Chair's Address

Nuchev Limited | AGM | 12.00pm AEDT | 28 November 2025

COMPANY PERFORMANCE OVERVIEW

This year, Nuchev delivered strong results, despite an ongoing and challenging macroeconomic environment. Group revenue grew to \$22.9m, an increase of 110%. Oli6® nutritional revenue grew by thirty-one percent, reaching \$14.3m. Our practitioner channel contributed \$8.5m in revenue. We also saw an improvement in net contribution margin to 26%, delivering a \$5.5m uplift compared to last year. Our adjusted EBITDA loss improved to three million dollars, almost a 50% improvement, and our operating loss after tax reduced by 48%. We closed the year with a healthy balance sheet, supported by \$7m in working capital, \$11.2m in net assets, \$3.6m in cash, and no external debt.

OPERATIONAL ACHIEVEMENTS

FY25 was our first full year operating as a diversified House of Brands, and we delivered several important achievements. We saw continued growth across the Oli6® nutritional portfolio and our practitioner-led therapeutics business. We completed the acquisition and integration of bWellness, expanding our scale and capability in the practitioner channel. In Vietnam, we launched Oli6® for the first time, generating \$1.6m in its first year. And in China, our CBEC channel grew to \$6.4m dollars in sales. Domestically, our partnerships with Coles, Woolworths, Chemist Warehouse, and major pharmacy groups helped strengthen our footprint. And we signed a new exclusive sales agency agreement with Brauer and H&S Brands, broadening our retail pharmacy portfolio.

STRATEGIC OUTLOOK

Looking ahead, our strategy remains focused on scaling Nuchev to profitability. Our priorities are clear:

1. Growing our global presence
2. Accelerating innovation and new product development
3. Strengthening our brands
4. Driving sales growth with better marketing and digital enablement
5. Maintaining financial strength and sustainable growth

Innovation will continue to play a central role. In October 2025, we launched OliGrow+ ahead of China's Double 11 event, and we continue to invest in adjacent categories to support long-term growth. ESG and sustainability remain important commitments for us, aligned with our vision of ***"Inspiring healthier, happier futures for all."***

MARKET CONDITIONS

Although the operating environment remains dynamic and occasionally unpredictable, our diversified brand portfolio and disciplined execution give us confidence in the Company's future trajectory.

BOARD AND MANAGEMENT UPDATES

This year brought important leadership updates. In February, Nathan Cheong was appointed as CEO, strengthening our capability and focus across the business. Mick Myers transitioned into the combined COO and CFO role. With the leadership transition now complete, Mick will leave the business in December. We thank him sincerely for his contribution and dedication. The Board also welcomed Leo Zhang as a Director, adding further experience and depth to our governance. Risk management and compliance continue to be key priorities for the Board as we support Nuchev's long-term sustainable growth.

SHAREHOLDER VALUE

We remain focused on reinvesting for growth, maintaining a strong balance sheet, and building the foundations to support long-term shareholder value. Nucheve is becoming a more resilient and diversified business—through international expansion, innovation, strong partnerships, and brand portfolio growth.

CLOSING REMARKS

I would like to extend my thanks once again - to our shareholders for your trust and support. To our employees for your hard work, commitment, and belief in our vision. To our partners and suppliers for your ongoing collaboration. And to my fellow Directors, for your guidance and contribution throughout the year. Together, we are building a stronger, more sustainable Nucheve.
