

PLACEMENT COMPLETED TO RAISE \$1.003 MILLION (BEFORE COSTS)

Altamin Limited (ASX: AZI) (**Altamin** or **the Company**) is pleased to advise that it has completed the placement of 40,120,000 fully paid ordinary shares at \$0.025 per share (representing a portion of the Shortfall Shares under the Company's Entitlement Offer announced on 22 September 2025, see announcement dated 17 October 2025 for details).

The gross proceeds of \$1.003 million includes the \$753,000 of firm commitments announced by the Company on 9 December 2025, as well as \$250,000 of new commitments.

Participants in the shortfall placement include sophisticated and professional UK and Australian investors, including former institutional fund managers, existing top 10 Altamin shareholders and an institutional micro fund.

A combined total of approximately \$5,390,797 (before costs) of funding has now been secured under the Entitlement Offer (including the shortfall placed to date), with proceeds to be applied towards:

- Project development and related activities at the Lazio Project.
- Permitting related activities at the Gorno Project and to maintain the mine in good standing while the project is in a process to seek a joint venture (JV) partner or buyer.¹
- Working capital, general corporate expenses and expenses of the offer.

The combined funding, together with the grant-funding support available from the Company's participation under the Mission Innovation 2.0 BRAIN project², provides Altamin with a strong financial platform to pursue its strategy.

Altamin retains the right to place the remaining shortfall securities of up to 42,894,441 shares until 15 January 2026.

Authorised for release to the ASX by the board of directors of the Company.
