has discretion as to whether and how the AGM should proceed in the event that a technical difficulty arises. In exercising this discretion, the Chairman will have regard to the number of shareholders impacted and the extent to which participation in the business of the AGM is affected. Where the Chairman considers it appropriate, the Chairman may continue to hold the AGM and transact business, including conducting a poll and voting in accordance with valid proxy instructions.

For this reason, ALL shareholders are encouraged to submit their voting instructions via <https://au.investorcentre.mpms.mufig.com> before the AGM, whether they attend in person or if they plan to attend the AGM online. Voting instructions in the lead up to the AGM, whether submitted online or in hard copy, must be received by the Company's share registry, MUFG Corporate Markets (AU) Limited by 10.00am (WST) on Wednesday, 12 November 2025 (refer to the instructions on the Proxy Form).

# EXECUTIVE CHAIRMAN'S LETTER TO SHAREHOLDERS

Dear Shareholder,

The Annual General Meeting (**AGM**) of shareholders of Wellard Limited (**Wellard** or **Company**) will be held both in person at the Company's Fremantle offices, and as a virtual meeting on Friday, 14 November 2025 at 10.00am (WST). The Notice of Meeting follows this letter.

## WELLARD'S ANNUAL RESULTS AND WELLARD'S FUTURE

Wellard released its audited annual financial results on 28 August 2025. Full details are available in our FY2025 Annual Report, [which can be found on our website](#).

Following the sale of the last of Wellard's livestock vessels, the M/V Ocean Drover, on 19 August 2025, AU\$0.15 per share (approx. AU\$7.97 million) was returned to shareholders.

As discussed in our recent Annual Results announcement, the Board now seeks shareholder approval to Delist Wellard Limited from the ASX. Following the sale of the Company's last remaining revenue generating assets, and in the absence of a new opportunity for the Company, the Board is of the opinion that there is insufficient benefit from remaining listed. The full reasons for this Delisting proposal are set out in the Explanatory Memorandum accompanying this Notice of Meeting.

The operating costs of the Wellard Group have been even further rationalised following the sale of the Ocean Drover, particularly the closure of our former principal financial and operational hub in Singapore. I extend the Board's thanks to the Wellard staff and management who have remained with the Group over the last year, but who will now be leaving after long periods of service.

Assuming shareholders approve the Delisting, the Company will continue to be owned by its shareholders and managed by its Board. Wellard Limited has over 660 shareholders at the time of writing, and there will still be costs involved in maintaining Wellard as an unlisted public company.

The Board proposes to end the 2025 calendar year with a minimalist structure, and retain sufficient funds to operate. It is expected that the Brett Cattle Class Action, in which Wellard remains a claimant, will be brought to a successful conclusion within three years, either by commercial settlement with the Commonwealth or by finalisation of the claim through the Federal Court of Australia.

It remains impossible to accurately provide shareholders with any certainty as regards either the timing or quantum of the claim that Wellard may achieve. The Board is currently of the view that the benefits of remaining an unlisted public company outweigh a current liquidation of the Company. This position will be subject to review as the claim progresses. A more detailed discussion of the Brett Cattle Class Action can be found in the Explanatory Memorandum.

## A FURTHER CAPITAL RETURN OF AU\$ 1.5 CENTS PER SHARE IS PROPOSED.

A further capital return of AU\$0.015 per share is proposed to be made to shareholders. This takes into account the Company's budgeted needs and conservatively allows for sufficient funds for the resolution of the Brett Cattle Class Action.

Subject to approval by shareholders at this Annual General Meeting, this represents the third capital return to be made by the Company, with the total return since December 2024 being approx. AU\$98.3 million. The Board believes that this demonstrates the very strong result of Wellard's asset sales over recent years.

## HOW TO ATTEND THIS IMPORTANT ANNUAL GENERAL MEETING.

Under recent Australian legislation, this Notice of Meeting is valid when provided to you electronically. You will also be e-mailed a link to online voting.

You are welcome to attend in person. Following shareholders' 2021 decision to make all of Wellard's AGM's "hybrid", we provide you with the ability to also participate at the AGM via a live webcast. This facility will allow shareholders to register their attendance, hear and view the meeting proceedings and slides presented during the meeting, and vote and ask questions.

Continued over/

## SHAREHOLDERS PARTICIPATING VIRTUALLY MUST PRE-REGISTER ONLINE TO ACCESS THE WEBCAST AT:

<https://attendee.gotowebinar.com/register/3905529523604262747>

Shareholders who attend in person can participate in the traditional manner. Shareholders who elect to participate virtually will be able to vote on resolutions during the AGM using an online voting platform, but we encourage you to cast your vote by proxy prior to the AGM. All Shareholders will also be able to ask questions during the AGM, but again are encouraged to submit any questions to the Company prior to the AGM (in accordance with the instructions set out on page 14 of the attached Explanatory Memorandum). The Chairman will address at the AGM as many as possible of the more frequently asked of these questions.

The Board takes seriously ASIC's guidelines regarding the ability of shareholders to participate in meetings. If you choose to participate virtually via the live webcast, we have established a process for you to submit questions and to have them answered during the AGM and cast votes prior to and during the AGM.

The Company strongly encourages all Shareholders to participate in the AGM by:

- a) **reading** the Notice of Meeting carefully;
- b) **attending** the AGM in person or via webcast;
- c) **submitting** any questions via email prior to the AGM, in accordance with the instructions in the Notice; and
- d) **voting** by proxy following the instructions set out in this Notice and returning your completed Proxy Form to the Company no later than 10.00am (WST) on 12 November 2025.

If you choose to join online, further details on how to participate are provided on page 14 of this Notice in the section headed "Webcast Facility & How to Vote During the AGM". Please also refer at any time to our website for documents and details relating to our AGM: <http://www.wellard.com.au/investor-centre/annual-general-meeting-reports/>.

## AGM RESOLUTIONS

I urge you to carefully consider all the resolutions to be decided at our AGM.

The resolutions relating to the Remuneration Report (Resolution 1) and re-election of Director (Resolution 2) are standard for an AGM. The subsequent resolutions are very important and require your careful consideration.

As I have mentioned above, Resolution 3 asks shareholders to approve the Delisting of Wellard Limited from the ASX. The Board believes this is in the best interests of the Company and all shareholders. A full explanation of the consequences of Delisting from the ASX, and an outline of the Company's strategy thereafter can be found in section 8 of the Explanatory Memorandum (p.17).

