LIQUIDATORS REPORT – SETTLEMENT WITH DOMINICAN REPUBLIC GOVERNMENT

Antilles Gold Limited (“Antilles Gold” or the “Company”) (ASX: AAU) advises that the voluntary liquidation of its former subsidiary, EnviroGold (Las Lagunas) Limited, is nearing completion.

The Liquidator has advised that all equipment from the Las Lagunas tailings project has been either sold or scrapped, site rehabilitation has been completed, staff have been paid out in full, and a settlement agreement has been signed with the Minister for Energy and Mines in the Dominican Republic.

The Liquidator has received approximately A\$4,200,000 from the settlement being EnviroGold's net entitlement under the Arbitration Award advised to ASX on 30 April 2024.

The Liquidator has not yet decided whether he will pursue a US\$750,000 judgement against a local crane hire company that appears to have restructured to avoid a Court Order to pay this amount to EnviroGold.

The Liquidator has confirmed that EnviroGold's approved creditors including its parent company, Antilles Gold Technologies Pty Ltd, can expect to receive their pro-rata entitlement from the proceeds of the liquidation to date, by the end of the year.
