2.15 ASX listing

Application for official quotation by ASX of the Shares offered pursuant to this Offer Document will be made. The fact that ASX may grant official quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares now offered for subscription.

2.16 CHESS

The Company is a participant in CHESS, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHESS will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Shares allotted to them under this Offer Document. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHESS and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

2.17 Risk Factors

An investment in Shares should be regarded as speculative. In addition to the general risks applicable to all investments in listed securities, there are specific risks associated with an investment in the Company which are non-exhaustive. Please refer to Section 4 of this Offer Document for further details.

2.18 Taxation implications

The Directors do not consider it appropriate to give Shareholders advice regarding the taxation consequences of subscribing for Shares under this Offer Document. The Company, its advisers and its officers do not accept any responsibility or liability for any such taxation consequences to Shareholders.

Shareholders should consult their professional tax adviser in connection with subscribing for Shares under this Offer Document.

2.19 Continuous disclosure obligations

The Company is a "disclosing entity" (as defined in section 111AC of the Corporations Act) for the purposes of the Corporations Act and its Shares are enhanced disclosure securities quoted on ASX and, as such, the Company is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules.

Specifically, the Company is required to notify ASX of information about specific events and matters as they arise for the purposes of the ASX making that information available to the securities markets conducted by the ASX. In particular, the Company has an obligation under the ASX Listing Rules (subject to certain exceptions) to notify the ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price of value of its securities.

This Offer Document is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include information that would be included in a disclosure document or which investors ought to have regard to in deciding whether to subscribe for Shares under the Offer. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

All announcements made by the Company are available from its website <https://pathkey.ai/> or the ASX www.asx.com.au.

Additionally, the Company is also required to prepare and lodge with ASIC yearly and half-yearly financial statements accompanied by a directors' statement and report, and an audit report or review. These reports are released to ASX and published on the Company's and the ASX websites.

This Offer Document (including the Entitlement & Acceptance Form) and the contracts that arise from acceptance of the Applications are governed by the laws applicable in New South Wales and each Applicant submits to the non-exclusive jurisdiction of the courts of New South Wales.

Your completed Entitlement and Acceptance Form and payment must reach the Registry no later than 5:00pm (AEDT) on the Closing Date.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

3.2 Implications of an acceptance

Returning a completed Entitlement and Acceptance Form or paying any Application monies will be taken to constitute a representation by you that:

- (a) you have received a copy of this Offer Document and the accompanying Entitlement and Acceptance Form, and read them both in their entirety; and
- (b) you acknowledge that once the Entitlement and Acceptance Form is returned, or a payment instruction is given in relation to any Application monies, the Application may not be varied or withdrawn except as required by law.

3.3 Payment by cheque/bank draft

The Company will not accept payment by cheque or bank draft.

3.4 Payment options

(a) **By BPAY®**

For payment by BPAY®, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (i) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form;
- (ii) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your Application monies; and
- (iii) if you pay more than is required to subscribe for your Entitlement, you will be taken to have applied for Shortfall Securities (if any) under the Shortfall Offer, to the extent of the excess.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. **It is your responsibility to ensure that funds submitted through BPAY® are received by 5:00pm (AEDT) on the Closing Date. The Company shall not be responsible for any delay in the receipt of the BPAY® payment.**

Guidance where you have more than one CRN (Shareholding of Shares)

If you have more than one shareholding of Shares and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those Shareholdings only use the CRN specific to that Shareholding as set out in the applicable Entitlement and Acceptance Form.

Do not use the same CRN for more than one of your Shareholdings. This can result in your Application monies being applied to your Entitlement in respect of only one of your Shareholdings (with the result that any Application in respect of your remaining Shareholdings will not be valid).

(b) By Electronic Funds Transfer (overseas applicants)

For payment by Electronic Funds Transfer (**EFT**) for Eligible Shareholders, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via EFT if you are the holder of an account that supports EFT transactions to an Australian bank account. Please note that should you choose to pay by EFT:

- (i) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form;
- (ii) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your Application monies; and
- (iii) if you pay more than is required to subscribe for your Entitlement, you will be taken to have applied for Shortfall Securities (if any) under the Shortfall Offer, to the extent of the excess.

