

5E Advanced Materials Announces Closing of US\$36 Million Upsized and Oversubscribed Public Offering of Common Stock

HESPERIA, CA / ACCESS Newswire / February 4, 2026 / 5E Advanced Materials, Inc. ("5E" or the "Company") (Nasdaq: FEAM) (ASX: 5EA), a development stage company focused on becoming a vertically integrated global leader and supplier of refined borates, advanced boron derivative materials, and critical materials, today announced the closing of its previously announced best efforts public offering of common stock in the United States (the "Offering"). The Offering consisted of 18,000,000 shares of common stock at a public offering price of US\$2.00 per share, for gross proceeds of approximately US\$36 million, before deducting placement agent fees and other estimated Offering expenses payable by 5E.

Konik Capital Partners, LLC, a division of T.R. Winston & Company, acted as the sole placement agent for the Offering.

5E currently intends to use the net proceeds from the Offering, together with its existing cash, cash equivalents and marketable securities, for the operation of its small-scale boron facility (SSBF), wellfield development and finalization of our commercial mine plan, FEED engineering, and general corporate purposes. We believe this financing provides the necessary capital to finalize pending commercial offtake contracts and extends our operational runway through the critical commercialization phase.

The Offering was made pursuant to an effective registration statement on Form S-1 (File No. 333-292988) that was filed with and declared effective by the Securities and Exchange Commission (the "SEC") on January 29, 2026. A final prospectus relating to and describing the final terms of the Offering has been filed with the SEC and is available on the SEC's website located at <http://www.sec.gov>. The Offering was made only by means of a prospectus forming part of the effective registration statement. Electronic copies of the final prospectus relating to the Offering may be obtained from: Konik Capital Partners, LLC, a division of T.R. Winston & Company, 7 World Trade Center, 46th Floor, New York, NY 10007, or e-mail at capmarkets@konikcapitalpartners.com.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the securities described herein, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About 5E Advanced Materials, Inc.

5E Advanced Materials, Inc. (Nasdaq: FEAM) (ASX:5EA) is focused on becoming a vertically integrated global leader and supplier of boron specialty and advanced materials, complemented by lithium co-product production. The Company's mission is to become a supplier of these critical materials to industries addressing global decarbonization, food and domestic security. Boron and lithium products will target applications in the fields of electric transportation, clean energy infrastructure, such as solar and wind power, fertilizers, and domestic security. The business strategy and objectives are to develop capabilities ranging from upstream extraction and product sales of boric acid, lithium

carbonate and potentially other co-products, to downstream boron advanced material processing and development. The business is based on our large domestic boron and lithium resource, which is located in Southern California and designated as Critical Infrastructure by the Department of Homeland Security's Cybersecurity and Infrastructure Security Agency.
