

REBECCA-ROE GOLD PROJECT - AGREEMENT SIGNED WITH KAKARRA PART B NATIVE TITLE HOLDERS

Ramelius Resources Limited (ASX: RMS) (Ramelius or the Company) is pleased to announce the successful negotiation and execution of a Native Title Mining Agreement (NTMA) between Ramelius Resources and the Kakarra Part B Native Title Holders for the Rebecca-Roe Project.

Highlights

- The **execution of the NTMA** is a crucial step in securing the development pathway for the Rebecca-Roe Gold Project
- NTMA will facilitate initial development and ongoing operation of the project, delivering economic and social benefits to the Kakarra Part B Native Title Holders
- Other key project priorities, including optimisation work streams, necessary statutory approvals and early works targeted to commence in early 2026, can now be accelerated

The execution of the Native Title Mining Agreement is a significant milestone for Ramelius and the Kakarra Part B Native Title Holders. It will facilitate the development and ongoing operation of the Rebecca-Roe Project, located 150km east of Kalgoorlie in the West Australian goldfields, and will deliver benefits to the Kakarra Part B Native Title Holders.

With the Native Title Mining Agreement now in place, Ramelius can accelerate the Rebecca-Roe Project's other priorities with confidence, including work streams and statutory approvals relevant to the optimisation of Rebecca-Roe and early works looking to commence in early 2026.

Managing Director, Mark Zeptner said:

"On behalf of the Company's Board, I express our sincere thanks to the Kakarra Part B Native Title Holders leaders and negotiation team who have productively engaged with Ramelius and the efficient and dedicated work of the legal teams from both parties."

The completion of this Agreement is an important milestone on the road to the successful development of Rebecca-Roe and securing its long-term operational future.

This ASX announcement was authorised for release by the Managing Director on behalf of the Board of Directors.
