Neil McIntyre, CEO said “The Clermont asset is non-core to Diatreme as it remains focussed on development of its extensive silica assets portfolio currently transitioning through final permitting and approvals. This transaction allows Diatreme to transition the Clermont tenements to a well credentialled exploration and development team whilst retaining an interest in its future development and value upside”.

At the date of this announcement Moonlight is seeking to list on the ASX before the end of the 2025 calendar year.

The key commercial terms of the share sale agreement entered into on 28 October 2025 are substantially the same as the commercial terms of the agreement entered into by Diatreme on 27 August 2025 (which has now been terminated) as set out in Diatreme’s announcement on 28 August 2025. The key differences between the terms of the previous agreement and the share sale agreement entered into on 28 October 2025 are:

- the assets being sold are the shares in two of Diatreme’s subsidiaries, Chalcophile and PGE Minerals

- 
- Diatreme will not receive any performance rights, as the value of the shares to be issued by Moonlight will be \$3.25 million (based on the IPO price)
  - the conditions precedent relating to assignment of contracts, payment of stamp duty, unacceptable variations to the conditions of the Clermont Project tenements are not included in the share sale agreement
  - the inclusion of additional warranties relating to Chalcophile and PGE Minerals and in relation to taxation matters as well as a specific tax indemnity in favour of Moonlight being provided by Diatreme and its subsidiaries (that hold the shares being sold) Lucky Break Operations Pty Ltd and Regional Exploration Management Pty Ltd

Diatreme Shareholders should refer to Diatreme's announcement dated 28 August 2025 for further information.

Diatreme Shareholders should read the Moonlight IPO Prospectus in full and consult their financial or other advisers before making a decision whether to invest in Moonlight. The offer to Diatreme Shareholders will be made solely by Moonlight and Diatreme takes no responsibility for the contents of Moonlight's IPO Prospectus.