Resolution 4 seeks approval of a further capital return of AU\$ 1.5 cents per share to all Wellard shareholders, which funds are available based on the Board's strategy of taking the Company into an unlisted, minimal operations environment. The Board is pleased to be able to offer shareholders a return on your investment in Wellard, and encourages you to support this resolution. You should read section 9 27 (p.27) of the Explanatory Memorandum to fully understand this resolution

The Chairman has resolved to vote all undirected proxies IN FAVOUR of all resolutions.

On behalf of the Wellard Board, I look forward to seeing you at our AGM.

**John Klepec**  
Executive Chairman

## 6. RESOLUTION 1 – REMUNERATION REPORT

In accordance with section 250R(2) of the Corporations Act, the Company must put the Remuneration Report to the vote of Shareholders. The Directors' Report contains the Remuneration Report which sets out the remuneration policy for the Company and the remuneration arrangements in place for the executive Directors, specified executives and non-executive Directors.

Resolution 1 is an ordinary resolution and is required by Australian law. In accordance with section 250R(3) of the Corporations Act, Resolution 1 is advisory only and does not bind the Directors of the Company. If Resolution 1 is not passed, the Directors will not be required to alter any of the arrangements in the Remuneration Report.

The Chairman will allow reasonable opportunity for Shareholders to ask questions about or comment on the Remuneration Report.

### 6.2 VOTING PROHIBITION

A vote on Resolution 1 (Acceptance of the Remuneration Report) must not be cast:

- (a) by or on behalf of a member of the Key Management Personnel whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such member, regardless of the capacity in which the vote is cast; or
- (b) by a person appointed as a proxy, where that person is either a member of the Key Management Personnel or a Closely Related Party of such member.

However, a vote may be cast by such persons if the vote is not cast on behalf of a person who is excluded from voting on Resolution 1, and:

- (a) the person is appointed as a proxy that specifies the way the proxy is to vote on those Resolutions; or
- (b) the person is the Chairman and the appointment of the Chairman as proxy does not specify the way the proxy is to vote on those Resolutions, but expressly authorises the Chairman to exercise the proxy even if those Resolutions are connected with the remuneration of a member of the Key Management Personnel.

## 6.3 PROXIES AND DIRECTORS' RECOMMENDATION

### RECOMMENDATION:

The Board unanimously recommends Shareholders approve Resolution 1 to accept the Company's FY2025 Annual Report.

The Chairman intends to exercise all available proxies in favour of Resolution 1.

If the Chairman is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 1, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention, even though the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

## 7. RESOLUTION 2 – RE-ELECTION OF MR JOHN KLEPEC

### 7.2 NEW BOARD STRUCTURE ASSUMING ASX DELISTING IS APPROVED.

As discussed in further detail below in relation to Resolution 2 relating to the proposed Delisting of Wellard Limited, a smaller and less expensive Board is proposed for Wellard Limited.

Mr. Klepec has been Executive Chairman of Wellard Limited, and due to the Company's proposed Delisting and in line with the Company's Constitution, will stand down and offer himself for re-election as Director. Shareholders will recall that Mr John Stevenson was re-elected by shareholders at the Company's 2024 Annual General Meeting.

Under Australian law, the Company requires three directors, two of whom are normally resident in Australia. Assuming shareholders approve the Delisting of Wellard Limited from ASX, Mr Philip Clausius and Mr Kanda Lu will retire as Directors of the Company. Mr Michael Silbert, currently Company Secretary, will become a third Australian Director.

The agreement for Mr Klepec to provide Consultancy Services in an executive capacity as Executive Chairman will cease on 31<sup>st</sup> December 2025. There are no termination benefits or incentive payments to Mr Klepec.

### 7.3 SUMMARY OF RESOLUTION 2 – RE-ELECTION OF MR KLEPEC AS DIRECTOR

Resolution 2 is an ordinary resolution that seeks Shareholder approval for the re-election of Mr. John Klepec to the Board of the Company.

### 7.4 BACKGROUND TO RESOLUTION 2

Mr John Klepec (B.Comm) has been Executive Chairman of Wellard since April 2018 and if re-elected will be a non-independent Managing Director.

John Klepec has over thirty years commercial management experience across a range of industry groups including construction, resources, media, health care, logistics, transport, shipping, livestock trading, construction materials, building products and agriculture.

He has considerable public company experience, including, most recently being appointed as Chairman of Fleetwood Limited since March 2021.

Mr Klepec was previously the Chief Development Officer for Hancock Prospecting from 2010 to 2016, and prior to that held senior management positions with major Australian publicly listed companies BHP Billiton Limited, Mayne Group Limited and with the private BGC Group. He is also a previous Non-Executive Director of Ten Network Holdings Limited.

From his prior successful executive and Board roles Mr Klepec brings extensive financial expertise, corporate development, operational leadership and strategic thinking to any commercial position.

Resolution 2 seeks approval from Shareholders for the re-election of Mr. John Klepec.

### 7.5 CONSTITUTION

The Constitution (Rule 11.7) provides that no director (other than a managing director) may retain office (without re-election) for more than three years or past the third annual general meeting following the director's appointment, whichever is the longer.

Given the proposed Delisting from ASX and the impending retirement of Messrs Kanda Lu and Mr Philip

Clausius, Mr Klepec will voluntarily stand aside and offer himself for re-election notwithstanding the normal exclusion that his carrying out the duties of a Managing Director would afford him.

## 7.6 GOVERNANCE, PROXIES AND DIRECTORS' RECOMMENDATION

The Chairman will hand over the running of the AGM in respect of this resolution to Mr Stevenson, to ensure good governance. As Chairman of the meeting for the purpose of this resolution, Mr Stevenson intends to exercise all available proxies IN FAVOUR of Resolution 2.

### RECOMMENDATION:

The Board unanimously recommends Shareholders approve Resolution 2 to re-elect Mr John Klepec as Director of the Company for the reasons set out in this Explanatory Statement.

The Board (excluding Mr. Klepec, who abstains because of his interest in the outcome of the Resolution) supports the re-election of Mr. Klepec recommends that Shareholders vote IN FAVOUR of Resolution 2.

## 8. RESOLUTION 3 – DELISTING FROM AUSTRALIAN SECURITIES EXCHANGE (ASX)

### 8.1 OVERVIEW

The Company seeks approval of Shareholders to remove the Company from the official list of ASX (Official List).

The Company has submitted a formal request to ASX to be removed from the official list of ASX under Listing Rule 17.11.

