

ASX Announcement | 3 December 2025

Change of Company Name and Registered Office Address

Linius Technologies Limited (ASX: LNU) (**Company**) – the only cloud-based solution that unlocks the value of video archives with immersive, deeply personalised viewer experiences via its Linius Video Services (LVS) platform – is pleased to confirm its name change to **Ion Video Ltd** and new registered office and business addresses for the Company.

Change of company name

The Company's name change was approved by shareholders at the Annual General Meeting of the Company held on 24 November 2025 and ASIC has updated the Company's registration details accordingly.

ASX has also confirmed that the new ASX code for the Company will be "**IOV**", effective **Thursday 4 December 2025**.

Shareholders are not required to take any action as the change of name and ASX code will be processed automatically.

A full rebrand launch is planned for late January 2026. In the meantime, all contact details for the Company (other than registered and business addresses – see below) remain the same.

Change of registered and business addresses

In accordance with ASX listing rule 3.14, the Company advises that its registered office, principal place of business and postal addresses have changed to:

Level 2
161 Collins Street
MELBOURNE Victoria 3000

-Ends

This announcement has been approved for release by the Board of LNU.

About Ion Video Ltd:

Our purpose is to unlock the value of the world's video, creating immersive, deeply personalised viewing experiences. For the first time, we make it possible to find, curate, and utilise the valuable moments across vast libraries of video, enabling viewers to create an infinite amount of personalised video compilations on-the-fly, providing the most relevant content to each viewer.

Our patented Video Virtualisation Engine™ (VVE) turns big, bulky video files into lightweight, searchable data that is enriched with AI and ML, making it easy and efficient for users to find and share what matters to them. Creators and owners of video can drive greater viewing and monetisation of their video assets.
