

Omnia Metals Group Limited

(ACN 648 187 651)

Cleansing Prospectus

For an offer of up to 10,000 Shares at an issue price of \$0.02 per Share to remove trading restrictions on the sale of all Shares issued or quoted on the ASX by the Company prior to the Closing Date (**Offer**).

This Prospectus has been prepared for the purposes of section 708A(11) of the Corporations Act to remove any trading restrictions on the sale of Shares issued or quoted on the ASX by the Company prior to the Closing Date.

Important Notice

This is an important document and should be read in its entirety.

This Prospectus is a transaction-specific prospectus issued in accordance with section 713 of the Corporations Act. If you have any queries about any part of the Prospectus, please contact your professional adviser without delay. The Shares offered by this Prospectus should be considered speculative.

IMPORTANT INFORMATION

GENERAL

This Prospectus is dated 31 October 2025 and was lodged with ASIC on that date. Neither ASIC nor ASX, nor any of their officers, take any responsibility for the contents of this Prospectus.

This Prospectus expires 13 months from the date it was lodged with ASIC. No Shares will be issued on the basis of this Prospectus later than 13 months after the date of this Prospectus. An application will be made to ASX for the quotation of the Shares the subject of this Prospectus in accordance with the timetable set out at the commencement of this Prospectus.

In preparing this Prospectus, regard has been had to the fact that the Company is a disclosing entity for the purposes of the Corporations Act and that certain matters may reasonably be expected to be known to investors and their professional advisers. This Prospectus is issued pursuant to section 713 of the Corporations Act. Section 713 allows the issue of a more concise prospectus in relation to an offer of continuously quoted securities or options to acquire continuously quoted securities. This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all information that would be included in a prospectus for an initial public offering.

This document is important and it should be read in its entirety. The Shares to be issued pursuant to this Prospectus should be viewed as a speculative investment and investors should refer to the Section 2 for details of certain risk factors which are considered to be relevant for the purposes of the Offer. Investors should consult their stockbroker, solicitor, accountant or other professional adviser if necessary.

No person is authorised to give any information or to make any representation in relation to the Offer which is not contained in this Prospectus and any such information may not be relied upon as having been authorised by the Directors.

A copy of this Prospectus can be downloaded from the Company's website at <https://www.omniametals.com.au/>. The offer constituted by an electronic version of this Prospectus is only available to persons receiving an electronic version of this Prospectus within Australia. Any Shareholder may obtain a hard copy of this Prospectus by contacting the Company.

A number of terms and abbreviations used in this Prospectus have defined meanings set out in Section 7.

OVERSEAS SHAREHOLDERS

The Shares will not be issued pursuant to this Prospectus to Shareholders with a registered address which is outside Australia or New Zealand. The distribution of this Prospectus in jurisdictions outside of Australia or New Zealand may be restricted by law and therefore persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with any such restrictions may constitute a violation of the applicable securities law.

This Prospectus does not, and is not intended to, constitute an offer of securities in any jurisdiction where, or to any person to whom, it would be unlawful to make such an offer or issue. This Prospectus has not been, nor will it be lodged, filed or registered with any regulatory authority under the securities laws of any other country.

RISK FACTORS

Refer to Section 2 for details of the risks associated with an investment in the Company. As with any securities investment, there are risks associated with investing in the Company. Investors should

be aware that an investment in the Company involves risks that may be greater than risks associated with an investment in some other companies. The principal risks that could affect the financial and market performance of the Company are detailed in Section 2 of this Prospectus. The Shares on offer under this Prospectus should be considered speculative. Accordingly, before deciding to invest in the Company, investors should read this Prospectus in its entirety and should consider all factors in light of their individual circumstances and seek appropriate professional advice.

The Board aims to manage these risks by carefully planning its activities and implementing risk control measures. Some of the risks are, however, highly unpredictable and the extent to which they can be effectively managed is limited.

Risks of investing in the Company's existing assets and general risks are set out in Section 2 of this Prospectus.

Careful consideration should be given to all matters raised in this Prospectus and the relative risk factors prior to applying for Shares offered under this Prospectus. Investors should consider the risk factors described in Section 2, together with the information contained elsewhere in this Prospectus, before deciding whether to apply for Shares.

TIMETABLE AND IMPORTANT DATES

EVENT	DATE
Lodgement of Prospectus with ASIC and ASX	Friday, 31 October 2025
Opening date of the Offer	Friday, 31 October 2025
Closing Date (5.00pm AWST)	Monday, 3 November 2025

* These dates are indicative only and subject to change. The Company reserves the right, subject to the Corporations Act, the ASX Listing Rules and other applicable laws, to vary the dates, including by extending the Closing Date.

1. DETAILS OF THE OFFER

1.1 Background to the Offer

The purpose of the Offer is not to raise funds. Instead, its purpose is to remove trading restrictions on Shares issued without disclosure under Part 6D of the Corporations Act before the Closing Date (including the Tranche 1 Placement Shares and the Conversion Shares).

Generally, section 707(3) of the Corporations Act generally requires that a prospectus is issued in order for a person to whom securities were issued without disclosure under Part 6D of the Corporations Act to on-sell those securities within 12 months of the date of their issue.

The Corporations Act provides an exception to section 707(3) of the Corporations Act where an entity issues a 'cleansing' notice under section 708A(5) of the Corporations Act. The Company has been suspended from trading on the ASX for more than 5 days in the last 12 months and, as a result, is precluded from issuing a cleansing notice in accordance with section 708A(5) of the Corporations Act.

However, section 708A(11)(b) of the Corporations Act provides that a sale offer does not need disclosure to investors if:

- (a) the relevant securities are in a class of securities of the company that are already quoted on the ASX;
- (b) a prospectus is lodged with ASIC either:
 - (i) on or after the day on which the relevant securities were issued; or
 - (ii) before the day on which the relevant securities are issued and offer of securities that have been made under the prospectus are still open for acceptance on the day on which the relevant securities were issued; and
- (c) the prospectus is for an offer of securities issued by the company that are in the same class of securities as the relevant securities.

1.2 The Offer

This Prospectus invites investors identified by Directors to apply for a total of up to 10,000 Shares at an issue price of \$0.02 per Share (**Offer**).

The Offer is only available to those who are personally invited to accept the Offer. Accordingly, Application Forms will only be provided by the Company to these parties.

All Shares issued under the Offer will rank equally with existing Shares on issue. Refer to Section 4.1 for further details regarding the rights and liabilities attaching to Shares.

1.3 Minimum Subscription

There is no minimum subscription under the Offer.

1.4 Opening and Closing Dates

The Offer will open for receipt of acceptances on **Friday, 31 October 2025**.

The Offer will close at **5:00PM AWST on Monday, 3 November 2025**, or such later date as the Directors, in their absolute discretion and subject to compliance with the Listing Rules, may determine.

