Directors' Report

The Directors present their report, together with the condensed financial report, on the consolidated entity (referred to hereafter as the 'Group'), consisting of FOS Capital Ltd ('FOS') and the entities it controlled for the half-year ended 31 December 2025, and independent auditor's review report thereon.

Directors

The names of the Company's Directors in office during the half-year and until the date of this report are set out below. Each of the directors was in office for this entire period, unless otherwise stated.

Con Scrinis, Managing Director
Michael Koutsakis, Executive Director (Sales & Marketing)
Michael Monsonego, Non-Executive Director
Alexander (Sandy) Beard, Non-Executive Chairman

Principal Activities

The principal activities of the Group include the manufacture of a full range of commercial luminaries, outdoor fittings, and linear extruded lighting, as well as the distribution roadway lighting and a range of commercial and architectural lighting.

Results of Operations and Significant Changes in the State of Affairs

The Board is pleased to report the result for the Group during the half-year ended 31 December 2025, with Group Revenues of \$12.4 million, down 12% from \$14.0 million in the prior comparative period (pcp), and an Operating loss before tax of \$12,151 (excluding Aldridge restructuring costs of \$795,286), down compared to an Operating profit before tax of \$1,021,473 in the pcp.

The Group achieved \$498,881 EBITDA before Aldridge restructuring costs, down from \$1.4 million in the pcp. Softer trading conditions in recent months have resulted in orders taking longer than usual to secure.

We expect a sales improvement in the second half, with stronger contributions from the recent Aldridge and Glowing Structures acquisitions.

Following recent acquisition integrations (detailed below), FOS management have identified opportunities to further reduce operating expenses. A combination of head count reduction and import replacement of certain products is expected to drive annualised savings and Gross Profit improvements totalling \$1m per annum. These changes have started to take effect from 3Q26.

ATS Update

Further progress has been made with the ATS business, which was acquired in late June 2025. As announced at the time of acquisition, ATS required a turnaround following a period of declining sales due to limited execution, strategic focus, and capital. The Company is pleased to advise that this turnaround is well underway and that the ATS business is on target to achieve profitability by June 2026.

Key highlights include:

- ATS now has a dedicated team of eight staff, most of whom are in sales functions and all of whom have significant experience in the transport & road sector;
- Since acquisition sales and orders procured to date stand at \$1.5m;
- Active quotes stand at \$6m;
- The sale of non-core assets has been completed, achieving a total of \$0.7m;
- Transfer of product certification and approvals to FOS Lighting is complete;
- Key suppliers have been engaged and replenishment stock orders have arrived
- Restructuring costs incurred to date stand at \$795K; and
- 2H26 sales are expected to be in the range of \$1.5-2.0m.

Glowing Structures Update

FOS acquired specialist lighting design consultancy Glowing Structures in May 2025, with the acquisition significantly expanding FOS' presence in the lighting services industry and providing a significant opportunity to convert a high percentage of Glowing Structures' sales specifications into sales of the lighting products FOS manufactures and distributes. In FY24 Glowing Structures' lighting product sales specifications were \$14m.

Since acquisition, Glowing Structures has been successfully integrated into the broader FOS Capital group. While there has been no material earnings impact on FOS financials in 1H26, a total of \$2 million of specifications were generated which will contribute to FOS sales in 2H26.

Outlook

The outlook for the key industries served by the Group remains strong, including infrastructure, hospitals, road construction and schools, with active quotes at \$115.0m (vs \$110.0m in the pcj), with the order book steady at \$9m (vs \$8.8m in the pcj). This provides good visibility on performance in the current period.

Our organisational structure across Australian and New Zealand, rebased earnings profile, and favourable market positioning leave FOS very well placed to generate further growth. Alongside a consistent focus on product development and rationalisation, we are considering several accretive, strategic acquisitions.

We would like to take this opportunity to thank our customers for their business, shareholders for their support, and in particular our staff for their diligence over the period, and look forward to reporting on our progress in the second half of the financial year.

Dividend

The Directors have declared no interim dividend for the half-year ended 31 December 2025 (no interim dividend declared in pcj).

The Company paid \$672,461 (1 cent per share) final dividend for FY 2025 in Oct 2025.

Matters Subsequent to Reporting Date

There were no matters or circumstances specific to the Group that have arisen since 31 December 2025 that have significantly affected or may significantly affect the Group's operations and state of affairs.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporations Act 2001 in relation to the review for the half-year is attached to these financial statements.

Rounding of Amounts

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2020/191, the amounts in the Directors' report and in the half-year financial report have been rounded to the nearest dollar.

Signed in accordance with a resolution of the directors.

Notes to Consolidated Half-Year Financial Statements

1. Basis of Preparation of the Half-Year Financial Report

The condensed consolidated half year financial report does not include all notes of the type normally included within the annual financial report.

It is recommended that this half-year financial report be read in conjunction with the annual financial report for the year ended 30 June 2025 of FOS Capital Ltd.

The financial report covers FOS Capital Ltd and controlled entities as a consolidated entity (the 'Group'). FOS Capital Ltd is a company Ltd by shares, incorporated, and domiciled in Australia. The address of FOS Capital Ltd's registered office and principal place of business is Unit 3, 41 Rose Street, Richmond, VIC 3121. FOS Capital Ltd is a for-profit entity for the purpose of preparing the financial statements.

The half-year financial report was authorised for issue by the directors as at the date of signing the attached Directors' Declaration.

a. Basis of Accounting

This condensed consolidated half-year financial report has been prepared in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting, as appropriate for for-profit entities, and the Corporations Act 2001. Compliance with AASB 134, as appropriate for for-profit entities, ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

The condensed consolidated half-year financial report includes the consolidated results of FOS Capital Ltd and its controlled entities for the half-year ended 31 December 2025.

The half-year financial report has been prepared in accordance with the historical cost convention, with the exception of fair values applied to the acquisition of assets and assumption of liabilities upon business acquisitions.

The accounting policies applied in this half-year financial report are consistent with those of the annual financial report for the year ended 30 June 2025 and the corresponding half-year.

b. Going Concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

For the half year ended 31 December 2025, the Group reported an underlying net loss before income tax of \$12,151 (excluding Aldridge business restructuring costs of \$795,286), a net loss after tax of \$807,437 and net operating cash inflows of \$401,757. The Group forecasts further improved performance and operating cash inflows going forward.

The Directors have completed a restructuring of Aldridge's business, which was acquired from the receiver of Traffic Technologies Ltd (TTI), to achieve simplification and financial sustainability, and prepared cash flow forecasts which support the Group's ability to continue as a going concern.

The directors are of the opinion that the Group is well positioned to meet its objectives and obligations going forward, and therefore, the financial report has been prepared on a going concern basis.

c. New or amended Accounting Standards and Interpretations adopted

The Group adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There was no material impact upon these financial statements arising from their adoption.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted, however the directors also consider that none of these will have a material impact on the Group's existing accounting policies.

Auditor's responsibility for the review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Half-year Financial Report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2025 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
