The issue price of \$1.00 per New Share represents a **discount of 7.8%** to the closing share price on Thursday 29 January 2026 of \$1.085 per share. New Shares will be issued to participating shareholders without incurring any brokerage costs and will rank equally with existing WAM Active ordinary shares from their date of issue. The WAM Active Board of Directors who hold shares in the Company each intend to apply for their full entitlement under the Entitlement Offer.

Receive the fully franked interim and special dividends.

New Shares issued under the Entitlement Offer will qualify for the fully franked interim dividend of 3.2 cents per share and the special fully franked dividend of 1.0 cents per share⁴. The annualised fully franked interim dividend of 6.4 cents per share, excluding the special fully franked dividend of 1.0 cents per share, represents an annualised fully franked interim dividend yield of 6.4% and a grossed-up dividend yield⁵ of 9.1% on the issue price of \$1.00 per New Share.

Guaranteed 2 New Shares for every 3 WAM Active shares held.

Eligible shareholders¹ who take up their Entitlement Offer will be guaranteed 2 New Shares for every 3 WAM Active shares held as of the record date of Wednesday 4 February 2026 at 7:00pm (Sydney time), provided application monies are received prior to the closing date of the Entitlement Offer, Friday 20 February 2026, in accordance with the Offer Booklet and the personalised entitlement and acceptance form.

The 2 for 3 pro-rata non-renounceable Entitlement Offer of New Shares will raise up to approximately \$51.4 million (51.4 million New Shares).

This will be invested in accordance with the Company’s proven and flexible investment approach, which focuses on identifying market mispricing opportunities in the Australian equity market, and has led to strong investment portfolio outperformance since inception.

The Shortfall Offer bookbuild was oversubscribed, with demand exceeding the Entitlement Offer. In response, the Company is also undertaking an approximately \$19.3 million institutional placement at the Offer Price to accommodate additional investor demand.

Benefits to shareholders

The Entitlement Offer is designed to deliver benefits to shareholders beyond the opportunity for participants to purchase shares at an attractive discount to the current share price⁶. The Entitlement Offer entitles eligible shareholders¹ to increase their interest in the Company on a pro-rata basis without incurring brokerage costs and receive the fully franked interim dividend of 3.2 cents per share and the special fully franked dividend of 1.0 cents per share⁴ on New Shares issued under the Entitlement Offer.

The capital raising will grow the Company's assets, and continue to increase its relevance and liquidity in the market, improve the prospect of additional broker and research coverage, increase interest from financial planners and gain additional access to market opportunities. The increased size is also expected to reduce the fixed expense ratio of the Company to the benefit of all shareholders.

Use of the additional capital

The proceeds will be invested in accordance with the Company's proven and flexible investment approach, which focuses on identifying market mispricing opportunities in the Australian equity market. The WAM Active investment portfolio significantly outperformed for the 12 and six-month periods to 31 December 2025, increasing 41.4%³ and 31.4%³ respectively, as a direct result of the stock selections and the benefits of the adjustment in the dynamic portfolio construction. Since inception in January 2008, the WAM Active investment portfolio has increased 13.0%³ per annum, outperforming the S&P/ASX All Ordinaries Accumulation Index by 6.9% per annum and the Bloomberg AusBond Bank Bill Index (Cash) by 10.0% per annum.

The investment portfolio continues to deliver strong performance, increasing an estimated 7.0%³ in January 2026 and 40.6%³ since the start of the financial year.

WAM Active's assets at 31 December 2025 were \$80.6 million, 94.7% of which were allocated to equities, with the remaining 5.3% held in cash and cash equivalents. The fund has a flexible investment mandate, with the cash balance reflective of the opportunities the investment team sees in the market as they arise.

Top-Up Facility

Shareholders who take up their Entitlement Offer in full may also apply for additional new shares in excess of their Entitlement (Additional New Shares) under a Top-Up Facility (Top-Up Facility).

Any New Shares not applied for by WAM Active shareholders will be included in the Top-Up Facility. Applications for Additional New Shares under the Top-Up Facility will be allocated at the sole discretion of the WAM Active Board of Directors and will be subject to any scale back required under the takeover provisions of the Corporations Act, and to facilitate proportional participation where oversubscribed. Allocations to participants in the Shortfall Offer will be in agreement with the Joint Lead Managers. There is no guarantee that a Shareholder who applies for Additional New Shares will receive all or any of the Additional New Shares that they applied for. Shareholders who participate in the Top-Up Facility will do so without incurring any brokerage costs and will receive the fully franked interim dividend of 3.2 cents per share and the special fully franked dividend of 1.0 cents per share⁴. New Shares issued under the Top-Up Facility will rank equally with existing WAM Active shares from their date of issue.

Shortfall Offer and Placement

The Company has completed a bookbuild that was conducted following the close of trading on the ASX on 29 January 2026 in relation to the Shortfall Offer, whereby certain wholesale investors² will be invited to apply for New Shares not subscribed for under the Entitlement Offer and Top-Up Facility. That bookbuild attracted strong support from both existing professional and sophisticated shareholders² and new wholesale investors. The bookbuild was oversubscribed, with demand in excess of the Entitlement Offer. The Company will place any New Shares available under the Shortfall Offer at the same price and under the same terms as the Entitlement Offer. There will be no general public offer of New Shares under the Shortfall Offer, as it is not available to retail investors. New Shares issued under the Shortfall Offer will rank equally with existing WAM Active shares from their date of issue.

In light of this strong demand for participation, the Company is also undertaking an institutional placement (**Placement**) with shares to be issued at the conclusion of the Entitlement Offer to enable further participation for investors interested in the bookbuild, who will otherwise be subject to scale back. The Placement is for approximately \$19.3 million and is being conducted at the Offer Price. The Placement is expected to be issued on Monday 2 March 2026, along with the New Shares issued under Shortfall Offer (if a shortfall arises following completion of the Entitlement Offer). The Placement is pursuant to the Company's available placement capacity under ASX Listing Rule 7.1 and utilising the Company's additional 10% placement capacity approved by shareholders at the most recent AGM under ASX Listing Rule 7.1A. The price per New Share under the Placement is at the same price as the Entitlement Offer, and any shares issued under the Placement will rank equally with existing WAM Active shares from their date of issue.