1.5 How to Accept the Offer

Applications for the Shares must only be made by investors at the direction of the Company and must be made using the Application Form accompanying this Prospectus. Accordingly, Application Forms will only be provided by the Company to these parties.

The Company may determine in its discretion whether to accept any or all Applications.

The Shares offered under the Offer are being issued at an issue price of \$0.02 per Share and payment for the Shares must be made in full.

Completed Application Forms, together with Application monies, must be received by the Company prior to the Closing Date. Application Forms should be delivered, and payment made, to the Company in accordance with the instructions on the Application Form.

1.6 Underwriting

The Offer is not underwritten.

1.7 Lead Manager

There is no lead manager to the Offer.

1.8 ASX Quotation

Application for Official Quotation of the Shares issued pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. If approval is not obtained from ASX before the expiration of 3 months after the date of issue of the Prospectus (or such period as varied by the ASIC), the Company will not issue any Shares and will repay all Application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares offered under this Prospectus.

1.9 Issue of Shares

The Shares to be issued pursuant to the Offer will be issued in accordance with the timetable set out at the commencement of this Prospectus and otherwise in accordance with the ASX Listing Rules. Application monies will be held in a separate subscription account until issue. This account will be established and the application monies will be kept by the Company in trust for each Applicant. Any interest earned on the application monies will be for the benefit of the Company and will be retained by the Company irrespective of whether the issue takes place and each Applicant waives the right to claim any interest.

The Directors will determine the recipients of all Shares offered under this Prospectus. The Directors reserve the right to reject any application or to allocate any Applicant fewer Shares than the number applied for.

Where the number of Shares issued is less than the number applied for, the surplus monies will be returned by cheque as soon as practicable after the Closing Date. Where no issue is made, the amount tendered on application will be returned in full by cheque as soon as practicable after the Closing Date. Interest will not be paid on monies refunded.

1.10 CHESSE and Issuer Sponsorship

The Company operates an electronic CHESSE sub-register and an electronic issuer sponsored sub-register. These two sub-registers make up the Company's register of securities. The Company will not issue certificates to investors. Rather, holding statements (similar to bank statements) will be dispatched to investors as soon as practicable after issue.

Holding statements will be sent either by CHESSE (for new investors who elect to hold their securities on the CHESSE sub-register) or by the Company's Share Registry (for new investors who elect to hold their securities on the Issuer sponsored sub-register). The statements will set out the number of Shares issued under the Prospectus and provide details of a Holder Identification Number (for new investors who elect to hold their securities on the Chess sub-register) or Security holder Reference Number (for new investors who elect to hold their securities on the issuer sponsored sub-register). Updated holding statements will also be sent to each new investor following the month in which the balance of their holding of Securities changes, and also as required by the Listing Rules or the Corporations Act.

1.11 Risks

As with any securities investment, there are risks associated with investing in the Company. The principal risks that could affect the financial and market performance of the Company are detailed in Section 2 of this Prospectus. The Shares on offer under this Prospectus should be considered speculative. Accordingly, before deciding to invest in the Company, investors should read this Prospectus in its entirety and should consider all factors in light of their individual circumstances and seek appropriate professional advice.

1.12 Overseas Shareholders

The distribution of this Prospectus in jurisdictions outside Australia may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws. No action has been taken to register or qualify the Securities the subject of this Prospectus or otherwise permit a public offering of the Securities the subject of this Prospectus in any jurisdiction outside Australia.

New Zealand

The Offer is not being made to the public in New Zealand other than to existing Shareholders with registered addresses in New Zealand to whom the Offer is being made in reliance on the *Financial Markets Conduct Act 2013* and the *Financial Markets Conduct (Incidental Offers) Exemption Notice 2016*.

This document has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

1.13 Taxation

It is the responsibility of all persons to satisfy themselves of the particular taxation treatment that applies to them by consulting their own professional tax advisers. Taxation consequences will depend on particular circumstances. Neither the Company nor any of its officers accept any liability or responsibility in respect of the taxation consequences of the matters referred to above or any other taxation consequences connected with an investment in the securities of the Company.

1.14 Privacy Disclosure

Persons who apply for Shares pursuant to this Prospectus are asked to provide personal information to the Company, either directly or through the Share Registry. The Company and the Share Registry collect, hold and use that personal information to assess applications for securities to provide facilities and services to Shareholders, and to carry out various administrative functions. Access to the information collected may be provided to the Company's agents and service providers and to ASX, ASIC and other regulatory bodies on the basis that they deal with such information in accordance with the relevant privacy laws. If the information requested is not supplied, applications for Shares will not be processed. In accordance with privacy laws, information collected in relation to specific Applicants can be obtained by that Applicant through contacting the Company or the Share Registry.

1.15 Enquiries

This document is important and should be read in its entirety. Persons who are in any doubt as to the course of action to be followed should consult their stockbroker, solicitor, accountant or other professional adviser without delay.

If you have any questions regarding the Offer, please contact the Company Secretary on (08) 9388 0051, from 9.30am (AWST) to 5.00pm (AWST), Monday to Friday.

2. RISK FACTORS

2.1 Introduction

The Shares offered under this Prospectus are considered speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below, together with information contained elsewhere in this Prospectus and to consult their professional advisers before deciding whether to apply for the Shares pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this Section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

2.2 Company specific

(a) Limited operational history

The prospectus of the Company must be considered in light of the risks, expenses and difficulties frequently encountered by companies in the early stages of their development, particularly in the mineral exploration sector, which has a high level of inherent risk and uncertainty. No assurance can be given that the Company will achieve commercial viability through the successful exploration on, or mining development of, the Projects or any other mining assets it has an interest in. Until the Company is able to realise value from the Projects or such mining assets, it is likely to incur operational losses.

(b) Future capital requirements

The Company currently has no operating revenue and is unlikely to generate any operational revenue unless the Company's Tenements are successfully developed and exploited. The future capital requirements of the Company will depend on many factors including its business development activities.

In addition, should the Company consider that its exploration results justify commencement of production of any of its Projects, additional funding will be required to implement the Company's development plans, the quantum of which remain unknown at the date of this Prospectus. The Company may seek to raise further funds through equity or debt financing, joint ventures, production sharing arrangements or other means. Any additional equity financing may be dilutive to Shareholders and may be undertaken at lower prices than the market price. Any debt financing, if available, may involve restriction on financing and operating activities. There can be no assurance that additional financial will be available when needed.

Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of exploration, development, or production on the Company's Projects or even loss of interest in the Projects.

(c) Title and grant risk

As at the date of this Prospectus, exploration licence applications ELA80/5630, ELA9784, ELA24079, and ELA39/2555 have not yet been granted and remain at

various stages of the application process. These applications must be granted to the relevant Omnia Metals Group Limited subsidiary before the Company can acquire a 100% legal and beneficial interest in those tenements.

