EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2025 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at <https://blazelimited.com.au/investors/reports/>.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report to be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

3. RESOLUTION 2 – RE-ELECTION OF MR SIMON COXHELL

3.1 General

Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Director Mr Simon Coxhell, who has held office since 5 April 2019 and was last re-elected on 30 November 2020. It is noted Mr Coxhell held the role of Managing Director from 1 July 2022 to March 2025 during which time he was not subject to the retirement by rotation requirements of the Constitution or the ASX Listing Rules. This Meeting is the first meeting since he no longer filled the role of Managing Director and being eligible retires by rotation and seeks re-election.

Further information in relation to Mr Coxhell is set out below.

Qualifications, experience and other material directorships	<p>Mr Coxhell is a geologist with 35 years of diverse experience encompassing all aspects of the resource sector including exploration, resource development, metallurgical considerations and mining.</p> <p>Mr Coxhell has maintained significant exposure to capital markets, fund raising and significant corporate experience over the last 16 years in senior executive roles. Mr. Coxhell previously served as the Chief Executive Officer of Echo Resources Limited (Echo). While at Echo, Mr. Coxhell was responsible for leading Echo through the exploration, resource definition, and PFS and BFS of the Julius and Bronzewing Gold Project, located in the Eastern Goldfields of Western Australia.</p> <p>Mr. Coxhell will focus on progressing exploration at the Company's Projects.</p> <p>Other current directorships:</p> <p>Venus Metals Corporation Ltd (ASX: VMC)</p> <p>Former directorships (last 3 years):</p> <p>Great Northern Minerals Limited (ASX: GNM) (appointed 1 April 2020, resigned 31 December 2023)</p>
Term of office	Mr Coxhell has served as a Director since 5 April 2019 and was last re-elected on 30 November 2020.
Independence	If re-elected, the Board considers that Mr Coxhell is not an independent Director in line with the ASX Corporate Governance Principles and Recommendation guidance due to him holding an executive position in the previous 3 years.
Board recommendation	Having received an acknowledgement from Mr Coxhell that he will have sufficient time to fulfil his responsibilities as a Director and having reviewed the performance of Mr Coxhell since his appointment to the Board and the skills, knowledge, experience and capabilities required by the Board, the Directors (other than Mr Coxhell) recommend that Shareholders vote in favour of this Resolution.

3.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, Mr Coxhell will be re-elected as a Director.

If this Resolution is not passed, Mr Coxhell will not continue in his role as a Non-Executive Director. The Company may seek nominations or otherwise identify suitably qualified candidates to join the Company. As an additional consequence, this may detract from the Board and Company's ability to execute on its strategic vision.

4. RESOLUTION 3 – APPROVAL OF 7.1A MANDATE

4.1 General

This Resolution seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an Eligible Entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**). As at the Disclosure Date, the Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$8,625,000 (based on the number of Shares on issue (2,875,000,000) and the closing price of Shares (\$0.003) on the ASX on the Disclosure Date).

4.2 Technical information required by Listing Rule 14.1A

For this Resolution to be passed, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be cast in favour of the Resolution.

If this Resolution is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

4.3 Technical information required by Listing Rule 7.3A

REQUIRED INFORMATION	DETAILS
Period for which the 7.1A Mandate is valid	The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following: <ul style="list-style-type: none">(a) the date that is 12 months after the date of this Meeting;(b) the time and date of the Company's next annual general meeting; and(c) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).
Minimum price	Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued for cash consideration at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before: <ul style="list-style-type: none">(a) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or(b) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.
Use of funds	The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate to fund the Company's exploration program on existing tenements, projects and general working capital.

REQUIRED INFORMATION	DETAILS																																												
Risk of economic and voting dilution	Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.																																												
	If this Resolution is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.																																												
	The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue or proposed to be issued as at the Disclosure Date.																																												
	The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.																																													
The table above uses the following assumptions:																																													
1. As at the Disclosure Date there are 2,875,000,000 Shares on issue.																																													
2. The issue price set out above is the closing market price of the Shares on the ASX on the Disclosure Date.																																													
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.																																													
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.																																													
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.																																													
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.																																													
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.																																													
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.																																													

REQUIRED INFORMATION	DETAILS
	<p>9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting.</p> <p>Shareholders should note that there is a risk that:</p> <ul style="list-style-type: none"> (a) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and (b) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.
Allocation policy under 7.1A Mandate	<p>The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.</p> <p>The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:</p> <ul style="list-style-type: none"> (a) the purpose of the issue; (b) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate; (c) the effect of the issue of the Equity Securities on the control of the Company; (d) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; (e) prevailing market conditions; and (f) advice from corporate, financial and broking advisers (if applicable).
Previous approval under Listing Rule 7.1A.2	<p>The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 29 November 2024 (Previous Approval).</p> <p>The Company discloses the following information as required by Listing Rule 7.3A.6 in relation to Shares issued pursuant to the Previous Approval:</p> <ul style="list-style-type: none"> (a) The total number of Equity Securities issue or agreed to be issued under Listing Rule 7.1A.2 since the Previous Approval was 125,355,824 Shares (Previous Approval Shares). This represents approximately 19.9% of the number of Shares on issue as at the date of the Previous Approval (which was 628,558,246). (b) The Previous Approval Shares were issued to professional and sophisticated investors identified through a bookbuild process managed by CPS Capital. (c) The Previous Approval Shares were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares. (d) The Previous Approval Shares were issued at an issue price of \$0.004 each, which represented a discount of 33.3% to the closing market price on the date of the issue (\$0.006 on 16 December 2024).
