# Summary of the Cash Converters International Limited Dividend Reinvestment Plan

## 1. Action required by Shareholders

This booklet sets out the choices for shareholders in relation to future eligible dividends in Cash Converters International Limited (Cash Converters).

Action is required if you wish to participate in the Dividend Reinvestment Plan (DRP) and receive future eligible dividends in the form of additional fully paid shares, in respect of part or the whole of your shareholding.

If you wish to participate in the DRP, you must complete the Application Form that accompanies this booklet and forward it to the Cash Converters Share Registry, Computershare Investor Services Pty Limited at GPO Box 2975, Melbourne VIC 3001. Alternatively you can make your election online at [www.investorcentre.com](http://www.investorcentre.com). by selecting 'Login' (for existing users) or 'Create Login' (for new users) and enter your Portfolio to enable updates. Once logged in, select 'My Profile', and then 'Reinvest Dividends'. Please note that if you hold more than one parcel of shares and have been allocated different shareholder identification numbers in the register for each parcel you will need to complete a Application Form in respect of each parcel.

## 2. No action required by Shareholders

If you wish to receive future eligible dividends in cash no action is required.

## 3. Features of the Dividend Reinvestment Plan

### 3.1.1. Participation in DRP

Shareholders may choose the level of participation in the DRP that suits their requirements and will be able to vary their level of participation at any time prior to the record date for an eligible dividend.

Full participation relates to all shares entered in the register in the name of the shareholder and all shares subsequently entered in the shareholder's name.

Partial participation relates to the number of shares specified in the Application Form and all additional shares subsequently issued or transferred to the shareholder under the DRP. For all other shares subsequently entered in the register in the shareholder's name, if a shareholder wishes to have any of those shares participate in the DRP, the shareholder will need to specifically apply for those shares to participate in the DRP.

If you participate in the DRP and you sell some of your shares, your level of participation in the DRP remains the same unless your shareholding falls below the number of shares you have nominated to participate in the DRP, in which case the number of shares you hold becomes the number that participate in the DRP, unless you nominate otherwise by delivery of a Variation Notice.

### **3.1.2. Acquisition price**

The acquisition price for shares issued under the DRP will be the average of the daily volume weighted average sale prices of all ordinary fully paid Cash Converters shares sold on ASX during the 5 trading days immediately after the record date for the eligible dividend less a 2.5% discount. The Board may determine to change or cease this discount from time to time. The amount of the eligible dividend otherwise payable to a shareholder that is to be applied in subscribing for shares under the DRP will be reduced by any applicable withholding tax.

### **3.1.3. Ranking of shares**

Shares issued or transferred under the DRP to a participating shareholder will be fully paid ordinary shares ranking equally in all respects with existing shares of the shareholder that are participating shares in the DRP.

### **3.1.4. Costs**

Shares issued or transferred under the DRP will not be subject to brokerage, commission, or other transaction costs.

### **3.1.5. Records**

Shareholders participating in the DRP will be issued with a holding statement as soon as practicable after shares are issued or transferred.

### **3.1.6. ASX Listing**

Where shares are issued under the DRP, application will be made for shares issued under the DRP to be quoted on ASX.

### **3.1.7. Modifications**

The Board may modify the rules of the DRP from time to time and at any time as it considers appropriate.

### **3.1.8. Suspension or termination**

The Board may suspend, recommence or terminate the operation of the DRP from time to time and at any time it considers appropriate

## **4. Time periods for participation**

Under the DRP your Application Form (or Variation Notice or Withdrawal Notice) must have been received prior to 5.00 pm (Perth time) one business day following the record date for the dividend.

Once you have nominated the number of shares that are to participate in the DRP in relation to a dividend, you cannot vary that number after the record date for the purposes of that dividend.

An application (or variation) remains in effect in relation to all subsequent eligible dividends unless and until it is varied by a Variation Notice.

## 5. Variation or Cessation

Subject to the Rules of the DRP, if you wish to vary your application under the DRP you must do so by forwarding a Variation Notice to the Cash Converters Share Registry. If you wish to cease participating in the DRP you must forward a Withdrawal Notice to the Cash Converters Share Registry.

## 6. Eligibility to participate

Subject to the Company's constitution and any applicable law, all holders of fully paid ordinary shares are eligible to participate in the DRP.

Shareholders may not participate if they have registered addresses in a country or jurisdiction outside Australia that the Board resolves is an ineligible jurisdiction. An ineligible jurisdiction includes the United States of America and Canada unless and until the Board otherwise determines.

A shareholder may not participate in respect of shares over which Cash Converters has or is entitled to a charge, lien or otherwise has rights to retain part or all of a dividend payable in respect of those shares.

The Board is not under any obligation to issue or transfer shares to a shareholder under the DRP if to do so would or might (in the opinion of the Board) result in a breach of the constitution of Cash Converters.

## 7. Tax position

Participating shareholders in the DRP use eligible dividends paid on participating shares to subscribe for additional fully paid shares of the same class. For taxation purposes, shares received under the DRP are treated as though the shareholder had received a cash dividend and then paid it back to Cash Converters to subscribe for new shares.

### **Independent Tax advice**

The above comments concerning the taxation position of shareholders are necessarily general in nature and shareholders should seek and rely on their own taxation advice in relation to the DRP. Neither Cash Converters nor any of its officers or advisers or the Share Registry accepts liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences themselves.

## 8. Rules prevail

If there is any inconsistency between this Summary and the Rules of the DRP, the Rules of the DRP prevail.

### 4.5. Discontinuing Participation

- a) The Board may in its absolute discretion discontinue the participation of a DRP Participant in the DRP, without giving reasons.

- b) is less than the acquisition price for the relevant dividend, Cash Converters will not be liable to account to the DRP Participant for the difference and may retain the difference for its benefit.

## **8. Underwriting**
