Distribution of JMEI Credits

Koonenberry Gold Limited (ASX:KNB) (“Koonenberry” or the “Company”) is pleased to advise that it has issued a total of \$433,234.23 Junior Minerals Exploration Incentive (“JMEI”) Tax Credits to Eligible Shareholders who participated in share placements by the Company during the financial year ended 30 June 2025 on a pro rata basis.

Further, the Company has distributed an additional \$246,834.57 in JMEI Tax Credits, related to the 2024 financial year which were carried forward and previously unused, to Eligible Shareholders who participated in the private placement and entitlement offer capital raising completed in April 2024.

The Company’s share registry will dispatch statements to eligible investors advising the amount of JMEI tax credits which are available to be claimed on their tax returns.

The JMEI scheme enables eligible exploration companies to create refundable tax credits to distribute to eligible shareholders by forgoing a portion of their carried forward tax losses that have arisen from allowable expenditure on “greenfield” exploration.

This ASX release was authorised by the Board of the Company.