In response, the ASX has subsequently confirmed it will remove the Company from the Official List pursuant to Listing Rule 17.11, subject to compliance with the following conditions:

- (a). the request for removal of the Company from the Official List is approved by special resolution of the Company's shareholders;
- (b). the notice of meeting seeking Shareholder approval for the Delisting must include (in a form and substance satisfactory to ASX):
  - (i) a timetable of key dates, including the time and date at which the Company will be removed;
  - (ii) a statement to the effect that the Delisting will take place no earlier than one (1) month after the approval is granted;
  - (iii) a statement to the effect that if Shareholders wish to sell their securities on ASX, they will need to do so before the Company is removed from the Official List of ASX, and if they do not, details of the processes that will exist after the Company is removed from the Official List to allow Shareholders to dispose of their holdings and how they can access those processes; and
  - (iv) to the satisfaction of ASX, the information prescribed in section 2.11 of ASX Guidance Note 33;
- (c). the Delisting must not take place any earlier than one (1) month after Shareholder approval has been obtained so as to allow the Shareholders sufficient time to sell their Shares on ASX if they wish to do so;
- (d). the Company must apply for its securities to be suspended from quotation at least two (2) Business Days before the Delisting date; and
- (e). the Company must release the full terms of ASX's decision to the market upon making a formal application to ASX for the Delisting.

As is usual practice, ASX has imposed a requirement under Listing Rule 17.11 and Guidance Note 33 – *Removal of Entities From the ASX Official List*, that the Company obtain Shareholder approval for the Delisting.

In accordance with the conditions as stated above:

- (a). This Resolution 3 seeks Shareholder approval via a special resolution for the Delisting of the Company from the Official List; and
- (b). the timetable that will be followed for the Delisting of the Company from the Official List has been outlined in section 8.7. below.

The proposed Delisting is considered by the Directors to be in the best interests of the Company for the reasons set out in this Explanatory Statement, particularly at section 8.2.

The removal of the Company from the Official List may be perceived to have some disadvantages for Shareholders. Possible disadvantages are set out in section 8.5. of this Explanatory Statement.

The removal of the Company from the Official List will mean the Company is no longer subject to regulation under the Listing Rules. The implications of this are described in section 8.5.2

If Resolution 3 is passed, the Company will be able to proceed with the Delisting which is expected to occur on or around 17 December 2025. Following the Delisting, the Shares will no longer be listed, and capable of being traded, on the ASX.

If Resolution 3 is not passed, unless a subsequent proposed removal of the Company from the Official List is approved by Shareholders, the Company will remain on the Official List and its Shares will remain tradeable on the ASX for a relatively short period of time, however **shareholders should note that ASX indicated that it may suspend Wellard Limited in February 2026 if it is unable to meet the Chapter 12 requirements to maintain a sufficient level of operations.** This is discussed in more detail in section 8.2.2 below.

The Board recommends that Shareholders seek legal, financial and tax advice about the potential impact of this Resolution 3, including the potential advantages and disadvantages of holding shares in a company that is not listed on ASX.

## 8.2 SUMMARY OF KEY REASONS FOR SEEKING APPROVAL TO DELIST AND RELATED ADVANTAGES

Following a detailed review, the Board of Directors of the Company have unanimously determined that the Delisting is in the best interests of shareholders for the following reasons:

### 8.2.1 NO ONGOING REVENUE GENERATING ASSETS

The principal reason for Delisting is the sale of the Wellard Group's last revenue generating asset – the livestock vessel "M/V Ocean Drover" that was successfully completed on 19 August 2025.

Shareholders received a capital return of 15 cents-per-share (AU\$) on 28 August 2025, being a return to shareholders of the whole of the sale proceeds. The Board considers this an exceptional result for Wellard's shareholders.

Unless there is an intervening event or opportunity after the dispatch of this Notice of Meeting, Wellard will have no material operations and no significant revenue generating business. Wellard has insignificant debt mainly related to the Fremantle office lease, which is in the process of being closed. The Singapore office was closed at the end of September 2025.

Assuming that shareholders approve the Delisting, Wellard proposes to make a further return of excess cash to shareholders, as set out in the section 9 below, whilst retaining sufficient cash reserves for approximately three years to support the Delisted entity in a minimal operational setting.

### 8.2.2 ASX CHAPTER 12 AND RELATED REQUIREMENTS

ASX Chapter 12 Listing Rules require listed companies to maintain a level of operations sufficient, in ASX's opinion, to warrant the continued quotation of the entity's securities and its continued listing.

Additionally, if half or more of an entity's total assets comprise cash or a form readily convertible to cash, ASX may suspend quotation of the entity's securities until it invests those assets or uses them for the entity's business.

Without a material corporate transaction or business opportunity arising in the short term, the Company will not meet ASX's Chapter 12 requirements, and whilst Directors remain open to such opportunities, they do not consider it optimal for Wellard to retain listed company status.

**When granting its approval for the proposed Delisting, ASX indicated that it may suspend Wellard Limited in February 2026 if it is unable to meet the Chapter 12 requirements.**

Wellard's main undertaking, for the purposes of the ASX's Listing Rules, has been livestock logistics. Given the sale of Wellard's assets, and the Board's view that there is a low likelihood of Wellard identifying a new business opportunity in the livestock logistics business category in the short term. It is probable that should a new business opportunity be presented, will be in a new business category, and therefore require Wellard re-complying with ASX's Chapter 11 admission and quotation rules in any case.

Put simply, assuming that a new opportunity requires a stock exchange listing, the most likely way forward will require reissuing an ASX compliance document – possibly a prospectus or equivalent – to shareholders, and seeking approval for the new business undertaking. The Board's present recommendation to Delist will result in significant costs reductions and still allow for a potential future re-compliance event, should such opportunity arise and present a compelling offering for shareholders.

### 8.2.3 COSTS SAVINGS IN A DELISTED WELLARD LIMITED

#### Budget

The Board recognises that the Wellard entity needs to remain sufficiently funded to cover its ongoing operational

and financial requirements which are anticipated to be minimal and to maintain the Company as a going concern.

The Board has chosen as a conservative period of time within which there may be a positive resolution of the Company's claim as part of the Brett Cattle Company Class Action, which is further discussed below in section 8.3.

Note that together with Wellard Limited, the Company's 100% owned Australian subsidiary, Wellard Rural Exports Pty Ltd is a claimant in the Brett Cattle Class Action, and will be preserved after Delisting.

Following the payment of the AU\$0.015 capital return and costs associated with the closure of operations the Company will have an expected cash balance of approximately AU\$5.0M. This conservative approach taken is expected to leave an ability to make a final capital return to shareholders upon final liquidation, even in the absence of any receipts from the Brett Cattle Class Action.

