Dear Ash

VOLUNTARY SUSPENSION REQUEST – ASX CODE: NVA

Nova Minerals Limited (Nova or the **Company**) (ASX: NVA, NASDAQ: NVA, FRA: QM3) requests a voluntary suspension be implemented for its ordinary shares (ASX Code: **NVA**) under Listing Rule 17.2 prior to the commencement of trading today.

Nova provides the following information for the purposes of Listing Rule 17.2:

- a) Further to the Company's request for a voluntary trading halt on Thursday, 11 December 2025, the Company is not in a position to make an announcement at this time, and requests a voluntary suspension, pending the announcement of the proposed capital raising as referenced in the Company's trading halt request
- b) The Company expects the voluntary suspension to end at the commencement of trade on Wednesday, 17 December 2025, when it anticipates it will be in a position to make an announcement to the market in respect of the proposed capital raising.
- c) The event which the Company expects will end the suspension is the announcement regarding the proposed capital raising.
- d) The Company is not aware of any reason why the voluntary suspension should not be granted, nor of any other information necessary to inform the market about the voluntary suspension.

This voluntary suspension request has been authorized for release by the Executive Directors.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Ian Pamensky".

About Nova Minerals Limited

Nova Minerals Limited is a Gold, Antimony and Critical Minerals exploration and development company focused on advancing the Estelle Project, comprised of 514 km² of State of Alaska mining claims, which contains multiple mining complexes across a 35 km long mineralized corridor of over 20 advanced Gold and Antimony prospects, including two already defined multi-million ounce resources, and several drill ready Antimony prospects with massive outcropping stibnite vein systems observed at surface. The 85% owned project is located 150 km northwest of Anchorage, Alaska, USA, in the prolific Tintina Gold Belt, a province which hosts a >220 million ounce (Moz) documented gold endowment and some of the world's largest gold mines and discoveries including, Kinross Gold Corporation's Fort Knox Gold Mine. The belt also hosts significant Antimony deposits and was a historical North American Antimony producer