There is a risk that the exploration licence applications may not be granted in their entirety, may be granted on terms or conditions that are considered unacceptable to the Company, or that such grant may be subject to delays beyond the Company's control.

Exploration licence applications ELA9784 and ELA24079 are subject to ongoing negotiations with the Malngin Aboriginal Land Trust. These applications cannot be granted until the consent of the Malngin Aboriginal Land Trust is obtained or, failing such consent, the Company is successful in arbitration under the relevant legislation.

Similarly, ELA39/2555 is subject to the standard regulatory approval process administered by the Western Australian Department of Energy, Mines, Industry Regulation and Safety (DEMIRS). There is no guarantee that consent or grant will be received within expected timeframes, or at all.

(d) Reserve land and land access risk

The Company's interests in its granted and pending tenements are subject to Commonwealth and State legislation and cannot be guaranteed. The Company may be required to obtain the consent of, and/or compensate, holders of third-party interests that overlay areas within its tenements. Such interests may include Crown land, pastoral leases, reserves, and areas subject to native title determinations, which may restrict or delay the Company's ability to undertake exploration activities.

In particular:

- (i) The land the subject of exploration licence E80/5353 and exploration licence application ELA80/5630 (upon grant) overlaps a Class "C" Reserve for the Regeneration of Eroded Areas in the Ord River Catchment Area (Reserve Land). Prior written consent of the Minister for Mines is required before any exploration activities may occur on Reserve Land. The Minister must consult with and obtain the recommendation of the relevant State Minister and the responsible agency before granting such consent. There is a risk that the Company may not be able to access or conduct exploration activities on those areas overlapping the Reserve Land.
- (ii) Exploration licence application ELA39/2555 may also overlap existing pastoral leases, Crown land, or areas subject to native title interests that require negotiation of access agreements and/or compensation arrangements prior to the commencement of exploration activities.

Any delays in obtaining required consents, resolving third-party rights, or satisfying compensation obligations may adversely affect the timing and cost of the Company's planned exploration programs. However, the Company confirms that the identified Reserve Land does not materially impact planned exploration activities on E80/5353.

(e) Nature of mineral exploration

Mineral exploration and development are considered a high-risk undertakings. There is no guarantee that exploration of the Projects will result in the discovery of an economically viable resource. Even if an apparently viable resource is discovered, there is no guarantee that the resource can be economically exploited.

Exploration on the Company's Projects may be unsuccessful, resulting in a reduction of the value of those Projects, diminution in the cash reserved of the Company and possible relinquishment of such Projects.

No assurance can be given that the cost estimates and the underlying assumptions will be realised in practice. Which may materially and adversely affect the Company's ability to complete the exploration programs as planned.

(f) **Resources estimates may be inaccurate**

The Company has not published resource estimates for any prospects. There is no assurance that exploration or project studies by the Company will result in the definition of an economically viable mineral deposit.

Furthermore, resource estimates are expressions of judgement based on knowledge, experience, and industry practice. Estimates which were valid when originally calculated may alter significantly when new information or technologies become available. In addition, by their very nature, resource estimates are imprecise and depend to some extent in interpretations, which may prove to be inaccurate and require adjustment. As further information becomes available through additional fieldwork and analysis, the estimates are likely to change. This may result in alterations to development and mining plans which may, in turn, adversely affect the Company's operations.

(g) **Development risk**

The business of exploration, project development and mining contains risks by its very nature. To prosper, it depends on the successful exploration or acquisition of reserves, design and construction of efficient production and processing facilities, competent operation and managerial performance and proficient marketing of the product. In particular, exploration is a speculative endeavour and force majeure circumstances, cost over runs and other unforeseen events can hamper mining operations.

(h) **Operational risk**

The operations of the Company may be affected by various factors, including failure to locate or identify mineral deposits, failure to achieve predicted grades in exploration and mining, operation and technical difficulties encountered in mining, operational and technical difficulties encountered in mining, difficulties in commissioning and operating plant and equipment, mechanical failure or plant breakdown, unanticipated metallurgical problem which may affect extraction costs, adverse weather conditions, industrial and environmental accidents, industrial disputes and unexpected shortages or increases in the costs of consumable, spare parts, plant and equipment.

Even though the Directors have between them significant mineral exploration and operation experiences, no assurance can be given that the Company will achieve commercial viability through the successful exploration and mining of its Tenements.

Until the Company is able to realise value from its Projects, it likely to incur ongoing operating losses.

(i) **Dilution risk**

In the future, the Company may elect to issue Securities in connection with fundraisings, including to raise proceeds to fund further exploration of its Projects.

While the Company will be subject to the constraints of the Listing Rules regarding the percentage of its capital it is able to issue within a 12 month period (other than where exceptions apply), Shareholders may be diluted as a result of such issues of Securities.

(j) **Metallurgy**

Metal and/or mineral recovering are dependent upon the metallurgical process that is required to liberate economic minerals and produce a saleable product and by nature contain elements of significant risk such as:

- (i) identifying a metallurgical process through test work to produce a saleable metal and/or concentrate;
- (ii) developing an economic process route to produce a metal and/or concentrate; and
- (iii) changes in mineralogy in the ore deposit can result in inconsistent metal recover, affecting the economic viability of the project.

(k) **Liquidity risk**

Certain Securities on issue in the Company are subject to ASX imposed escrow restrictions. During the period in which these Securities are prohibited from being transferred, trading in Securities may be less liquid which may impact on the ability of a Shareholder to dispose of their Securities in a timely manner. The Company will announce to ASX full details (including quantity and duration) of the Securities required to be held in escrow prior to the Securities commencing trading on ASX.

(l) **Potential acquisitions:**

The Company may pursue and assess other new business opportunities in the resource sector. These new business opportunities may take the form of direct project acquisitions, joint ventures, farm-ins, tenement acquisitions and direct equity participation.

The acquisition of projects (whether completed or not) may require the payment of monies (as a deposit or exclusivity fee) after only limited due diligence or prior to the completion of comprehensive due diligence. There can be no guarantee that any proposed acquisition will be completed or be successful. If the proposed acquisition is not completed, monies advances may not be recoverable, which may have a material adverse effect on the Company.

If an acquisition is completed, the Directors will need to reassess at that time, the funding allocated to current projects and new projects, which may result in the Company reallocating funds from other projects or raising additional capital (if available). Furthermore, notwithstanding that an acquisition may proceed upon the completion of due diligence, the usual risks associated with the new project activities will remain.

(m) **Competition risk**

The Company competes with other companies, including major mining companies in Australia and internationally. Some of these companies have greater financial resources than the Company and, as a result, may be in a better position to compete

for future business opportunities. There can be no assurance that the Company can compete effectively with these Companies.