### Directors & Officers

Under Australian law, a public unlisted company must have a minimum of three directors, with at least two of them normally residing in Australia.

As at 30 June 2025, Wellard Limited's officers comprised four Board Members and one part-time Company Secretary, with a total annual cost of AU\$0.8 million, inclusive of Executive Director Consultancy Fees (for Mr. Klepec's role as Executive Chairman), Board and Committee fees.

Assuming shareholders approve the Delisting, from 1 December 2025, only three Board Members, one of whom will also be the Company Secretary will remain in office. Mr Klepec will no longer charge Consultancy Fees for the role of Executive Chairman. Mr Stevenson, Mr Silbert and Mr Klepec will receive only Board Fees and no Committee fees will be paid.

It is proposed that Mr Klepec will continue as the nominated Managing Director of Wellard Limited, and that Mr Stevenson will be Finance Director. Mr Silbert will continue in his role as Company Secretary.

Mr Clausius and Mr Lu will retire after the final Delisting of Wellard Limited from ASX. There are no exit bonuses, redundancy costs or similar payable to an outgoing Director.

#### 8.2.4 ONGOING COMPLIANCE AS A DELISTED ENTITY

Wellard will be an unlisted public company after Delisting from ASX. It will remain a public company for as long as it has more than 50 non-employee shareholders. Wellard has approx. 660 shareholders at the time of this Notice of Meeting.

As an unlisted public company, there are ongoing governance and compliance obligations on Wellard.

The Board is bound by the normal Australian Director's Duties, as required under the Corporations Act (C'th), and the attendant fiduciary responsibilities to act in the best interests of shareholders, including to safeguard shareholder's remaining cash, and to potentially seek and receive future business opportunities.

There will be ongoing compliance costs for the Company as a consequence, including:

#### Maintain Share Register

Wellard Limited will maintain its share register, to ensure that all holdings are maintained accurately. At this stage, the Board has not identified a suitable non-ASX platform for shareholders to buy or sell their holdings, but should one be identified, and in the event that there is sufficient demand from shareholders, this may be facilitated in future. Please see section 8.5.1 further as regards the future trading of Wellard Limited shares.

#### Financial Reporting Obligations

Wellard will still be required to conduct both half-year financial reviews and full-year audits. It is proposed to continue with Moore Australia as the Company's auditor. There will be audit fees, although these are likely to be less than the current public company, operating business fees.

An Annual Report will be produced, but will be less intensive as it will no longer be required to meet ASX Listing Rules Governance Standards. Directors will decide the extent to which certain sections might be required in the post-ASX environment.

#### Meetings

Wellard Limited will still be required to hold an Annual General Meeting for shareholders.

### Public Availability:

A registered office must be publicly accessible during certain hours, and the Company's constitution must be available to shareholders. Management is investigating an appropriate low-cost solution for the registered office.

### Continuous Disclosure

If the Delisting is approved by Shareholders, the disclosure requirements under the Listing Rules will no longer apply to the Company.

Post Delisting, Wellard will be a disclosing entity and governed by the Corporations Act, including s 675 which requires the prompt disclosure of material information that is not generally available and that a reasonable person would expect to have a material effect on the price or value of the entities' securities.

Such disclosure must be made to ASIC, and will also be posted on Wellard's website, which will be maintained. Shareholders are encouraged to monitor the Company's website.

In addition, Wellard will re-establish an email broadcast mailing list for interested shareholders who wish to be alerted to any ad-hoc disclosures, and to the Company's standard half-year and full-year financial statements and Annual Reports.

The Corporations Act disclosure requirements will apply to the Company post-Delisting until such time as it is no longer an "unlisted disclosing entity". Under the Corporations Act, an "unlisted disclosing entity" is required to have its financial report for a financial year audited, and its half year financial report audited or reviewed by an auditor.

After Delisting, should the Company's shareholder number fall below 100, the Company may cease to be an "unlisted disclosing entity", and there would be no ongoing requirement for the Company to have its financial reports audited.

### Wellard's Constitution continues to apply

Wellard's Constitution is a very important governance document for the ongoing management of the Company, and will continue to apply post Delisting.

Whilst the Company is listed on ASX, the Constitution requires that the ASX's Listing Rules will apply and have precedence in the event of any conflict with the constitution. After Delisting, those requirements to comply with ASX Listing Rules fall away. As discussed above, however, that does not mean that governance safeguards such as the maintenance of a share register; strict financial reporting obligations, shareholder meetings, and continuous disclosure will disappear. These are replaced by the equivalent obligations imposed by the Corporations Act (C'th).

Wellard's Constitution is available to shareholders on the Company's website under the Corporate Governance tab at: <https://www.wellard.com.au/corporate-2/corporate-governance/>

### Board Sub-Committees

After Delisting, the current Board Sub-Committees will no longer be maintained, and the responsibilities of those sub committees will instead be carried out by the Board.

The principal sub-committees currently comprise:

- Audit Risk & Compliance Committee
- Nomination & Remuneration Committee

There will be no fees payable to Directors for committee membership.

### Directors' Duties, Governance Practices & Policies

As Directors of an Australian unlisted public company, Wellard's Directors must uphold their duties under the Corporations Act (C'th) 2001 and common law, which include acting with care and diligence, in good faith for the Company's best interests and proper purpose, and avoiding conflicts of interest or improper use of their position and company information.

Directors are also responsible for preventing the Company from trading while insolvent, ensuring financial records are accurate, and must disclose any personal interests

The Board will continue to maintain its principal governance policies, but these will be amended to adjust for the Company's Delisted status. This adjustment work has not yet been carried out, pending the shareholders' final decision on Delisting.

At present, these policies are:

- Code of Conduct
- Board Charter
- Continuous Disclosure Policy
- Shareholder Communications Policy
- Securities Trading Policy
- Constitution
- Anti-Bribery and Corruption Policy
- Whistle-blowing Policy
- Related Party Transactions Policy

Given the minimised size of the Company, the Board does not intend to continue with:

- Diversity Policy (there will be no employees)
- Animal Welfare Policy (there will be no livestock handling or management)

All policies which continue will be available on the Company's Website.

### 8.3 THE BRETT CATTLE CLASS ACTION

In the context of the proposed Delisting, it is important for Shareholders to understand the status of the Company's ongoing claim in the Brett Cattle Class Action.

