Condensed Notes to the Consolidated Financial Statements for the Half Year Ended 31 December 2025

MCS Services Limited and its subsidiary (Group or Consolidated Entity) principal activity during the half-year was the provision of traffic management services.

1. General information and basis of preparation

These condensed interim consolidated financial statements (the interim financial statements) of the Group are for the six months ended 31 December 2025 and are presented in Australian dollars (\$), which is the functional currency of the Group.

These general purpose interim financial statements have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standards Board (AASB) 134.: Interim Financial Reporting. They do not include all of the information required in the annual financial statements in accordance with International Financial Reporting Standards (IFRS), and should be read in conjunction with the consolidated financial statements of the Group for the year ended 30 June 2025 and any public announcements made by the Company during the half-year in accordance with continuous disclosure requirements under the Australian Securities Exchange (ASX) Listing Rules and *Corporations Act 2001*.

The interim financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The interim financial report covers MCS Services Limited (Company) and its 100% subsidiary (since 17 October 2022), Highways Traffic Pty Ltd (collectively, Group).

MCS Services Limited is a public company, incorporated and domiciled in Australia. The registered office is c/- Level 1, Suite 3, 17 Ord Street, West Perth, WA, 6005.

The Company was incorporated on 11 May 2006.

The interim financial statements for the half-year ended 31 December 2025 (including the comparatives) were approved by the board of directors on 27th February 2026.

2. Summary of significant accounting policies

Except as noted below, the accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The Company has considered the implications of new and amended Accounting Standards which have become applicable for the current financial reporting period. Adoption of the new amended Accounting Standards and Interpretations has not resulted in a significant or material change to the Group's accounting policies. Any new and revised Accounting Standards that are not mandatory have not been early-adopted.

Discontinuing Operations

Non-current Assets Held for Sale and Discontinued Operations

Non-current assets and loan liabilities are classified as held for sale and generally measured at the lower of carrying amount and fair value less costs to sell, where the carrying amount will be recovered principally through sale as opposed to continued use.

Condensed Notes to the Consolidated Financial Statements for the Half Year Ended 31 December 2025

Classification as “held for sale” occurs when management has committed to a plan for immediate sale; the sale is expected to occur within one year from the date of classification and active marketing of the asset has commenced. Such assets are classified as current assets.

A discontinued operation is a component of an entity, being a cash-generating unit (or a group of cash-generating units), that either has been disposed of, or is classified as held for sale, and represents a separate major line of business or geographical area of operations; or is a subsidiary acquired exclusively with the view to resale.

Impairment losses are recognised for any initial or subsequent write-down of an asset (or disposal group) classified as held for sale to fair value less costs to sell. Any reversal of impairment recognised on classifications as held for sale or prior to such classifications is recognised as gain in profit or loss in the period in which it occurs.

3. Judgements, Estimates and Assumptions

When preparing the interim financial statements, management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results. The judgements, estimates and assumptions applied in the interim financial statements, including the key sources of estimation uncertainty were the same as those applied in the Group’s last annual financial statements for the year ended 30 June 2025.

4. Going Concern

The financial statements of the Group have been prepared on a going concern basis which anticipates the ability of the entity to meet its obligations in the normal course of business.

As at 31 December 2025 the Consolidated entity had:

- recorded a loss after tax for the Period of \$215,101 (including a loss from discontinuing operations)
- a net cash outflow from operating and investing activities of \$616,094
- a Cash balance of \$1,137,466
- a working capital surplus of \$898,929 and
- net assets of \$919,779

As noted in Note 9 and as announced to shareholders on 26 February 2026, the Company has agreed to sell the business of its subsidiary Highways Traffic to Altus Traffic. The agreement is subject to shareholder approval at an Extraordinary General Meeting, and other factors. As such the Board cannot confirm if the sale will proceed.

Should the Group not achieve a sale of the Highways Traffic business, additional funding might be required. Therefore there is uncertainty whether the Group would continue as a going concern and therefore whether it would realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

No adjustments have been made in this report with regard to the recoverability or classification of recorded asset amounts or to the amounts on classification of liabilities that might be necessary should the group not be able to continue as a going concern.

9. Discontinuing operations/Assets and Liabilities held for sale

As announced to shareholders on 25 November and 26 February 2026, as the Board are of the view that a sale may be in the best interest of the Company and shareholders, and after an externally coordinated sale process and the receipt of interest from a number of parties interested in making an acquisition, the Company announced that it had entered into a binding, conditional asset purchase agreement on 24 November 2025 (as varied by the deed of variation entered into on or about 31 January 2026) ("Sale Agreement") with Altus Traffic pursuant to which Altus Traffic has agreed to purchase, and the Company has agreed to sell, assign or novate, the core business assets of Highways Traffic ("Disposal").

It should be noted that the conditions precedent under the Sale Agreement were not satisfied by the original sunset date of 31 January 2026 however the parties continued to discuss an extension to this date.

On or about 18 February 2026, the Company entered into a new binding and conditional asset purchase agreement with Altus Traffic on terms substantially similar to those of the Sale Agreement ("New Agreement"). The material terms of the Disposal as governed by the New Agreement are set out below.

The agreement provides for \$1.16m payable by Altus Traffic on Settlement, and includes:

- the sale of the Highways Traffic vehicle fleet and other core fixed assets (\$0.67 million net book value at 31 December 2025) on an unencumbered basis;
- the then remaining balance on the Nab vehicle finance facility (\$0.47 million as at 31 December 2025) to be paid out from the \$1.16m Settlement proceeds, with the remaining Settlement proceeds paid in cash to Highways Traffic;
- the assignment of intellectual property used in the Highways Traffic business, including the Highways Traffic business name and branding;
- an assignment / novation of key client contracts;
- subject to Completion, offers of employment to all Highways Traffic employees by Altus.

Completion is expected to occur by early May 2026 subject to satisfaction of standard conditions precedent including shareholder approval at an Extraordinary General Meeting of the Company.

Further background in relation to the Disposal is set out in the Company's ASX announcements dated 25 November 2025 and 26 February 2026.

Remaining other assets (cash, trade debtors) and other liabilities of Highways Traffic are not part of the transaction and would remain as part of the MCS group, for subsequent realisation and payment. Net surplus funds from Highways Traffic would then be provided to the Company.

As at 30 June 2025 Trade Receivables and Prepayments of Highways Traffic were classed as Assets Available for Sale. As at 31 December 2025 the classification of such Trade Receivables and Prepayments had regard to the structure of the proposed sale to Altus Traffic wherein Trade Receivables and Prepayments are not included in the sale.

The movement in Accounts Receivable balances was materially affected by the timing of receipt of one large client's account. The movement in Prepayment balances is a function of the Group's insurance period being to 31 August each year.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
MCS SERVICES LIMITED**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of MCS Services Limited ("the Company") and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that causes us to believe that the accompanying half-year financial report of MCS Services Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of MCS Services Limited's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company on 27 February 2026.

Material Uncertainty Relating to Going Concern

We draw attention to Note 4 of half-year financial statements, which indicates that during the half-year ended 31 December 2025, the Group incurred a loss before tax of \$215,101 and net cash outflows from operating and investing activities of \$616,094. As at 31 December 2025, the Group had \$1,137,466 in cash and cash equivalents and a net working capital surplus of \$898,929.

As stated in Note 4, the events or conditions, along with other matters as set forth in Note 4, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

Our opinion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of MCS Services Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
