**Request for trading halt: Metro Performance Glass Limited (ASX code MPP; NZX code MPG)**

We request a trading halt to be applied to Metro Performance Glass Limited's (Metro) ordinary shares (ISIN: NZMPGE0001S5) on NZX and ASX under ASX Listing Rule 17.1 and NZX Listing Rule 9.9.1(a) and set out below details of the request as per the rules of each of ASX and NZX.

We would like the trading halt to commence immediately and be lifted at the opening of trading on the NZX Main Board and ASX on Friday, 6th March 2026.

**Reasons for trading halt:**

Metro has announced a share consolidation of 1 share per 40 shares currently on issue in order to rationalise the number of ordinary shares on issue.

Metro considers that the trading halt is desirable to enable Metro to undertake the consolidation and determine the allocation of consolidated shares.

**How long we want the trading halt to last:**

We would like the trading halt to last two trading days, commencing immediately today, 4th March 2026 and being lifted at the opening of trading on the NZX Main Board and ASX on Friday, 6th March 2026.

**The event we expect to happen that will end the trading halt:**

We expect the trading halt to end when the share consolidation has been completed and we expect this to occur before market open on the NZX and ASX on Friday 6th March.

**Other information necessary to inform the market about the trading halt or that ASX or NZ RegCo have requested:**

We do not believe that there is any other information necessary to inform the market about the trading halt.

We confirm that we are not aware of any reason why the trading halt should not be granted.

Yours sincerely
