Completion of Tranche 2 of the Placement

Range International Limited (ASX:RAN, **Company** or **Range**), manufacturer of Re>Pal™ 'zero-waste', recycled plastic pallets is pleased to announce the successful completion of Tranche 2 of the two-tranche placement to raise in aggregate A\$1,577,647 (before costs).

The Company confirms that it has today issued 648,823,500 fully paid ordinary shares in the Company (**Placement Shares**) at an issue price of A\$0.002 per Placement Share to complete the placement announced by the Company on 23 September 2025 (**Placement**).

The issue of the Placement Shares under Tranche 2 was approved by shareholders on 10 November 2025.

Funds received under the Placement will be used to drive the Company's growth initiatives across rental pallets in Indonesia, and expansion into Philippines to expand pallet production. Funds will also be used to pay-down its existing debt facility, which will save the Company on interest costs. However, notably, the Company will continue to have full access to its existing debt facility (of A\$575K until 24 December 2026), which further strengthens the Company's access to capital when required. An indicative use of funds is provided below.

Indonesian pallet rental opportunity including production costs of rental pallets	A\$600,000
Expansion into Philippines including setup, plant and excess equipment relocation	A\$378,000
Repayment of existing debt facility	A\$352,000

Working capital	A\$207,647
