**Chairman Daniel Raihani commented:** *“With the strategic refocus now in place and funding commitments received, our attention is focused on execution of our Western Australian gold strategy. The Gimlet Gold Project provides First Au with a highly prospective Eastern Goldfields position, and we are focused on advancing systematic exploration to unlock its potential.*

*The funds received from this raising will allow us to consider expanding our project portfolio. In the meantime, we will concentrate capital and management effort on Gimlet as a single, high-quality opportunity. We believe the Company is well positioned to progress this flagship asset and deliver meaningful exploration outcomes for shareholders”.*