(n) **Commodity price and exchange rate risk**

If the Company achieves success leading to mineral production, the revenue it will derive through the sale of commodities may expose the potential income of the Company to commodity price and exchange rate risks. The price of base metals fluctuate and are affected by numerous factors beyond the control of the Company, such as industrial and retail supply and demand, exchange rate, inflation rates, changes in global economies, confidence in the global monetary system, forward sales of metals by producers and speculators as well as other global or regional political, social or economic events. Future serious price declines in the market values of minerals which the Company plans to explore for could cause the development of, and eventually the commercial production from, the Company's Projects to be rendered uneconomic.

Depending on the prices of commodities, the Company could be forced to discontinue production or development and may lose its interest in, or may be forced to sell, some of its properties. There is no assurance that, even as commercial quantities of base metals are produced, a profitable market will exist for it.

Furthermore, international prices of various commodities are denominated in United States dollars, whereas the income and expenditure of the Company are and will be taken into account in Australian currency, exposing the Company to the fluctuations and volatility of the rate of exchange between the United States dollar and the Australian dollar as determined in international markets.

(o) **Environmental risk**

The operations and proposed activities of the Company are subject to State and Federal laws and regulations concerning the environment. As with most exploration projects and mining operations, the Company's activities are expected to have an impact on the environment, particularly if advanced exploration or mine development proceeds. It is the Company's intention to conduct its activities to the highest standard of environmental obligation, including compliance with all environmental laws.

Mining operations have inherent risks and liabilities associated with safety and damage to the environment and the disposal of waste products occurring as a result of mineral exploration and production. The occurrence of any such safety or environmental incident could delay production or increase production costs. Natural events, such as unpredictable rainfall or bushfire may impact on the Company's ongoing compliance with environmental legislation, regulations and licenses.

Significant liabilities could be imposed on the Company for damages, clean-up costs or penalties in the event of certain discharges into the environment, environmental damages caused by previous operation or noncompliance with environmental laws or regulations.

The disposal of mining and process waste and mine water discharge are under constant legislative scrutiny and regulation. There is a risk that environmental laws and regulations become more onerous making the Company's operations more expensive. Approvals are required for land clearing and for ground disturbing activities. Delays in obtaining such approvals can result in the delay to anticipated exploration programs or mining activities.

Furthermore, under the *Mining Rehabilitation Fund Act 2012 (WA)*, the Company is required to provide assessment information to the Department of Mines, Industry Regulation and Safety in respect of a mining rehabilitation levy payable for mining tenements granted under the Mining Act. The Company is required to contribute annually to the mining rehabilitation fund if its rehabilitation liability is above \$50,000.

(p) **Tenure risk**

The Company's Tenements are subject to the applicable mining acts and regulations in Western Australia, pursuant to which mining, and exploration tenements are subject to periodic renewal. The renewal of the term of a granted tenement is also subject to the discretion of the relevant Minister. There is no guarantee that current or future tenements of future applications for production tenements will be approved. Renewal conditions may include increased expenditure and work commitments or compulsory relinquishment of areas of the tenements comprising the Company's Projects. The imposition of new conditions or the inability to meet those conditions may adversely affect the operations, financial position or performance of the Company.

There can be no guarantee that a renewal will be approved. If the Company is unable to secure a renewal for these Tenements this may impact the Company's exploration plans for the Projects and may adversely impact the Company or the value of its Shares.

Prior to any development on any of its properties, the Company must receive licences from appropriate governmental authorities. There is no certainty that the Group will hold all licences necessary to develop or continue operating at any particular property.

The Company considered the likelihood of tenure forfeiture to be low given the laws and regulations governing exploration in Western Australia and the ongoing expenditure being budgeted by the Company. However, the consequences of forfeiture or involuntary surrender of a granted tenement for reasons beyond the control of the Company could be significant.

Similarly, the rights to mining tenure carry with them various obligations which the holder is required to comply with in order to ensure the continued good standing of the licence and, specifically, obligations in regard to minimum expenditure levels and responsibilities in respect of the environment and safety. Failure to observe these requirements could prejudice the right to maintain title to a given area and result in government action to forfeit a licence or licences. There is no guarantee that current or future exploration application or existing licence renewals will be granted, that they will be granted without undue delay, or that the Company can economically comply with any conditions imposed on any granted exploration permits.

The Tenements may be relinquished either in total or in part even though a viable mineral deposit may be present, in the event that:

- (i) exploration or production programs yield negative results;
- (ii) insufficient funding is available;
- (iii) such a tenement is considered by the Company to not meet the risk/reward or other criteria of the Company;
- (iv) its relative perceived prospectivity is less than that of other tenements in the Company's portfolio, which take a higher priority; or

(v) a variety of other reasons.

Further, a number of the Tenements are pending applications. There is a risk that the applications for Tenements may not be granted in their entirety or only granted on conditions unacceptable to the Company.

(q) **Native title and Aboriginal heritage**

In relation to the Tenements or any tenements that the Company may in the future acquire an interest in, there may be areas over which legitimate common law Native Title rights may exist. If such Native Title rights do exist, the ability of the Company to gain access to such tenements (through obtaining consent of any relevant native title holders) or to progress from the exploration phase to the development and mining phase of operations may be adversely affected.

As at the date of this Prospectus, a number of the Tenements are subject to Native Title determinations and others are subject to Native Title claims.

The grant of any future tenure to the Company over areas that are covered by registered claims or determinations will require engagement with the relevant claimants or native title holders (as relevant) in accordance with the Native Title Act.

In addition, determined native title holders may seek compensation under the Native Title Act for the impacts of acts affecting native title rights and interests after the commencement of the *Racial Discrimination Act 1975* (Cth) on 31 October 1975.

The State of Western Australia has passed liability for compensation for the impact of the grant of mining tenements under the Mining Act onto mining tenement holders pursuant to section 125A of the Mining Act. Outstanding compensation liability will lie with the current holder of the Tenements at the time of any award of compensation pursuant to section 125A of the Mining Act or, in the event there is no holder at that time, the immediate past holder of the relevant Tenements.

Compensation liability may be determined by the Federal Court or settled by agreement with native title holders, including through ILUAs (which have statutory force) and common law agreements (which do not have statutory force). At this stage the Company is not able to quantify any potential compensation payments, if any.

In addition, the Company must comply with Aboriginal heritage legislation requirements which include the requirement to conduct heritage survey work prior to the commencement of operations.

The Company is aware of various areas of indigenous significance and Aboriginal heritage sites of considerable cultural value both to the local indigenous communities and the broader community generally which affect a number of Tenements. It is also likely that additional Aboriginal sites may be identified on the land the subject of the Tenements.