3.5 Shortfall Offer

Any Entitlement not taken up pursuant to the Offer will form the Shortfall Offer.

The Shortfall Offer is a separate offer made pursuant to this Offer Document and will remain open for up to three months following the Closing Date. The issue price for each Share to be issued under the Shortfall Offer shall be \$0.012 being the price at which Shares have been offered under the Offer.

No Applicant under the Shortfall Offer has any assurance of being allocated all or any Shares applied for. The allocation of Shortfall Shares by Directors in consultation with the Lead Manager will be influenced by the following factors:

- (a) number of shares bid for by particular Applicants;
- (b) the timeliness of the bid by particular Applicants;
- (c) the Company's desire to expand its spread of institutional shareholders;
- (d) the size and type of funds under management of particular Applicants;
- (e) overall anticipated level of demand under the Offer;
- (f) the likelihood that particular Applicants will:
 - (i) be long-term Shareholders;
 - (ii) support the Company's Share price post the Offer by purchasing Shares on-market;
 - (iii) support future funding rounds if and when required; and
- (g) any factors other than those described above that the Company and its brokers consider appropriate.

Allocations under the Shortfall Offer will also be managed to ensure that no Shareholder goes above the 20% threshold imposed by section 606 of the Corporations Act.

The Company will not be liable to any person not allocated Shares or not allocated the full amount applied for. Similarly, no Shares will be issued via the Shortfall Offer to any related parties of the Company.

Some of these risks can be mitigated by the use of safeguards and appropriate systems and controls, but some are outside the control of the Company and cannot be mitigated. Accordingly, an investment in the Company carries no guarantee with respect to the payment of dividends, return of capital or price at which securities will trade.

The following is a summary of the more material matters to be considered. However, this summary is not exhaustive and potential investors should examine the contents of this Offer Document in its entirety and consult their professional advisors before deciding whether to apply for the Shares.

| Intellectual Property Rights | The Company's ability to protect its registered and unregistered intellectual property rights and any improvements across various jurisdictions is critical to preserving the value of its product innovation and brand development. Such rights and associated information may be the subject of infringement or unauthorised disclosure by third parties, and asserting or defending such rights may be costly and time-consuming. |
| Competition | The Company's chosen market is subject to domestic and international competition and is subject to changing customer demand and preferences, with competition based on a variety of factors. The Company's financial performance or operating margins could be adversely affected if its competitors develop or extend competitive advantages over it, if new competitors enter the market or if the Company fails to successfully adapt to changes in the market. | Reliance of key personnel | The Company's success depends to a significant extent on the ability, performance and experience of its key personnel. The Company is reliant on attracting and retaining quality senior executives and other key technical and operational employees who provide expertise, experience and strategic direction in operating the business. The Company cannot guarantee that it will be able to continue to attract and retain sufficiently qualified management personnel or maintain its relationships with key organisations and contractors. The loss of the services of any of those key employees and the associated corporate knowledge of those people or the inability to attract new qualified personnel, could materially adversely affect the Company's reputation, financial and operational performance. |
| Workplace health and safety risk | Key personnel, sales, administration and other staff are also exposed to risks, particularly if they are travelling. The Company must comply with various health and safety laws. There is a risk that penalties and other liabilities for the violation of health and safety law and standards may be imposed on the Company and may have an adverse effect on the Company's reputation and its revenue, profitability and growth. |

Any successful claim against the Company may adversely impact its future financial performance or position as well as its reputation and brand. The Company may seek to raise further funds through equity or debt financing, joint ventures or other means. Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of its research and development programmes. There can be no assurance that additional finance will be available when needed or, if available, the terms of the financing might not be favourable to the Company and might involve substantial dilution to Shareholders. |
| Taxation | Future changes in Australian taxation law or the tax laws of any country in which the Company operates, including changes in interpretation or application of the law by the relevant authorities may affect the taxation treatment of an investment in shares in the Company or the holding and disposal of those shares.
