

11 December 2025**Jameson announces additional placement of up to A\$450,000**

- Jameson Resources Ltd (ASX:JAL) (Jameson Resources or the Company) is pleased to announce that it has obtained additional binding commitments from strategic investors for a capital raising of a further \$450,000 in addition to the \$3 million share Placement to King George Investments Pty Ltd announced on 3 December 2025.
- The commitment comes from existing shareholders with shares to be issued at the same issue price for the Placement to King George Investments of \$0.06/share representing a discount of 16.7% to the last closing price on the ASX on Friday 28 Nov 2025.
- The Placement will be completed in two tranches:
 - **Tranche 1 Placement** – 3,750,000 New Shares will be issued at \$0.06/share to raise A\$225,000. Tranche 1 New Shares are expected to be issued on 13 Dec 2025; and
 - **Tranche 2 Placement** – A further 3,750,000 New Shares will be issued at \$0.06/share to raise an additional A\$225,000 following notice from those shareholders that they wish, at their sole discretion, to exercise an Option to complete the Tranche 2 Placement. The option period for the Tranche 2 Placement is six months from the date of issue of the Tranche 1 Placement.
- The Company intends to use the funds raised from the Placement for:
 - Continued progression of the Crown Mountain EA Application through Application Review
 - Continued engagement with Indigenous Nations
 - NWP Coal Canada Limited's administration and project management and JAL corporate costs.
- The New Shares will be issued under the Company's existing placement capacity under ASX Listing Rule 7.1 and will rank equally with existing fully paid ordinary shares in the Company with effect from their issue.

Michael Gray, JAL's Interim Executive Chair said:

"The Board of Jameson thanks shareholders for their continued support and participation alongside King George Investments in this capital raise. The investment demonstrates confidence in the continued progress that Jameson has made on the Crown Mountain Hard Coking Coal Project and confirms the substantial market opportunity that can be achieved through progress of the approval and development of a premium steelmaking coal project. The May 2025 Feasibility Update, together with the ongoing progress toward regulatory approvals and recent strong support for resource development from both the British Columbia and Canadian Federal Government provide continued confidence in the development of the Crown Mountain Project."

This announcement is authorised for release to the market by the Board of Jameson Resources Limited.

About Bathurst Resources Limited

In July 2018, a subsidiary of Bathurst Resources Limited (ASX:BRL) acquired an 8% interest in NWP, with option to increase that interest to 50% subject to certain milestones and additional payments. Bathurst exercised the Tranche One Option in September 2019 and now holds a 20% interest in NWP with an additional 1.9% held as Class B Preference shares.

Bathurst is the largest coal company operating in New Zealand with over 2.2 million tonnes per annum of coal under management. More than 70% of the coal sold is used for steel making, both domestically and for export to Asian coke makers and steel mills. The remainder is sold to domestic users in the agricultural and energy sectors. Bathurst is focussed on low cost, sustainable mining with a strong focus on the local communities and environmental management.
