Update – Harbour Towers Dispute

Locality Planning Energy Holdings Limited (LPE) reported on 18 December 2025 that the Harbour Towers matter had been resolved between the parties on a confidential basis and both parties have now executed a deed of settlement.

As a result, LPE will (i) recognise a net gain in the FY2026 income statements and (ii) receive a positive cash inflow in line with the agreement, reflecting the favourable resolution of this matter.

The profit impact will be included in the 31 December 2025 half-year results (FY26). These results are expected to be released late February 2026.

This matter is now closed.

Authorised by the Board.

About LPE

LPE is a growing energy provider to strata communities focused on the core Embedded Network business. LPE delivers renewable solutions for strata living, creating shareholder value through long term supply agreements that provide strong recurring revenue.

Currently LPE predominantly services the Queensland energy market, providing electricity, hot water, solar and battery systems to strata communities. Supporting those living in strata communities to reduce their carbon footprint and energy bills with no upfront cost.

Our Customer Value Proposition continues to evolve as we work with partners, communities and customers to find new solutions to take us into the future.