Wellard has made consistent ASX disclosure in respect of this matter since the Federal Court found in favour of the class, represented by the Brett Cattle Company, on June 2, 2020, ruling that the Commonwealth's 2011 ban on live cattle exports to Indonesia was unlawful and that the minister at the time had committed misfeasance in public office by doing so. In 2011, Wellard was Australia's largest exporter of live cattle to Indonesia, and its trade was immediately impacted.

In Wellard's FY2025 Annual Report, the Company stated that following the sale of both the M/V Ocean Ute and the M/V Ocean Drover in FY2025 and subsequent capital returns of sales proceeds to shareholders, the only current potential revenue for the Company is the proceeds from the Brett Cattle Class Action against the Australian Government to which Wellard is a listed claimant.

Whilst the Brett Cattle Class Action remains ongoing, the Board believes there is a reasonable expectation of a financial positive benefit for shareholders if Wellard remains in existence as a company.

Shareholders should note that certain details in respect of Wellard's position are confidential and subject to legal privilege. The following information is provided in that context.

#### 8.3.1 BACKGROUND

Since the 2020 Federal Court decision referred to above, the individual members of the class are required to prove the extent of their damages in order to be eligible for a payment. The Commonwealth has resisted volunteering any payment, and has not made an offer of settlement which has been considered acceptable by class members.

The matter continues to be litigated in the Federal Court, and has recently been subject to an interim decision which has limited the period that claimants are eligible to compensation to one year, being 2011. This decision is being appealed by the class and the position is not final, but until the outcome of that appeal is known the Board considers that this decision has had a material negative impact on the claim being made including that of Wellard. This position could change. The appeal is unlikely to be heard until March 2026.

Progress on this matter remains slow for Wellard and all other class members. The Federal Court has ordered the parties to proceed concurrently by way of both mediation and Court process to resolve various foundational issues that remain in dispute.

In the Board's opinion, a negotiated settlement with the Commonwealth would be the preferred outcome, rather than a much lengthier, fully litigated process.

At present, the concurrent processes (mediation and litigation) are being undertaken in an attempt to try to reach a global settlement sum and to minimise unnecessary delay. A global settlement would allow a much quicker determination of distribution amongst the class participants.

#### 8.3.2 WHAT IS THE CLAIM COSTING?

There are currently no out-of-pocket costs to Wellard in pursuing the Brett Cattle Class Action claim.

At the date of this Explanatory Memorandum, the Board cannot estimate or speculate about the potential financial settlement (inclusive of costs and disbursements), in relation to the Brett Cattle Class Action, which is funded by the Australian Farmers' Fighting Fund (AFFF).

Effectively, the AFFF is acting as a litigation funder, with funding arrangements set out in a funding agreement to which Wellard Limited is a signatory. The agreement is confidential, however Wellard can advise that if there are eventually proceeds from the Brett Cattle Class Action, the AFFF has a right to be refunded certain amounts out of those proceeds.

### 8.3.3 WHAT IS THE VALUE OF WELLARD'S CLAIM?

Given the current information and stage of the proceedings, the outcome of the litigation is too indefinite to provide any accurate estimate in relation to an ultimate outcome for Wellard.

It is not possible to attribute any current value to any damages claim that could be eventually received and the Board cannot make any statement about its expectations regarding the potential payment that may or may not be received, nor the timing that any outcome might be expected. Wellard has not made any provision or contingency in its accounts in respect of the claim.

### 8.3.4 WHAT IS THE TIMING AND STATUS OF THE LEGAL PROCEEDINGS?

The timeline for any outcome through the Federal Court will extend to beyond the date for which the above appeal is set down and determined. The appeal may not be heard until March 2026.

There remains a possibility that the parties may reach a settlement agreement with the Commonwealth, however there is no current indication that this would occur before the outcome of the appeal.

Wellard's Board and Shareholders may be in a better position to make a decision regarding the likelihood and value of the Brett Cattle Class action after determination of the abovementioned appeal. This decision may not be available until the latter half of calendar 2026.

If the Federal Court reverses its recent position, and opens the claim to a period longer than one year, the chances for Wellard to substantiate its damages claim for a longer period of time will be increased.

The Board appreciates the current uncertainty in this position, however, believes that the current strategy of Delisting and making provision for a three-year period during which the Brett Cattle Class Action might be actively pursued is in the best interests of shareholders. This position will be reviewed again following the appeal when the Board will be in a stronger position to make a decision to continue or to liquidate the Company and return all remaining cash to shareholders.

## 8.4 OTHER REASONS FOR SEEKING APPROVAL TO DELIST AND RELATED ADVANTAGES

There are other reasons that Wellard's Board considers that it is not optimal to remain a listed entity. These include the issues discussed below, and in the absence of an ongoing revenue-generating business, the Board considers these reasons alone would be sufficient to justify the Delisting of Wellard Limited from ASX.

### 8.4.1 COMPANY VALUATION

At present, the valuation of the Company is represented by its cash position and the potential value of a future claim from the Brett Cattle Class Action, which is unable to be quantified. This latter prospect creates significant uncertainty, and effectively means that there could be no or very limited value in the context of a company valuation.

In these circumstances, should the Company seek to raise funds in the future whilst listed on the ASX, investors have a low ability to calculate a valuation for the business, and therefore to assess the pricing of a capital raising. This would likely impose a higher dilutionary cost on non-participating shareholders than if the Company was more fairly valued. The Board also considers that the Company may have access to a different and potentially broader range of specialist investors as an unlisted public company.

### 8.4.2 LACK OF LIQUIDITY

As at the date of this announcement, the beneficial owners of the Company's top ten shareholders hold or control approximately 77.58% of its total shares<sup>1</sup>.

There has been a significant lack of liquidity in trading in the Company's shares on ASX, as evidenced by the following statistics:

MONTH	TOTAL VOLUME ('000)	DAILY AVERAGE VOLUME ('000)	TOTAL VALUE (AU\$ '000)	DAILY AVERAGE VALUE (AU\$)	TURNOVER %	NUMBER OF TRADES
Sept 2025	13,289	604	580	26,383	2.50	627
Aug 2025	11,127	532	342	16,304	2.10	158
July 2025	50,794	2,208	1,442	62,684	9.56	234
June 2025	8,544	427	244	12,214	1.61	109
May 2025	20,290	922	573	26,059	3.82	157

<sup>1</sup> A beneficial owner is the ultimate owner of shares, whether those shares are registered in the owner's name directly, or under a nominee name

MONTH	TOTAL VOLUME ('000)	DAILY AVERAGE VOLUME ('000)	TOTAL VALUE (AU\$ '000)	DAILY AVERAGE VALUE (AU\$)	TURNOVER %	NUMBER OF TRADES
April 2025	44,538	2,344	1,259	66,247	8.38	179
March 2025	85,780	4,085	2,336	111,000	16.15	328

Oct 2024	18,920	823	152	6,592	3.56	79

Recent trading history shows generally very low volume trading in the Company's shares on ASX.