These Aboriginal heritage sites require the Company to comply with all relevant the Aboriginal Heritage Acts in respect of any ground disturbing activities and any applicable agreements that may be in place with the relevant Traditional Owners. Prior to commencing significant ground disturbing activities, including exploration, the Company will need to consult with local the relevant Traditional Owners regarding the likely impact that the proposed activities may have on such areas. There is no guarantee that the Company will be able to deal with Aboriginal heritage issues in a satisfactory or timely manner and accordingly such issues may increase the proposed

time periods for the conduct of the Company's proposed activities, lead to increased costs for such activities (in obtaining the required consents and/or approvals) and also limit the Company's ability to conduct its proposed activities on the relevant Tenement.

As at the date of this Prospectus, the Company is party to heritage agreements with the Malarngowem, Purnululu, Yurriyangem Taam and Upurli Upurli native title groups.

The *Aboriginal Cultural Heritage Bill 2001 (WA)*, which proposes to replace the current *Aboriginal Heritage Act 1972 (WA)*, has been introduced into the parliament of Western Australia. The introduction of new legislation, amendments to existing legislation and the decisions of courts which impose constraints or more stringent requirements on the Company could adversely impact the assets, operations, and financial performance of the Company, either directly or indirectly.

(r) **Crown land and pastoral lease risk**

The land covered by the Tenements overlaps with Crown land, including pastoral leases. If mining on any of the Tenements is contemplated in the future, the Company may need to consider entering into a compensation and access agreement with the lease holders to ensure the requirements of the Mining Act are satisfied and to avoid any disputes arising. As at the date of this Prospectus, the Company has not entered into Land Access Agreements with respect to certain Tenements subject to pastoral leases. In the absence of an agreement, the Warden's Court determined compensation payable to leaseholders that may be undertaken in the future. The entry into these agreement may delay the undertaking of activities, including the development of any future mines, and may restrict the areas within which the Company can explore for mineral development.

(s) **Sovereign risk**

Adverse changes in government policies or legislation may affect ownership of mineral interests, taxation, royalties, land access, labour relations, and mining and exploration activities of the Company. It is possible that the current system of exploration and mine permitting in Western Australia may change, resulting in impairment of rights and possible exploration of the Company's properties without adequate compensation. If the Company was to extend its activities into jurisdictions other than Western Australia and Australia in the future, the risks described in this paragraph may be considerably increased.

(t) **Climate change risk**

There are several climate-related factors that may affect the operations and proposed activities of the Company. One of the climate change risks particularly attributable to the Company is the emergence of new or expanded regulations associated with the transitioning to a lower-carbon economy and market changes related to climate change mitigation. The Company may be impacted by changes to local or international compliance regulations related to climate change mitigation efforts, or by specific taxation or penalties for carbon emissions or environmental damage. These examples sit amongst an array of possible restraints on industry that may further impact the Company and its potential future profitability. While the Company will endeavour to manage these risks and limit any consequential impacts, there can be no guarantee that the Company will not be impacted by these occurrences.

Furthermore, climate change may cause certain physical and environmental risks that cannot be predicted by the Company, including events such as increased severity of

weather patterns and incidence of extreme weather events and longer-term physical risks such as shifting climate patterns. All these risks associated with climate change may significantly change the industry in which the Company operates.

(u) **Equipment availability**

The Company's ability to undertake mining and exploration activities is dependent upon its ability to source appropriate contractors with access to relevant drilling and other exploration and mining equipment experiences fluctuations in supply and demand. If the Company is unable to source appropriate equipment economically or at all then this would have a material adverse effect on the Company's financial or trading position.

(v) **Third party contractor risk**

It is the Company's intention to outsource a substantial party of its exploration activities to third party contractors. The Company is unable to predict the risk of insolvency or managerial failure of any of the third party contractors used by the Company in any of its activities or the insolvency or other managerial failure by any of the other service providers used by the Company for any activity. The effects of such failures may have an adverse effect on the Company's activities.

(w) **Reliance on key personnel**

Recruiting and retaining qualified personnel are important to the Company's success. The number of persons skilled in the exploration and development of mining properties is limited and competition for such persons is strong. There can be no assurance that there will be no detrimental impact on the Company if such persons employed by the Company from time to time cease their employment with the Company.

(x) **Insurance risk**

The Company intends to insure its operations in accordance with industry practice. In certain circumstances, the Company's insurance may not be of a nature or level to provide adequate insurance cover. The occurrence of an event that is not covered or fully covered by insurance could have a material adverse effect on the business, financial condition and results of the Company.

Insurance against all risks associated with mineral exploration and production is not always available and where available the costs can be prohibitive.

(y) **Unforeseen expenses**

The Company's cost estimates, and financial forecasts include appropriate provisions for material risks and uncertainty and are considered to be fit for purpose for the proposed activities of the Company. If risks and uncertainties prove to be greater than expected, or if new currently unforeseen material risks and uncertainties arise, the expenditure proposals of the Company are likely to be adversely affected.

2.3 General Risks

The future prospects of the Company's business may be affected by circumstances and external factors beyond the Company's control. Financial performance of the Company may be affected by a number of business risks that apply to companies generally and may include economic, financial, market or regulatory conditions.

(a) **Economic**

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's activities, as well as its ability to fund those activities.

(b) **Additional requirements for capital**

The Company's capital requirements depend on numerous factors.

The Company may require additional funding to meet its business objectives and to effectively implement its business and operations plans in the future, to take advantage of opportunities for acquisitions, joint ventures or other business opportunities and to meet any unanticipated liabilities or expenses which the Company may incur.

The Company must raise further funds through equity or debt financing, joint ventures, licensing arrangements, production sharing arrangements or other means. Failure to obtain sufficient financing for the Company's activities and future projects will result in delay and indefinite postponement of these activities. There can be no assurance that additional finance will be available when needed or, if available, the terms of the financing might not be favourable to the Company and might involve substantial dilution to Shareholders.

Loan agreements and other financing rearrangements such as debt facilities, convertible note issues and finance leases (and any related guarantee and security) that may be entered into by the Company may contain covenants, undertakings and other provisions which, if breached, may entitle lenders to accelerate repayment of loans and there is no assurance that the Company would be able to repay such loans in the event of an acceleration. Enforcement of any security granted by the Company or default under a finance lease could also result in the loss of assets.

(c) **Trading Prices of Shares**

The Company's operating results, economic and financial prospects and other factors will affect the trading price of the Shares. In addition, the price of Shares is subject to varied and often unpredictable influences on the market for equities, including, but not limited to general economic conditions including, inflation rates and interest rates, variations in the general market for listed stocks, changes to government policy, legislation or regulation, industrial disputes, general operational and business risks and hedging or arbitrage trading activity that may develop involving the Shares.

The share prices for many companies have been and may in the future be highly volatile, which in many cases may reflect a diverse range of non-company specific influences such as global hostilities and tensions relating to certain unstable regions of the world, acts of terrorism and the general state of the global economy. No assurances can be made that the Company's market performance will not be adversely affected by any such market fluctuations or factors.

