## Shareholders Approve Roo Inc. Acquisition and Completion Finalized

### Highlights

- All resolutions approved by Scout shareholders at the General Meeting held on 19 December 2025.
- Immediate completion of the acquisition of New York-based Roo Inc. (“Roo”), which is now a 100% owned subsidiary of Scout.
- Scaled Global Platform: Roo brings to Scout over 900,000 users and 29,000 paying subscribers, creating a diversified global security business.
- Financial Strengthening: Completion triggers the finalization of the debt restructure and conversion of a portion of Roo’s debt into equity.

Security-as-a-Service platform provider **Scout Security Limited (ASX: SCT)** is pleased to announce that following the overwhelming support of its shareholders at the General Meeting held on 19 December, it is moving to immediate completion of the acquisition of Roo Inc.

The merger brings together two pioneers of affordable, app-connected home protection, creating a unified platform with the scale to deliver consistent, profitable growth. The Company expects to realize material synergies across product development, corporate overheads, and marketing, with a view to reaching an EBITDA positive position post-integration.

Scout Security CEO, Ryan McCall, said: “With the support of our shareholders, we have successfully closed the Roo merger, and enabled the Company to raise the necessary capital for future growth and stability. This one-two punch provides the combined group with diversified revenue streams, and growth potential. We are now a much stronger, scaled global business.”