#### 8.4.3 DISPROPORTIONATE IMPACT ON PRICE

Whilst there have been higher trading volumes in January 2025, when the Company announced the sale of the M/V Ocean Drover, and in March 2025, when the Notice of General Meeting of Shareholders explaining the rationale for the sale was released, the general level of interest in WLD shares has remained low overall.

When only small numbers of the Company's shares are being traded on ASX, this has on occasion had a disproportionate impact on the share price. A low value trade or a trade in a small number of Company's shares can have a marked impact on the official ASX market price, and there is a risk that a trade of only a few Company shares could cause the reported price to change significantly as some recent trades have proved. This potential volatility could make it difficult for investors to make an accurate assessment of the actual value of their Company shares and increase exposure to a person effecting trades with the intention of manipulating the reported price.

In addition, such small trades disproportionately affect the total market capitalisation of the Company, leading to volatility and difficulties when discussing potential strategic transactions which may involve an assessment of the asset value of the Company.

#### 8.4.4 LISTING COSTS

The Company believes that the ongoing administrative, compliance and direct costs associated with the Company's ASX listing are disproportionate to the benefits of remaining listed.

In addition, there are indirect costs associated with the need to devote management time attending to matters relating to the ASX listing. The Board believes that without an ongoing revenue generating business, the cost, time and attention required to maintain the Company's ASX listing is not justified.

In a Delisted environment, the Board can maintain Wellard and assess future opportunities, as well as await the progress of the Brett Cattle Class Action. The Board sees in particular where the Company sees little tangible benefit from being a listed company at present.

### 8.5 CONSEQUENCES OF DELISTING

The consequences for the Company and its security holders if the Company is removed from the Official List are as follows:

#### 8.5.1 INABILITY TO TRADE THE COMPANY'S SHARES ON ASX

If the Company is unlisted, Shareholders will no longer have the ability to buy and sell shares in the Company on the ASX. This means that there will no longer be a readily accessible market and mechanism to buy and sell the Company's shares. Shares will only be able to be sold by way of private transaction. There will be difficulties finding a buyer for Shares if Shareholders wish to sell them.

There are also restrictions under the Corporations Act on a potential buyer's ability to make unsolicited offers to buy Shares from a Shareholder (section 1019C and following). These requirements, for example, impose an obligation on a potential purchaser in an unlisted context to provide a fair estimate of the value of the Shares and an explanation of the basis on which that estimate was made.

#### 8.5.2 REMOVAL OF ASX LISTING RULES PROTECTION

The ASX Listing Rules will cease to apply to the Company once Delisted and Shareholders will not have the benefit of protections inherent in the ASX Listing Rules. These include restrictions relating to:

- (i) disclosures on issuing of Shares and other Securities (Listing Rule 3);
- (ii) ASX corporate governance principles (Listing Rule 4); and

(iii) making significant changes to the nature or scale of the Company's activities (Listing Rule 11).

However, Shareholders will continue to have the protections applicable to public companies under the Corporations Act. The relevant governance requirements of the Company's Constitution will remain in place.

While the Company continues to have in excess of 100 Shareholders, the Company will be an 'unlisted disclosing entity' for the purposes of the Corporations Act, and will therefore remain subject to the continuous disclosure provisions in section 675 of the Corporations Act, which require an entity to lodge certain material information with ASIC. Wellard will also release such disclosures via its website at [www.wellard.com.au](http://www.wellard.com.au)

The Company will also continue to be subject to obligations to prepare audited annual and half-yearly financial statements under Part 2M.3 of the Corporations Act and will be required to hold an Annual General Meeting at least once each calendar year and within five months after the end of its financial year in accordance with section 250N of the Corporations Act. Moreover, Shareholders will continue to receive the benefit of the protections under Chapter 6 (the Takeovers Provisions) of the Corporations Act (for so long as the Company has 50 shareholders or more).

### 8.5.3 RESTRICTION ON PUBLIC CAPITAL RAISING

If the Company is not listed on the ASX, it will not be able to raise funds on the ASX. The Company has not been able to raise funds on the ASX in recent years, and last accessed capital markets in April 2017. After Delisting, the Company will, however, be able to raise funds through the issue of Shares to existing or new Shareholders, subject to compliance with Chapter 6 of the Corporations Act.

## 8.6 SHAREHOLDERS' OPTIONS

If a shareholder of the Company considers the proposed Delisting to be contrary to the interests of the shareholders of the Company as a whole or oppressive to, unfairly prejudicial to, or unfairly discriminatory against a shareholder or shareholders, it may apply to the court for an order under Part 2F.1 of the Corporations Act. Under section 233 of the Corporations Act, the court can make any order that it considers appropriate in relation to the Company, including an order that the Company be wound up or an order regulating the conduct of the Company's affairs in the future.

If a shareholder of the Company considers the proposed Delisting involves "unacceptable circumstances", it may apply to the Takeovers Panel for a declaration of unacceptable circumstances and other orders under Part 6.10 Division 2 Subdivision B of the Corporations Act (refer also to Guidance Note 1: Unacceptable Circumstances issued by the Takeovers Panel). Under section 657D of the Corporations Act, if the Takeovers Panel has declared circumstances to be unacceptable, it may make any order that it thinks appropriate to protect the rights or interests of any person or group of persons, where the Takeovers Panel is satisfied that those rights or interests are being affected, or will be or are likely to be affected, by the circumstances.

## 8.7 INDICATIVE TIMETABLE

The proposed Delisting is subject to shareholder approval as a special resolution. All shareholders will be entitled to vote on the resolution.

