

# ATLA Native Title Mining Agreement Executed

## Highlights:

- **Native Title Mining Agreement (NTMA)** executed with **Adnyamathanha Traditional Lands Association (Aboriginal Corporation) Registered Native Title Body Corporate (ATLA)** relating to Orpheus's Frome and Marree Uranium Projects.

Following the announcement on 20 October 2025, **Orpheus Uranium Limited (ASX: ORP)** ("**Orpheus**" or "**the Company**") is pleased to confirm that the community-endorsed **Native Title Mining Agreement (NTMA)** between the **Adnyamathanha Traditional Lands Association Aboriginal Corporation (ATLA)** and the Company's 100% owned subsidiary Trachre Pty Ltd. has been executed.

Execution of the NTMA represents a key milestone and a critical requirement for obtaining regulatory approvals to commence Orpheus' inaugural drilling program at its highly prospective Frome and Marree Uranium Projects.

The Company is now progressing the necessary steps to secure regulatory approvals in accordance with South Australian Government processes. Further updates will be provided to the market in due course.

**About Orpheus Uranium**

Orpheus Uranium Limited is an Australian Securities Exchange (ASX) listed exploration company exploring for uranium in South Australia and the Northern Territory, both jurisdictions which allow uranium exploration, mining and processing. More recently, Orpheus has extended tenure into Western Australia through the acquisition of the Oobagooma Uranium Project, a state that contains multiple known uranium deposits.

**Competent Person Statement**

Sections of information contained in this report that relate to Exploration Results were compiled or reviewed by Mr Clinton Dubieniecki BSc (Hons), who is a Member of the Australian Institute of Geoscientists (AIG), Member of Australasian Institute of Mining and Metallurgy (AusIMM), and is a full-time employee of Orpheus Uranium Limited. Mr Dubieniecki has sufficient experience which is relevant to the style of mineral deposits under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Mineral Resources and Ore Reserves". Mr Dubieniecki consents to the inclusion in this report of the matters based on this information in the form and context in which it appears.

**Forward Looking Statements**

The written presentation may contain forward-looking statement regarding the outlook for the Company's interpretation, work programs, and financial results. These forward-looking statements generally can be identified by phrases such as "anticipates", "potential", "plans", "intends", "believes", "likely", "appears", "expects", "likely", "appears" or other words or phrases of similar impact. There is inherent risk and uncertainty in any forward-looking statements. Variance will occur and some could be materially different from management's opinion. Developments that could impact the Company's expectations include a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to differ from those expressed or implied, including, without limitation, business integration risks; uncertainty of development plans and cost estimates, commodity price fluctuations; political or economic instability and regulatory changes; currency fluctuations, the state of the capital markets, Orpheus' ability to attract and retain qualified personnel and management, potential labour unrest, unpredictable risks and hazards related to the development and operation of exploration programs that are beyond the Company's control, the availability of capital to fund all of the Company's projects. These forward-looking statements are made as of the date of this presentation and the Company assumes no obligation to update these forward-looking statements, or to update the reasons why actual results differed from those projected in the forward-looking statements, except in accordance with applicable securities laws.