(d) **Potential acquisitions risk**

As part of its business strategy, the Company is actively seeking to make acquisitions of, or significant investments in, complementary companies or prospects, although no such acceptable acquisitions or investments have been identified to date. Any such transactions will be accompanied by risks commonly encountered in making such acquisitions.

(e) **Market conditions risk**

Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) introduction of tax reform or other new legislation;
- (iii) interest rates and inflation rates;
- (iv) changes in investor sentiment toward particular market sectors;
- (v) the demand for, and supply of, capital; and
- (vi) terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(f) **General economic and political risks**

Changes in the general economic and political climate in Australia, China and on a global basis may have an impact on economic growth, interest rates, the rate of inflation, taxation and tariff laws, and domestic security which may affect the value and viability of any activities that may be conducted by the Company.

(g) **Regulatory risk**

Changes in relevant taxes, legal and administration regimes, accounting practice and government policies may adversely affect the financial performance of the Company.

2.4 Speculative Investment

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Shares offered under this Prospectus.

The Shares offered under this Prospectus carry no guarantee in respect of value, profitability, dividends, return of capital or the price at which the Shares (subject to satisfying ASX of the quotation requirements set out in Chapter 2 of the ASX Listing Rules) may trade on the ASX.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

3. PURPOSE AND EFFECT OF THE OFFERS

3.1 Purpose of the Offer

As set out in Section 1.1, the primary purpose of this Prospectus is not to raise funds, rather, to remove trading restrictions on Shares issued by the Company without disclosure under Part 6D of the Corporations Act prior to the Closing Date (including prior to the date of this Prospectus).

An amount of up to \$200 will be raised under the Offer (before costs). The funds raised from the Offer will be applied towards the expenses of the Offer. Refer to Section 5.10 for details of the estimated expenses of the Offer.

Section 707(3) of the Corporations Act generally requires that a prospectus is issued in order for a person to whom securities were issued without disclosure under Part 6D of the Corporations Act to on-sell those securities within 12 months of the date of their issue.

The Corporations Act provides an exception to section 707(3) where an entity issues a 'cleansing' notice under section 708A(5). However, the Company is precluded from issuing a 'cleansing' notice in respect of the Shares due to the length of time that the Shares have been suspended. Consequently, the Company has issued this Prospectus in respect of the Offer.

3.2 Effect on control of the Company

The Offer will not have a material impact on the control (as defined by section 50AA of the Corporations Act) of the Company.

3.3 Financial effect of the Offer

No funds will be raised from the Offer. After paying the expenses of the Offer of approximately \$10,206 (exclusive of GST), there will be no net proceeds from the Offer. The expenses of the Offer will be met from the Company's existing cash reserves. The effect of the Offer on the Company's financial position will be a net decrease in cash held of approximately \$10,006 (exclusive of GST).

3.4 Effect on capital structure

The effect of the Offer on the capital structure of the Company (assuming all Shares offered under the Prospectus are issued and no other Securities are issued) is set out below.

Security	Number
Shares¹	
Shares on issue as at the date of this Prospectus	277,716,703
Shares to be issued pursuant to the Offer	10,000
Total Shares on issue on completion of the Offer²	277,726,703
Options	
Options on issue as at the date of this Prospectus ³	208,751,092

Total Options on issue on completion of the Offer	208,751,092
Performance Rights	
Performance Rights on issue at the date of this Prospectus ⁴	8,875,000
Total Performance Rights on issue on completion of the Offer	8,875,000

Notes:

- 1 The rights and liabilities attaching to the Shares are summarised in Section 4.1.
- 2 This assumes the Offer is fully subscribed and the Shares offered pursuant to the Offer are issued.
- 3 Comprising:
 - (a) 5,000,000 Options exercisable at \$0.25 and expiring on 28 February 2027 (ASX:OM1AE); and
 - (b) 203,751,092 listed Options exercisable at \$0.025 and expiring on 21 March 2028 (ASX:OM1O).
- 4 Each Performance Right is convertible into one Share upon the following milestones being achieved:

Milestone	Expiry Date	Number of Performance Rights
Company achieving a VWAP of at least \$0.30 over a period of 20 consecutive trading days.	26 August 2028	6,625,000
Company achieving a VWAP of at least \$0.40 over a period of 20 consecutive trading days.	20 October 2026	750,000
Company achieving a VWAP of at least \$0.55 over a period of 20 consecutive trading days.	20 October 2026	750,000
Company achieving a VWAP of at least \$0.75 over a period of 20 consecutive trading days.	20 October 2026	750,000

3.5 Details of substantial holders

Based on publicly available information as at the date of this Prospectus and a review of the Company's share register, the persons who (together with their associates) have a relevant interest in 5% or more of the Shares on issue are set out below:

Shareholder	Shares	%
Ms Chunyan Niu	20,000,000	7.20
Syracuse Capital Pty Ltd <Tenacity A/C>	15,286,228	6.66

The Offer will have no effect on the quantity of Shares held by these substantial shareholders. The Company will notify ASX of any changes in interests of the substantial holders in accordance with its continuous disclosure obligations.

4. RIGHTS ATTACHING TO SECURITIES

4.1 Rights and liabilities attaching to Shares

The following is a summary of the more significant rights and liabilities attaching to the Shares being the underlying securities of the Shares to be issued pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

(a) General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with Section 249D of the Corporations Act.

(b) Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of Shares, at general meetings of Shareholders or classes of Shareholders:

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative or if a determination has been made, by direct vote;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote (even though he or she may represent more than one member); and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall (or where a Direct Vote has been lodged), in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for the Share, but in respect of partly paid Shares, shall have such number of votes being equivalent to the proportion which the amount paid (not credited) is of the total amounts paid and payable in respect of those Shares (excluding amounts credited).

(c) Dividend rights

Subject to and in accordance with the Corporations Act, the Listing Rules, the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend is payable, fix the amount and the time for payment and authorise the payment or crediting by the Company to, or at the direction of, each Shareholder entitled to that dividend. The Directors may rescind a decision to pay a dividend if they decide, before the payment date.

No dividend shall carry interest as against the Company.

The Directors may resolve to capitalise any sum, being the whole or a part of the amount for the time being standing to the credit of any reserve account or the profit and loss account or otherwise available for distribution to Shareholders; and may, but need not, resolve to apply the sum in any of the ways mentioned in clause 4.10 of the Constitution, for the benefit of Shareholders in the proportions to which those Shareholders would have been entitled in a distribution of that sum by way of dividend.

Subject to the Listing Rules, the Directors may grant to Shareholders or any class of Shareholders the right to elect to reinvest cash dividends paid by the Company by subscribing for shares in the Company on such terms and conditions as the Directors think fit.

