

3 December 2025

Appointment of Chief Financial Officer

Melbourne, Australia – SenSen Networks Limited (ASX:SNS) (“SenSen” or “the Company”), a global provider of Live Awareness AI solutions, is pleased to announce the appointment of Glen Dymond as Chief Financial Officer, effective 5 January 2026.

Glen is an experienced CFO with over 25 years’ experience in technology, healthcare and infrastructure businesses. Most recently Glen has been CFO of Plexus, a privately owned legal technology enterprise SaaS business, and prior to that CFO and Company Secretary of 5G Networks Limited (ASX: 5GN), a telecommunications and managed services provider.

Commenting on Glen’s appointment, SenSen CEO and Managing Director Subhash Challa said: “We are very pleased to welcome Glen to the SenSen executive team. His strong ASX and technology experience, ability to support businesses through periods of rapid growth, and strong cultural alignment will make him an integral part of the leadership team as we continue on our growth trajectory. We have been strengthening our financial position and governance over the last 12 months, and we see that this important appointment will deliver enhanced financial management and oversight.”

Commenting on his appointment, Glen said “I am delighted to join SenSen and support Subhash and the Board as the business continues its growth journey. With a market leading product and international expansion well underway, the business is well placed to deliver on its ambitious growth plans. It is an exciting time to be joining SenSen.”

Justin Owen, who has been with SenSen as Interim CFO since July 2025 will continue with the business until the end of January 2026 to facilitate a smooth handover to Glen. The Board would like to thank Justin for his contribution to the SenSen business over the last six months.

This release is approved by the Board of SenSen.

ASX RELEASE

SenSen Networks Limited

About SenSen Networks Limited

An innovator in smart urban management solutions, SenSen leads the way in AI technology with the pioneering Live Awareness AI Platform. This revolutionary system analyses data from cameras and sensors in real-world spaces, seamlessly integrating it with contextually significant digital enterprise data for a safer and more efficient global landscape.

SenSen's solutions are alleviating traffic congestion, enhancing road and personal safety, and elevating urban life in prominent cities like Chicago, Las Vegas, Vancouver, Calgary, Toronto, Montreal, Singapore, Adelaide, and Brisbane. Additionally, the Company's AI-driven technology is generating substantial annual savings for major fuel retail brands, including AMPOL, Chevron and Liberty.