The indicative timetable for the proposed Delisting is set out below. The timetable is indicative only and may change. After the AGM, an announcement will be made to the ASX confirming the applicable dates to the Delisting process. (see over)

EVENT	DATE
Formal application submitted to ASX	8 October 2025
Notice of Annual General Meeting (NOM) including resolution seeking shareholder approval for Delisting dispatched to shareholders,	13 October 2025
Annual General Meeting of Shareholders, including approval of Delisting	14 November 2025
Announcement of results of Annual General Meeting	14 November 2025
Suspension Date (date on which Wellard shares are suspended from trading on ASX)	15 December 2025
Delisting Date (date on which Delisting is expected to take effect)	17 December 2025

## 8.8 OTHER CONSIDERATIONS: HOW WILL DELISTING FROM ASX AFFECT WELLARD AND ITS INVESTORS?

In addition to the Summary of key reasons for seeking approval to Delist and related advantages set out in section 8.2 above, Wellard provides the following details for consideration:

### 8.8.1 SHARE NUMBERS AND SHARE CAPITAL

The Company has 531,250,312 Shares on issue as at the date of this Notice of Meeting. There are no other classes of AU\$ on issue in the Company other than the Shares and all Shares are fully paid. The Delisting will, of itself, have no impact on the number of Shares. If approved, the Company will continue to have 531,250,312 Shares on issue.

If approved, the proposed capital return (the subject of Resolution 4) will also not result in the cancellation of any shares in the Company. See section 9 for more details.

### 8.8.2 CONTROL OF THE COMPANY

As the Delisting does not result in the cancellation or transfer of any Shares, it will (all other matters being equal) not impact on the control of the Company.

Accordingly, there will be no impact on the existing control and ownership structure of Wellard after Delisting. Upon Delisting, the Company will continue to review its operations and cost structures.

### 8.8.3 ASSETS AND LIABILITIES

The Directors consider that the Delisting will not adversely affect the Company's capacity to meet its existing and anticipated obligations and pay its debts as and when they fall due. As noted above, the Directors believe that the Delisting will result in certain cost savings for the Company.

### 8.8.4 BUSINESS

Following Delisting the Company will adopt a minimal operations status. As described in this Explanatory Memorandum, the Board will continue to assess any future business opportunities which might present to the Company, however absent any such opportunity, its principal interest will be as a claimant in the Brett Cattle Class Action, which is discussed in detail in section 8.3.

### 8.8.5 EFFECT ON CREDITORS

Having regard to the Company's current, anticipated and contingent financial requirements, the Directors have assessed that the Delisting will not adversely impact the rights of the Company's creditors or the ability of the Company to pay its debts as and when they fall due. As discussed above, the Directors believe that Delisting will afford certain cost savings to the Company.

### 8.8.6 DISCLOSURE OF SHARE PRICE

The Company's Share price and trading history will no longer be available on the ASX website or newspapers and stock ticker services;

### 8.8.7 CONTINUED REGULATION

While the Listing Rules will cease to apply to the Company, Shareholders will retain the protections afforded to them under the Corporations Act. The Company will continue to be subject to its obligations

under the Corporations Act and the Company's Constitution including:

- (a). while the Company has 100 or more Shareholders, the Company will still be required to give continuous disclosure of material matters in accordance with the Corporations Act by filing notices with ASIC under section 675 of the Corporations Act and the Company will still be required to lodge annual audited and half-yearly financial statements in accordance with the requirements of the Corporations Act (see further below);
- (b). while the Company has 50 or more Shareholders, the acquisition and control of Shares will still continue to be subject to the takeovers provisions Chapter 6 of the Corporations Act; and
- (c). the majority of the provisions of the Constitution will be not affected by the Company ceasing to be listed and there is no present proposal to change the Company's Constitution following the de-listing.

#### 8.8.8 SHARE TRADING

If shareholders wish to sell their securities on ASX, they will need to do so before the Company is removed from the Official list of ASX.

Shareholders will be able to trade their Shares on ASX between the date of this Notice of Meeting and the Suspension Date (see the Indicative Timetable on page 25). Shareholders wishing to trade their Shares after this period will be entitled to transfer their Shares off-market to a willing third-party purchaser in accordance with the Company's Constitution. Such a third-party market may not be liquid and Shareholders will be personally responsible for sourcing potential purchasers of their Shares.

As indicated above, whole of company transactions where an offer is made to all shareholders, for example a takeover bid or a scheme of arrangement would still be undertaken pursuant to the requirements in the Corporations Act. In the event of any such transaction, in line with the regulatory requirements, Shareholders would receive all relevant information required to assess any such proposal. After the Delisting, the Directors will continue to assess appropriate measures to enable Shareholders to realise the value of their investment the Company.

#### 8.8.9 WHAT HAPPENS IF THE DELISTING RESOLUTION IS OR IS NOT PASSED?

When granting its approval for the proposed Delisting, ASX indicated that it may suspend Wellard Limited in February 2026 if it is unable to meet the Chapter 12 requirements. This is explained in greater detail in section 8.2.2

If Resolution 3 **is not** passed, and assuming that in the intervening period, there is no new opportunity for a business to be presented to shareholders for their consideration and approval, then it is likely that ASX will make a determination that the Company should be suspended. That would mean that the Company remains liable to pay listing fees and comply with ASX Listing Rules, but its shares would not be able to be traded by Shareholders.

If Resolution 3 **is** passed, then the Company's Shares would be removed from quotation on the ASX in line with the Indicative Timetable on page 25.

#### 8.9 DIRECTOR INTENTIONS

Each Director who is a Shareholder intends to vote in favour of Resolution 3.

#### 8.10 PROXIES & RECOMMENDATION OF DIRECTORS

The Board recommends that Shareholders seek legal, financial and tax advice about the potential impact of this Resolution 3, including the potential advantages and disadvantages of holding shares in a company that is not listed on ASX.

##### RECOMMENDATION:

The Board unanimously recommends Shareholders approve Resolution 3 to Delist Wellard Limited for the reasons set out in this Explanatory Statement.

The Chairman intends to exercise all available proxies in favour of Resolution 3.

If the Chairman is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 3, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.

## 9. RESOLUTION 4 – CAPITAL RETURN OF 1.5 CENTS PER SHARE

### 9.1 BACKGROUND

Following the sales of the Company's vessels, the M/V Ocean Ute in 2024, and the M/V Ocean Drover, more recently in August 2025, the Company made capital returns to shareholder of AU\$0.02 and AU\$0.15 per share, respectively.

In the circumstances set out in this Explanatory Memorandum, the Board has now been determined that a further capital return can be made and will consist of AU\$0.015 per Share (being a total of approx. AU\$7.97 million), subject to the required shareholder approval. Assuming that approval is granted, it is intended to make the capital return payment to shareholders on or around Friday, 28 November 2025. Shareholders should refer to the Company's announcement of the full timetable for the capital return by way of an Appendix 3A.4.

In determining the timing and quantity of funds to return to Shareholders and the method to be used, the Board has had regard to a variety of factors including retaining sufficient funds to maintain the Company for a three-year period in order to await the determination of the Brett Cattle Class Action, details of which are discussed further in section 8.3 of this Explanatory Memorandum.