(d) **Restricted Securities**

The Company shall comply in all respects with the requirements of the Listing Rules with respect to Restricted Securities. Without limiting the generality of the above:

- (i) a holder of Restricted Securities must not Dispose of, or agree or offer to Dispose of, the Securities during the escrow period applicable to those Securities except as permitted by the Listing Rules or the ASX;
- (ii) if the Restricted Securities are in the same class as quoted Securities, the holder will be taken to have agreed in writing that the Restricted Securities are to be kept on the Company's issuer sponsored subregister and are to have a Holding Lock applied for the duration of the escrow period applicable to those Securities;
- (iii) the Company will refuse to acknowledge any Disposal (including, without limitation, to register any transfer) of Restricted Securities during the escrow period applicable to those Securities except as permitted by the Listing Rules or the ASX;
- (iv) a holder of Restricted Securities will not be entitled to participate in any return of capital on those Securities during the escrow period applicable to those Securities except as permitted by the Listing Rules or the ASX; and
- (v) if a holder of Restricted Securities breaches a Restriction Deed or a provision of this Constitution restricting a Disposal of those Securities, the holder will not be entitled to any dividend or distribution, or to exercise any voting rights, in respect of those Securities for so long as the breach continues.

(e) **Winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution of the Company, divide among the shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution of the Company, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any Shares or other securities in respect of which there is any liability.

(f) **Shareholder liability**

As the Shares under the Prospectus are fully paid shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(g) **Transfer of Shares**

Subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act or the ASX Listing Rules, the Shares are freely transferable.

(h) **Variation of rights**

Pursuant to Section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of Shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three-quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

(i) **Alteration of Constitution**

The Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

5. ADDITIONAL INFORMATION

5.1 Company Update

Details of the Company's current activities are set out in the announcements made by the Company to the ASX and are available from the ASX, or the Company's website at <https://omniametals.com.au/>.

5.2 Nature of this Prospectus

The Shares to be issued pursuant to this Prospectus are continuously quoted securities. This Prospectus is issued under the special prospectus content rules for continuously quoted securities (and options to acquire continuously quoted securities) in section 713 of the Corporations Act. This enables listed disclosing entities, such as the Company, to issue a prospectus for continuously quoted securities with modified disclosure requirements if they satisfy certain requirements.

The information in this Prospectus principally concerns the terms and conditions of the Offer and the information reasonably necessary to make an informed assessment of:

- (a) the effect of the Offer on the Company; and
- (b) the rights and liabilities attaching to the Shares offered pursuant to this Prospectus.

The Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore also have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest in the Company.

5.3 Continuous Reporting and Disclosure Obligations

As the Company is admitted to the official list of ASX, the Company is a "disclosing entity" for the purposes of the Corporations Act. As such, it is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose to the market any information it has which a reasonable person would expect to have a material effect on the price or the value of the Company's securities.

Price sensitive information is publicly released through ASX before it is disclosed to Shareholders and market participants. Distribution of other information to Shareholders and market participants is also managed through disclosure to ASX. In addition, the Company posts information on its website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

Investors are encouraged to check and monitor any further announcements made by the Company to ASX prior to securities being issued under the Offer. To do so, please refer to the Company's ASX announcements platform via www.asx.com.au.

By virtue of section 713 of the Corporations Act, the Company is entitled to issue a "transaction-specific" prospectus in respect of the Offer.

In general terms, a "transaction-specific prospectus" is only required to contain information in relation to the effect of the issue of securities on the Company and the rights and liabilities attaching to the securities. It is not necessary to include general information in relation to all

of the assets and liabilities, financial position and performance, profits and losses or prospects of the issuing company.

As a disclosing entity under the Corporations Act, the Company states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an office of ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report of the Company for the financial year ended 30 June 2025;
 - (ii) any half-year financial report of the Company lodged with ASIC after the lodgement of the annual financial report referred to above and before the lodgement of this Prospectus with ASIC; and
 - (iii) all continuous disclosure notices given by the Company after the lodgement of the annual financial report referred to above and before the lodgement of this Prospectus with ASIC (see below).

There is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules that investors or their professional advisers:

- (a) would reasonably require for the purpose of making an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (ii) the rights and liabilities attaching to the securities the subject of this Prospectus; and
- (b) would reasonably expect to find in this Prospectus.

This Prospectus contains information specific to the Offer. If investors require further information in relation to the Company, they are recommended to take advantage of the opportunity to inspect or obtain copies of the documents referred to above.

The following announcements have been lodged with ASX in respect of the Company since the Company lodged its annual financial report for the financial year ended 30 June 2025 on 30 September 2025.

Date	Title
30/10/2025	Quarterly Activities/Appendix 5B Cash Flow Report
29/10/2025	Issue of Tranche 1 Placement Shares
29/10/2025	Section 708A Cleansing Statement
29/10/2025	Application for quotation of securities - OM1
29/10/2025	Application for quotation of securities - OM1

Date	Title
28/10/2025	Cancel - Notification regarding unquoted securities - OM1
28/10/2025	Notification regarding unquoted securities - OM1
23/10/2025	Proposed issue of securities - OM1
23/10/2025	Placement to Advance Exploration & Growth
21/10/2025	Trading Halt
15/10/2025	Ceasing to be a substantial holder
13/10/2025	Notice of Annual General Meeting/Proxy Form
13/10/2025	Response to ASX Price Query
13/10/2025	Salt Creek Drilling Results and Project Update

30/09/2025	Annual Report to Shareholders

5.4 Market Price of Shares

The highest and lowest closing prices of Shares on the ASX during the 3 months preceding the date of this Prospectus, and the closing price on the trading day before the date of this Prospectus, are set out below.

	Price	Date
Highest	\$0.026	24 October 2025
Lowest	\$0.011	12 August 2025, 15 – 18 August 2025
Last	\$0.022	30 October 2025

The last trading price of Shares on ASX prior to the Prospectus being lodged is not a reliable indicator as to the potential trading price of the Shares or Shares after implementation of the Offer.

5.5 Litigation

As at the date of this Prospectus, the Company is not involved in any legal proceedings and the Directors are not aware of any legal proceedings pending or threatened against the Company.

5.6 Directors' Interests

Other than as set out below or elsewhere in this Prospectus, no Director has, or had within two years before lodgement of this Prospectus with ASIC, any interest in:

- (a) the formation or promotion of the Company;
- (b) property acquired or proposed to be acquired by the Company in connection with its formation or promotion of the Offer; or
- (c) the Offer,

and no amounts have been paid or agreed to be paid (in cash or securities or otherwise) and no benefits have been given or agreed to be given to any Director:

- (a) to induce him to become, or to qualify him as, a Director; or
- (b) for services rendered by him in connection with the formation or promotion of the Company or the Offer.

