# Highlights Summary

- Overall, we have experienced softening demand during H1 FY26 in Tyre Wholesale and increased investment in new growth initiatives
- Reported revenue was \$53.5m down -10.9% vs pcp, including discontinued operations
- Gross Profit was \$18.5m, -11.6% vs pcp driven by sales mix, scale, price & volume, leading to gross margin decline. GP Margin declined slightly to 34.5% from 34.8%
- Reported EBITDA was \$2.5m up +8.0% vs pcp whilst EBITDA Margin was up from 3.9% to 4.7%
- NPBT was -\$1.1m down from \$1.7m pcp, primarily due to lower revenue leading to lower gross margin
- RPM remains within banking covenants with the necessary funding to cover working capital requirements and further organic growth
- The tyre divisions experienced challenging trading conditions, driven by an industry downturn, particularly in Victoria
- The return on investment from tyre recycling and our new strategic initiatives has been slower than expected. However, we remain committed to unlocking the value in the medium to long-term

# Significant Addressable Market

The implementation of our recycling program to our solid tyre business - capitalising on our existing distribution platform to capture greater value across the product lifecycle...

The industry is undergoing a “once in a generation” consolidation opportunity

As a major player in the tyre industry, we are well placed to become a dominant player

Our competitive advantage is our ability to employ reverse logistics

Fully funded to execute organic growth plans

Building a platform for growth to capture adjacent expansion opportunities

The Australian Tyre Industry is a sizeable one [\$6BN] Industry is divided into 3 categories, Passenger, Truck & Bus and Off-the-road or OTR

Recycling is a growing segment with enormous potential, addressing the 563k tonnes scrap tyre environmental problem

Australian Tyre Industry (Tonnes)<sup>1</sup>

Aiming to address the substantial tyre waste generated in Australia, where a significant gap remains between the volume of waste produced and the amount successfully recovered

# Outlook

---

# Outlook

## Key Points

- Stabilising divisional profitability is a focus in H2 FY26, particularly in Wholesale & Retail Tyres
- Management continue to focus on improving cash generation, and building stronger free cash flow whilst reducing gearing levels
- The group continues to pursue ways to unlock value across the Tyre business
- Given the macroeconomic conditions and the changes made in H1 FY26, we anticipate an improved result in H2 FY26
- The divestment of non-core assets remains a Board priority, with strategic options currently under review
- Active investments in new strategic imperatives continue to unlock growth and opportunities in the medium to long term. Specifically with our forward integration of collections and recycling of tyres, as well as the expansion of our geographic platform and product range offering.
