

ANTEOTECH RAISES A\$3.5 MILLION TO ACCELERATE COMMERCIALISATION OF LIFE SCIENCES AND ADVANCED BATTERY TECHNOLOGIES

BRISBANE, AUSTRALIA, 27 January 2026: AnteoTech Ltd (ASX: ADO) (AnteoTech or the Company) is pleased to announce the following:

- Successful capital raise of A\$3.5 million (net of costs) through a placement of new fully paid ordinary shares at A\$0.0155 (1.55 cents) per share to institutional, sophisticated and professional investors (Placement).
- Each participant in the Placement will receive attaching options, on the following basis, for every two (2) Placement Shares issued:
 - One (1) free attaching option in an existing class of listed options, exercisable at A\$0.035 (3.5 cents) and expiring on 31 May 2026 (Listed Options); and
 - One (1) free attaching option in a new class of unlisted options, exercisable at A\$0.035 (3.5 cents) and expiring 31 January 2028 (Unlisted Options).
- The Placement received strong investor support and was scaled back.
- Placement price of \$0.0155 (1.55 cents) represents a 20.8% discount to the 30-day VWAP, 24.6% discount to the 15-day VWAP and 26.2% discount to the last traded price.
- Pro-forma cash balance A\$6.6 million (as of 30 September 2025) following completion of the Placement.
- Funds to accelerate commercialisation of Life Sciences and Advanced Battery Technology (ABT) products and technologies globally.
- Funding supports revenue growth initiatives and strategic partnership development.
- Near-term targets for 2H FY26 include:
 - Conversion of current ABT and Life Sciences potential customer trials to initial commercial supply agreements, including for new product, Anteo S.
 - Trialling and initial commercial supply into the US market of the joint product developed with Black Diamond Structures (BDS) (ASX announcement 25 Sept 2025).
 - Progression of strategic partnership discussions in the drone, wearable and EV battery segments.
 - New Life Sciences customer conversions in India and new diagnostic product development and 'go to market' commercial agreements.

Capital raised to accelerate sales growth and strategic partnerships

AnteoTech has completed the Placement to support the acceleration of sales revenue growth through further commercialisation of:

- **Life Sciences - AnteoBind NXT™** in the lateral flow and Luminex In Vitro Diagnostics (IVD) markets globally, with a particular focus on India; as well as in new IVD markets; namely Chemiluminescence Immunoassays (CLIA) and Enzyme-Linked Immunosorbent Assay (ELISA) through joint product development and market entry commercial agreements, and
- **Advanced Battery Technologies - Anteo X™ and Ultranode™** products for high silicon Lithium ion Batteries (LiB) in drones, wearables and consumer applications.

The Company continues discussions regarding a strategic partnership in the Electric Vehicle (EV) sector in relation to Ultranode X™, which has achieved a milestone of more than 1,000 cycles at 80% capacity (ASX announcement 17 November 2025).

Sales conversion initiatives for Anteo S, a new AnteoTech product, designed for use in ceramic-coated LiB separators, are also progressing.

The Company's program to identify global strategic partners for new product development across both the Life Sciences and ABT businesses, as well as in relation to the Company's core technology in new markets, will be accelerated through the Placement funding.

Recent ASX announcements on the Life Sciences business (ASX announcement 29 December 2025) and ABT business (ASX announcement 19 January 2026) provide further detail on current commercial activities.

AnteoTech's strategy, released in June 2025 (ASX announcement 10 June 2025), focuses on revenue growth, geographic expansion driven by market end use demand and continued cost discipline (see Figure 1 below). As part of this strategy, the Company has expanded its sales capability, with two sales personnel recently joining the business.

MERRILL GRAY, MANAGING DIRECTOR & CHIEF EXECUTIVE OFFICER OF ANTEOTECH COMMENTED:

"I would like to thank existing shareholders who supported the Company in this capital raise and welcome new shareholders to the Company. AnteoTech is entering a highly focused commercial phase across both Life Sciences and Advanced Battery Technologies.

Following the achievement of recent technical and product development milestones, this funding provides the capacity to accelerate sales initiatives and progress strategic discussions by supporting qualification and engagement programs, leading to the securing of new sales and partnerships globally in CY2026."

The above Use of Funds table is based on current estimates and may be varied by the Company.

Details of the Placement

The Company has received firm commitments totalling A\$3.5 million (net of costs) for new fully paid ordinary shares in the Company at A\$0.0155 (1.55 cents) per share

Key terms of the Placement are as follows:

- 245,699,993 million Placement Shares at A\$0.0155 (1.55 cents) cents per Placement Share to raise A\$3.5 million, net of costs;
- The issue price of the Placement Shares represents a:
 - 20.8% discount on the 30-day volume weighted average price (**VWAP**)
 - 24.6% discount to the 15-day VWAP and
 - 26.2% discount on the last traded price
- 122,849,996 Listed Class Options and 122,849,996 Unlisted Options will be issued, approximately.
- The Placement was made to investors in Australia who qualified as professional or sophisticated investors under the requirements of the Corporations Act 2001 (Cth) and sophisticated and professional investors in select other jurisdictions.
- Placement Shares will rank equally with existing ordinary shares of the Company;
- The Placement Shares will be issued on or about 2 February 2026, under the Company's available placement capacity under ASX Listing Rule 7.1A.
 - Each participant in the Placement will receive two (2) free attaching options for every two (2) shares issued under the Placement.
 - Half the Options will be issued under the existing class of Listed Options with an exercise Price of A\$0.035 (3.5 cents) and an expiry date of 31 May 2026. Half the Options will be issued under a new class of securities with an exercise price of A\$0.035 (3.5 cents) and expiring 31 January 2028.
 - The Options will be issued from available placement capacity under ASX Listing Rule 7.1.

MST Financial Services Pty Ltd and Alpine Capital Pty Ltd acted as Joint Lead Managers for the Placement. They will receive a combined 6% fee and one Option for every eight new shares issued, split equally between Listed Class Options and Unlisted Options. Broker Options will be issued from available placement capacity under ASX Listing Rule 7.1.

About AnteoTech - (ASX: ADO)

AnteoTech is a supplier of advanced material solutions to the battery materials and life sciences markets. We leverage our market leading binding chemistry platform technology to develop and commercialise solutions for our global customer base. From our patented cross linker product Anteo X™ and Separator coating product Anteo S to our next-generation high silicon anode formulations, Ultranode™, our Advanced Battery Technology business is applying its world-leading engineering expertise to address the growing demand for high performance, low cost, sustainable materials within the global battery market. Our Life Sciences business supplies advanced activation materials through our AnteoBind™ suite of products to leading developers and manufacturers of vaccines and diagnostic tests. Our products deliver more sensitive and reproducible results and on incorporation in ‘point of care’ tests, enable faster, more reliable and accurate test results wherever they are needed.
