## Clarification to chip-level AI Licensing deal with Optek

**Audeara Limited** (“**Audeara**” or “**the Company**”) wishes to provide a clarification with regards to the announcement released on 16 December 2025 titled “Audeara secures chip-level AI Licensing deal with Optek”. This announcement was regarding a licensing agreement with Optek Microelectronics Co., Ltd (**Optek**) for Audeara’s AI Audio algorithms and other proprietary audio technologies.

The Company confirms that no revenue has been generated by the Company in connection with this agreement as at the date of this clarification and, accordingly, there has been no significant impact on the Company’s financial performance. At this stage it is not possible to forecast the future financial implications. The Company further clarifies that given the nature of the agreement it does not contain an explicit term.

The Company looks forward to continuing to progress new opportunities with Optek and will keep the market informed of any material developments, as and when appropriate, in accordance with its continuous disclosure obligations.

**This announcement has been authorised by the board of Audeara Limited.**

## **ABOUT AUDEARA**

Feel connected, your way.

Audeara Limited (ASX: AUA) is a global hearing health leader specialised in innovative listening solutions for people with hearing challenges.

We are passionate about redefining hearing health, with a particular focus on delivering products that provide world-class tailored listening experiences.

We care about connecting people with experiences that bring them joy - whether that's watching a favourite TV show, FaceTiming family or listening to music with confidence.

All Audeara products are purposefully designed and engineered in Australia with precision detail and state-of-the-art technology. Each product delivers optimum listening experiences to enhance quality of life for people of all ages and abilities.

Audeara sells its products through distributors and resellers in Australia, Europe, Asia and North America, and through e-commerce channels.
