

ASX Announcement

Investor Webinar – Tuesday 23rd December @ 11:30 am AEDT

22 December 2025, RocketDNA Ltd (ASX: RKT) (RocketDNA or the Company), a technology services company that leverages AI and Autonomous Drones to provide mission-critical services for enterprise customers, is pleased to invite shareholders and interested parties to an Investor Webinar to provide an update on recent operational progress and customer activity.

Managing Director & CEO, Christopher Clark, will cover:

- Recent contract wins and purchase orders announced to the ASX
- The Company's first deployment into BHP Iron Ore operations
- Expansion activity across existing customers in Australia and Africa
- Progress in scaling autonomous drone services and software adoption
- Near-term operational priorities heading into 2026

The webinar will provide further context on these developments and outline current operational progress and growth opportunities. The session will conclude with a brief Q&A.
