

# GPT 's first office building to achieve carbon neutral status. Spectacular waterfront location on Darling Island Wharf.

With prominence on sustainability, workplace6 achieved carbon neutral status under NABERS and Climate Active, an in alignment with the international Greenhouse Gas Protocol.

With an elegant and clean commercial appearance, the gleaming glass façade allows the iconic Sydney Harbour to shine at the fore.

## World-class design setting new benchmarks in sustainability

## Eco Footprint

We care about the environment and we have the credentials to prove it. At GPT Workplace6, we're always striving to improve our energy and water consumption. This building was the first to achieve a 6 Star Green Star award for office design in NSW and has been certified carbon neutral. Emissions have been compensated for by investing in carbon offset projects. Find out more about GPT's sustainability initiatives here