### 9.2 WHAT ARE THE CONDITIONS TO THE CAPITAL RETURN BEING IMPLEMENTED?

Implementation of the Capital Return is conditional on Shareholder approval of the Capital Return in accordance with this Resolution.

As with previous capital returns, Wellard has engaged with the Australian Taxation Office (ATO) and is seeking an ATO Class Ruling to assist shareholders with the tax treatment of the capital return. This has not been received at the date of sending this Notice of Meeting and Explanatory Memorandum. See section 9.6 (Tax Implications) below for further discussion on this subject.

### 9.3 WHAT ARE THE REASONS FOR THE CAPITAL RETURN?

Following the successful sale of Wellard's last revenue-generating asset, the vessel M/V Ocean Drover, in August 2025, and assuming that shareholders vote in favour of Delisting Wellard Limited from ASX and effectively putting the Company into a minimalist operations mode, the Board considers that Wellard will have capital in excess of its expected funding needs for the next three years. Consistent with the Board's strategy to reduce excess capital, while maintaining sufficient cash to support the Company's remaining needs, the Board intends to make this capital return to Shareholders through the Capital Return.

### 9.4 WHAT IS THE EFFECT OF THE CAPITAL RETURN ON WELLARD?

If the Capital Return is implemented, Wellard's issued capital will be reduced by up to approximately AU\$7.97 million, being AU\$0.015 (15 cents) per Share. No shares will be cancelled.

The Board considers that the Capital Return will not adversely affect Wellard's capacity to preserve its minimal costs operating position, and that it will retain the minimum structure necessary to both await an outcome of the Brett Cattle Class Action and to receive any credible future business opportunities.

The proposed Capital Return applies to each Shareholder in proportion to the number of Shares they hold.

Directors who directly or indirectly hold shares in Wellard Limited will participate in the Capital Return on the same basis as all other Shareholders.

No Shares will be cancelled in connection with the Capital Return. Accordingly, the Capital Return will not affect the number of Shares held by each Shareholder and nor will it impact the control of Wellard.

The Board is satisfied that these requirements will be met, noting that the Capital Return applies equally and will be paid out of surplus capital.

If the Capital Return is implemented, it will be after shareholders approve the Delisting of Wellard Limited from the ASX, and therefore there will be no ASX trading upon which to base a share valuation. The Shares will have a net asset backing value lower than they would have if the Capital Return had not been made. This is due to the return of funds to Shareholders and the consequent reduction in Shareholders' funds held by the Company. This is likely to occur from the 'ex' date, being the day that the Shares trade without an entitlement to participate in the Capital Return.

### 9.5 TIMING

The Capital Return is proposed to be implemented as soon as practicable after receipt of shareholder

approval. The Company does not expect to receive the draft ATO Ruling prior to the AGM. In line with ASX requirements to comply with ASX Listing Rules prior to Delisting, the Company will lodge an Appendix 3A.4 "Notification of Cash Return of Capital" with ASX which will include the timetable for the Capital Return. When received details of the ATO's position will also be made available on the Company's website: [www.wellard.com.au](http://www.wellard.com.au).

## 9.6 TAX IMPLICATIONS

Wellard is in the process of applying for an ATO Ruling in the form of a Class Ruling to confirm that:

- no part of the Capital Return will constitute, or be deemed to be treated as, a dividend for Australian income tax purposes; and instead:
  - a Shareholder's cost base in each Wellard share will be reduced by the amount of capital returned in connection with that share;
  - where the Shareholder's cost base in each Wellard share is less than the amount of capital returned in connection with that share, a capital gain will arise; and
  - for non-Resident Shareholders, the Wellard share does not constitute taxable Australian property and therefore any Australian capital gains will be disregarded.

Shareholders should seek their own advice around their particular cost base. For completeness, Wellard will request that the ATO confirm the capital gains tax consequences of the Capital Return under cover of the Class Ruling.

The Class Ruling, if issued in accordance with Wellard's application will apply:

- to the income year spanning 1 July 2025 to 30 June 2026; and
- to Australian tax resident and non-resident (albeit only the Australian tax implications) investors who hold their WLD shares on capital account.

The Final Class Ruling will be made available (if received) in due course on the Wellard website, but this is not expected until after the date of the Company's Annual General Meeting of Shareholders.

The tax implications of the Capital Return for Shareholders will depend on their particular circumstances. As stated, all Shareholders should consider seeking their own tax advice, in particular:

- Shareholders who do not hold their shares on capital account, being Shareholders to whom the Class Ruling will not apply; and
- Non-resident Shareholders for whom non-Australian tax implications may apply.

No adverse tax consequences are expected to arise in the hands of Wellard in relation to the Capital Return.

## 9.7 CHECK YOUR BANKING DETAILS AND ADDRESS

To receive your funds from the capital return (assuming it is approved), Wellard strongly suggests that **ALL SHAREHOLDERS SHOULD CHECK THEIR REGISTERED BANKING DETAILS AND ADDRESS** as registered with the Company's Share Registry, MUFG Corporate markets (AU) ("MUFG"). Log on to MUFG's website at <https://au.investorcentre.mpms.mufg.com> and select the red "Login" button on the top right. Then follow the prompts. To update your details, please log into your portfolio.

Wellard recommends that you provide electronic banking details to MUFG, as this is the most efficient way for the payment to be made to you. Where Shareholders have elected to receive payments by cheque it will be mailed to the address on MUFG's records. If your address is not current the cheque may be lost or returned to MUFG.

The capital return payment will be denominated in Australian dollars, both as an EFT payment and as a cheque.

Shareholders wishing to change their banking details can also complete a form and return it to Link. You can download a 'Request for Direct Credit of Payments' form at: <https://www.mpms.mufg.com/en/for-individuals/au/shareholders/forms/>

## 9.8 BOARD RECOMMENDATION AND ALTERNATIVES

### RECOMMENDATION:

The Board unanimously recommends Shareholders approve Resolution 4 to make an equal capital return to Wellard Shareholders of AU\$1.5 cents per Share by an equal capital reduction for the reasons set out in this Explanatory Statement.

The Board recommends that Shareholders vote in favour of Resolution 4.

If the Capital Return is not approved by Shareholders or otherwise does not proceed, the Board will

consider alternatives to return any excess capital at a later date.

## 9.9 PROXIES

The Chairman intends to exercise all available proxies IN FAVOUR of Resolution 4.

If the Chairman is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 4, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.
