**QUARTERLY ACTIVITIES REPORT
PERIOD ENDED 31 DECEMBER 2025**

ChemX Materials Limited (ASX: CMX) (**CMX** or the **Company**) provides its quarterly activities report for the period ended 31 December 2025.

Corporate

Financial Statements & Periodic Reports

The Company focused on bringing its outstanding periodic reports and audited financial statements up to date. This work included the preparation and completion of quarterly reports, half-year accounts, and the audited annual financial statements, with the objective of ensuring compliance with the Company's ASX and ASIC reporting obligations as it works towards the reinstatement of its shares on the ASX in due course.

Suspension from Trading

The Company's shares remained in suspension from trading on the Australian Securities Exchange (ASX) for the duration of the quarter and, as at the date of this report, remain suspended from trading since 19 December 2024. The Board of Directors are currently taking steps to progress a potential return to trading of the Company's shares on the ASX in due course.

Funding

During the quarter, the Company has informal financing arrangements in place with a related entity, Ovay Pty Ltd (**Ovay**), to cover preliminary operating and business development costs. This funding has provided the necessary liquidity to support the Company's operational commitments, corporate compliance obligations, and progression of its recapitalisation and restructuring activities following the implementation of the DOCA.

It is intended that Ovay will provide the necessary funding until the reinstatement of the Company's shares to trading, and there is currently no funding cap in place. The repayment terms are debt to equity swap as at the time of reinstatement, which is expected to require shareholder approval and independent expert report.

The Company is engaging with the funding party to ensure continuity of support while longer-term capital management and funding initiatives are assessed. The Company remains focused on maintaining prudent financial management and ensuring adequate working capital to support its operational and strategic objectives.

Operational

During the reporting period, no operational, commercial, or corporate development activities were undertaken, aside from those directly related to the finalisation of the Deed of Company Arrangement and the subsequent transition of control to the newly appointed board. No other business initiatives, transactions, or strategic developments were undertaken as the Company remained focused on stabilising its position following the administration process.

Activities of the Company

The Company notes that pursuant to ASX Listing Rule 5.3.1, no exploration activities have occurred during the quarter.

Related Party Payments

In accordance with ASX listing Rule 5.3.5, payments to related parties and their associates outlined in the Company's Appendix 5B for the quarter of approximately \$60k consulting fees paid to a director related entity. The restated payments to related parties for the previous quarter were \$42k comprising \$40k consulting fees paid to a director related entity and final fees for a former director of \$2k.
