Proceeding in Oman Related to Al Wash-hi Majaza Project

Perth, Australia: Alara Resources Limited (ASX: AUQ) (Alara or the Company), a base and precious metals producer and explorer with projects in Oman, advises that its 51%-owned joint venture company and operator of the Al Wash-hi Majaza Copper-Gold Mine in Oman (Al Wash-hi Project), Al Hadeetha Resources LLC (**AHRL**), has been served with legal proceedings in the Primary Administrative Circuit Court in Ibra, Oman.

The proceeding has been initiated by 16 individual residents from villages located near the Al Wash-hi Project, naming AHRL as well as several Omani government authorities as respondents. These authorities include the Ministry of Energy and Minerals, the Environment Authority, the Ministry of Housing and Urban Planning, and the Ministry of Interior.

The plaintiffs seek orders to suspend AHRL from undertaking project-related activities at the Al Wash-hi Project, compensation, and to have the Project licences declared invalid.

AHRL disputes the claims and has appointed legal counsel in Oman to respond to and defend the proceeding.

The proceedings are at an early stage. There has been no change to the status of the Al Wash-hi Project, and AHRL continues to operate the Project under its existing licences, permits and governmental approvals. The Company will monitor the matter as it progresses and will provide further updates to the market in accordance with its continuous disclosure obligations as material developments occur.

This announcement was authorised for release to the ASX by the Board of Directors of Alara Resources Limited.
