#### About Biome Australia Limited

Biome Australia develops, licenses, commercializes and markets innovative, evidence-based live biotherapeutics (probiotics) and complementary medicines supported by clinical research. Biome aims to improve health outcomes and quality of life, making products accessible through professional health channels.

Incorporated in Australia in 2018, Biome distributes locally and internationally. In partnership with leading microbiome research organizations, Biome produces unique live biotherapeutic products with innovative delivery technologies improving stability and efficacy for its flagship Activated Probiotics® range.

Supported by randomized double-blind placebo-controlled clinical trials, Activated Probiotics® help prevent and support management of various health concerns including low mood and sleep, bone health, iron malabsorption, mild eczema and IBS. Through practitioner-recommended distribution, Biome educates health professionals on gut microbiota's systemic health effects, providing evidence-based natural medicines for prevalent chronic health concerns.
