

Oceana Metals to present at RRS Summer Series Conference

December 2025

The Resource Rising Stars Summer Series Conference presentations are being hosted at the following venues in each city:

SYDNEY, TUESDAY 2nd DECEMBER:

Sofitel Wentworth, 61-101 Phillip Street, Sydney
8.40am – 5.30pm (AEDT)

MELBOURNE, THURSDAY 4th DECEMBER:

Sofitel on Collins, 25 Collins Street, Melbourne
Time: 8.40am – 5.30pm (AEDT)

Investors and shareholders who are interested in attending these events can register by clicking [here](#).

The Melbourne Conference will also be livestreamed. To watch the conference livestream, please register here: https://www.bigmarker.com/series/rrs-summer-series-2025/series_summit

Oceana Metals MD, Mick Wilson, will be presenting at 12:30pm on both days.

Oceana Metals Limited (ASX:OCN) advises that its Managing Director, Mick Wilson, will be presenting at the *Resources Rising Stars Summer Series Conferences*, which are being held in Sydney on Tuesday, 2 December and in Melbourne on Thursday, 4 December 2025.

It is recommended that online investors pre-register prior to the commencement of the presentation.

A recording of the presentation will be sent to all registered attendees shortly after the conclusion of the presentation via the online conference platform, and an edited version will be released on the Company's website and other platforms after the event.

A copy of the Company's presentation to be delivered at these forums is attached.

By authority of the board of directors.

Corporate Presentation

December 2025

DISCLAIMER

This presentation has been prepared by Oceana Metals Limited (ACN 654 593 290) (**Company**) based on information from its own and third party sources and is not a disclosure document. No party other than the Company has authorised or caused the issue, lodgement, submission, dispatch or provision of this presentation, or takes any responsibility for, or makes or purports to make any statements, representations or undertakings in this presentation. Except for any liability that cannot be excluded by law, the Company and its related bodies corporate, directors, employees, servants, advisers and agents disclaim and accept no responsibility or liability for any expenses, losses, damages or costs incurred by you relating in any way to this presentation including, without limitation, the information contained in or provided in connection with it, any errors or omissions from it however caused, lack of accuracy, completeness, currency or reliability or you or any other person placing any reliance on this presentation, its accuracy, completeness, currency or reliability. This presentation is not a prospectus, disclosure document or other offering document under Australian law or under any other law. It is provided for information purposes and is not an invitation nor offer of shares or recommendation for subscription, purchase or sale in any jurisdiction. This presentation does not purport to contain all the information that a prospective investor may require in connection with any potential investment in the Company. Each recipient must make its own independent assessment of the Company before acquiring any shares in the Company (**Shares**).

This presentation may not be released to US wire services or distributed in the United States. The distribution of this presentation in the United States and elsewhere outside Australia may be restricted by law. Persons who come into possession of this presentation should observe any such restrictions as any non-compliance could contravene applicable securities laws. See "International Offer Jurisdictions" for more information.

This document contains forward looking statements concerning the Company. Forward-looking statements are not statements of historical fact, and actual events and results may differ materially from those described in the forward-looking statements as a result of a variety of risks, uncertainties and other factors. Forward-looking statements are inherently subject to business, economic, competitive, political and social uncertainties and contingencies. Many factors could cause the Company's actual results to differ materially from those expressed or implied in any forward-looking information provided by the Company, or on behalf of the Company. Such factors include, among other things, risks relating to additional funding requirements, metal prices, exploration, development and operating risks, competition, production risks, regulatory restrictions, including environmental regulation and liability and potential title disputes. Forward looking statements in this document are based on the Company's beliefs, opinions and estimates of the Company as of the dates the forward-looking statements are made, and no obligation is assumed to update forward looking statements if these beliefs, opinions and estimates should change or to reflect other future developments. Although management believes that the assumptions made by the Company and the expectations represented by such information are reasonable, there can be no assurance that the forward-looking information will prove to be accurate. Forward-looking information involves known and unknown risks, uncertainties, and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any anticipated future results, performance or achievements expressed or implied by such forward-looking information. Such factors include, among others, the actual market price of commodities, the actual results of future exploration, changes in project parameters as plans continue to be evaluated, as well as those factors disclosed in the Company's publicly filed documents. Readers should not place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws. No representation, warranty or undertaking, express or implied, is given or made by the Company that the occurrence of the events expressed or implied in any forward-looking statements in this presentation will actually occur.
