ABOUT DYNAMIC METALS

Dynamic Metals (ASX: DYM) is an active precious and critical metals focused exploration company, unlocking value across a diverse portfolio of commodities in Western Australia.

Dynamic's flagship project, Widgiemooltha, covers an extensive area of ~800km² extending between Norseman and Kambalda. The Widgiemooltha region has been a prospector's paradise since 1892 and is considered highly prospective for gold and nickel. Dynamic's tenements are adjacent to multiple million-ounce gold camps, established gold producers and associated key infrastructure.

In addition to the Widgiemooltha Project, Dynamic holds an extensive portfolio of exploration tenure in Australia, including several joint venture positions where other parties are funding ongoing exploration to earn an interest in the project. These projects are prospective for gold, lithium, and critical minerals.
