About Hawk Resources Limited

Hawk Resources specialises in critical and precious metal exploration.¹ The Company has copper and gold projects in Utah, USA (Cactus and Detroit), five (5) lithium projects in Minas Gerais and Bahia, Brazil Resources Corp plus the Olympus scandium project in Western Australia. Hawk's objective is to rapidly discover, delineate and develop critical and precious metal deposits for mining. The Company's project portfolio has high potential for discovery as it lies in under-explored geological belts with similar geology to neighbouring mining districts. Our exploration plans also include reviewing new opportunities to secure and upgrade our pipeline of projects.