Remuneration

The remuneration (including superannuation unless stated otherwise) paid or due to be paid to the Directors for the two financial years prior to the date of this Prospectus, and proposed to be paid to the Directors for the current financial year (on an annualised basis), is set out below.

Director	FY 2024	FY 2025	FY 2026
Patrick Glovac ¹	–	\$22,850	\$60,000
Quinton Meyers ²	\$22,198	\$34,258	\$50,000
Christopher Zielinski ³	\$67,798	\$19,134	\$50,000

Notes:

- 1 Mr Glovac was appointed as Executive Chairman on 1 May 2025. For FY2025, Mr Glovac's remuneration comprised of a salary of \$10,000, superannuation payments of \$1,150 and equity based payments of \$11,700. Mr Glovac is entitled to an annual salary of \$60,000 (excluding superannuation) for FY2026.
- 2 Mr Meyers was appointed as Non-Executive Director on 22 December 2023. For FY2024, Mr Meyers' remuneration comprised of a salary of \$19,998 and superannuation payments of \$2,200. For FY2025, Mr Meyers' remuneration comprised of a salary of \$19,998, superannuation payments of \$2,560 and equity based payments of \$11,700. Mr Meyers is entitled to an annual salary of \$50,000 (excluding superannuation) for FY2026.
- 3 Mr Zielinski was appointed as Non-Executive Director on 1 May 2025. For FY2024, Mr Zielinski's remuneration comprised of a salary of \$20,000, superannuation payments of \$2,200 and equity based payments of \$45,598. For FY2025, Mr Zielinski's remuneration comprised of a salary of \$6,667, superannuation payments of \$767 and equity based payments of \$11,700. Mr Zielinski is entitled to an annual salary of \$50,000 (excluding superannuation) for FY2026.

Further information relating to the remuneration of Directors can be found in the Company's annual financial report for the financial year ended 30 June 2025, which was announced to ASX on 30 September 2025.

Securities

The securities in which the Directors and their associates have or are proposed to have relevant interests in at the date of this Prospectus are set out below.

Director	Shares	Options	Performance Rights
Patrick Glovac ¹	5,289,250	4,250,000	3,500,000
Quinton Meyers ²	1,562,500	3,000,000	1,562,500
Christopher Zielinski ³	1,687,500	3,000,000	2,062,500

Notes:

- 1 Comprising:
 - (a) the following securities held indirectly by Kcirtap Securities Pty Ltd <N&P Glovac Family A/C>, an entity of which Mr Glovac is a director and shareholder:
 - (i) 4,739,250 Shares
 - (ii) 1,250,000 unlisted Options (ASX:OM1AE) exercisable at \$0.25 on or before 28 February 2027;
 - (iii) 3,000,000 listed Options (ASX:OM1O) exercisable at \$0.025 on or before 21 March 2028; and
 - (iv) 3,500,000 Performance Rights; and
 - (b) 550,000 Shares held indirectly by Murdoch Capital Pty Ltd <Glovac Superfund A/C>, an entity of which Mr Glovac is a director and shareholder.
- 2 Comprising 1,562,500 Shares, 3,000,000 listed Options (ASX:OM1O) exercisable at \$0.025 on or before 21 March 2028 and 1,562,500 Performance Rights held directly:
- 3 Comprising:
 - (a) 50,000 Shares and 500,000 Performance Rights held directly; and
 - (b) the following securities held indirectly by YMG Fine Art Pty Ltd, an entity of which Mr Zielinski is a director and shareholder:
 - (i) 1,637,500 Shares;
 - (ii) 3,000,000 listed Options (ASX:OM1O) exercisable at \$0.025 on or before 21 March 2028; and
 - (iii) 1,562,500 Performance Rights.

5.7 Related party transactions

There are no related party transactions entered into in respect of the Offer that have not otherwise been disclosed in this Prospectus.

5.8 Interests of experts and advisers

Other than as set out below or elsewhere in this Prospectus, no underwriter, promoter or any other person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of the Prospectus holds, or has held within two years before lodgement of this Prospectus with ASIC, any interest in:

- (a) the formation or promotion of the Company; or
- (b) property acquired or proposed to be acquired by the Company in connection with its formation or promotion of the Offer; or

(c) the Offer,

and no amounts have been paid or agreed to be paid (in cash or Shares or otherwise) to any underwriter, promoter or any other person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus, for services rendered by that person in connection with the formation or promotion of the Company or the Offer.

Nova Legal has acted as the solicitors to the Company in relation to the Offers. The Company estimates it will pay Nova Legal \$7,000 (excluding GST and disbursements) for these services. During the 24 months preceding lodgement of this Prospectus with the ASIC, Nova Legal has received \$156,515.23 from the Company for the provision of its services.

5.9 Consents

Each of the parties referred to in this Section:

- (a) does not make, or purport to make, any statement in this Prospectus other than those referred to in this Section; and
- (b) to the maximum extent permitted by law, expressly disclaims and takes no responsibility for any part of this Prospectus other than a reference to its name and a statement included in this Prospectus with the consent of that party as specified in this Section.

Nova Legal has given its written consent to being named as solicitors to the Company in this Prospectus. Nova Legal has not withdrawn its consent prior to lodgement of this Prospectus with ASIC.

5.10 Estimated expenses of the Offer

The estimated cash costs of the Offer (exclusive of GST) are set out below:

Item	Amount (\$)
ASIC lodgement fee	\$3,206
Legal fees	\$7,000
Total	\$10,206

5.11 Electronic Prospectus

Pursuant to ASIC Regulatory Guide 107, ASIC has exempted compliance with certain provisions of the Corporations Act to allow distribution of an electronic prospectus on the basis of a paper prospectus lodged with ASIC, and the publication of notices referring to an electronic prospectus, subject to compliance with certain conditions.

If you have received this Prospectus as an electronic Prospectus, please ensure that you have received the entire Prospectus. If you have not, please contact the Company and the Company will send you, for free, either a hard copy or a further electronic copy of the Prospectus or both.

The Company reserves the right not to accept an Application Form from a person if it has reason to believe that when that person was given access to the electronic Application Form,

it was not provided together with the electronic Prospectus and any relevant supplementary or Prospectus or any of those documents were incomplete or altered.

6. DIRECTORS' AUTHORISATION

This Prospectus is dated 31 October 2025 and issued by the Company and its issue has been authorised by a resolution of the Directors.

The Directors have made all reasonable enquires and on that basis have reasonable grounds to believe that any statements made by the Directors in this Prospectus are not misleading or deceptive.

This Prospectus is prepared on the basis that certain matters may reasonably be expected to be known to likely investors or their professional advisors.

Each of the Directors of the Company has consented to the lodgement of this Prospectus in accordance with section 720 of the Corporations Act and has not withdrawn that consent.

Signed for and on behalf of Omnia Metals Group Limited:

Patrick Glovac
Executive Chairman
For and on behalf of Omnia Metals Group Limited
