DIRECTORS' REPORT

Review of Operations

Tassa Silver-Gold Project, Peru

Subsequent to the reporting period, Patriot expanded its portfolio through the acquisition of a 100% interest in the high grade Tassa Silver-Gold Project in southern Peru.

To support the acquisition and ongoing exploration activities, the Company completed an oversubscribed capital raising of approximately \$4.25 million (before costs).

Subsequent to the Reporting Period, the Company announced a Maiden JORC (2012) Inferred Mineral Resource at Tassa of 31.4Moz AgEq (18.53Mt at 52.68 g/t AgEq), confirming the scale of the silver-dominant polymetallic system.

Historical exploration at Tassa has confirmed the presence of high grade silver and gold mineralisation, with scout diamond drilling comprising 26 drill holes for approximately 8,474.5 metres intersecting wide intervals of high-grade silver mineralisation. Notable intercepts include:

- 60m @ 224.2 g/t Ag from 24m (including 16m @ 383.9 g/t and 24m @ 291 g/t)
- 37m @ 113.5 g/t Ag from 154m (including 8.7m @ 321.00 g/t)
- 16m @ 152.9 g/t Ag from 102m
- 4m @ 919.5 g/t Ag from 36m (including 2m @ 1,765 g/t)

In addition to the silver mineralisation, drilling has also demonstrated gold mineralisation in the southern zone of the project, with intersections including:

- 16m @ 1.50 g/t Au from 102m (including 6m @ 2.55 g/t)
- 81.9m @ 0.41 g/t Au from 332m (including 24m @ 0.80 g/t)
- 234m @ 0.25 g/t Au from 200m (including 114m @ 0.40 g/t)

DIRECTORS' REPORT

Review of Operations (continued)

Appointment of Dominic Duggan

Subsequent to the end of the period, the Company announced the appointment of Mr Dominic Duggan as Chief Executive Officer (“CEO”).

Dominic is a mining engineer and finance professional with more than a decade of experience across iron ore, gold and base metals operations, spanning both underground and open pit environments. He is an experienced technical and operational leader, having led multidisciplinary teams across complex mining operations.

In addition to his operational roles, Dominic has held functional leadership positions at Rio Tinto, with experience in mine finance and working with First Nations partners on commercial agreements, heritage matters and planning approvals.

Dominic holds degrees in Mining Engineering and Commerce (Finance) from the University of New South Wales and holds a statutory Western Australian Site Senior Executive (SSE) qualification.

Kitumba Copper Project & Mumbwa District, Zambia

During the Reporting Period, Patriot continued to advance exploration across its 80%-owned Kitumba 27715 Project and acquired an 80% interest in the Mirkal and Chimban licences in Zambia. All located within the highly prospective Mumbwa copper district.

Gorman Lithium Project

Patriot continues to maintain its interest in the Gorman Lithium Project in Ontario, Canada, located within a prospective lithium exploration region that hosts several emerging lithium discoveries.

DECLARATION OF INDEPENDENCE BY JACKSON WHEELER TO THE DIRECTORS OF PATRIOT RESOURCES LIMITED

As lead auditor for the review of Patriot Resources Limited for the half-year ended 31 December 2025, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
2. No contraventions of any applicable code of professional conduct in relation to the review.

This declaration is in respect of Patriot Resources Limited and the entities it controlled during the period.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Patriot Resources Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Patriot Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Group's financial position as at 31 December 2025 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Material uncertainty relating to going concern

We draw attention to Note 1 (c) in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is true and fair and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2025

1. Summary of material accounting policies

(a) Basis of preparation

These interim financial statements for the half year reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The entity is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report does not include full disclosures of the type normally included in an annual report. It is recommended that this financial report to be read in conjunction with the annual financial report for the period ended 30 June 2025 and any public announcements made by Patriot Resources Limited during the half year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New and amended standards adopted by the entity

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period. Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Statement of Compliance

The interim financial statements were authorised for issue on 12 March 2026.

(b) Use of estimates and judgements

The significant accounting judgements, estimates and assumptions adopted in the half-year financial report are consistent with those applied in the preparation of the Group's annual report for the period ended 30 June 2025.

(c) Going concern

The half-year financial report has been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business.

The Directors are satisfied that the going concern assumption has been appropriately applied in preparing the financial statements and the historical financial information has been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

For the half-year ended 31 December 2025 the Group recorded a loss before tax of \$1,164,619 (2024: \$2,150,938) and had net cash outflows from operating activities of \$1,167,595 (2024: \$1,407,227). As at 10 March 2026, the Group has Cash and Cash equivalents on hand of \$2,789,704.

The ability of the Group to continue as a going concern will be dependent on the completion of a capital raising.

These conditions indicate a material uncertainty that may cast a significant doubt about the Group's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The Directors believe that the going concern basis of preparation is appropriate due to the following reasons:

- The Group will continue to assess divestment opportunities to reduce its ongoing exploration commitments.
- A history of successfully completing capital raisings over the preceding financial periods. As noted on the 19 February 2026, The Company completed Tranche 2 of the capital raise, raising \$2,350,000 through the issue of 49,473,684 fully paid ordinary shares.

Should the Group be unable to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the entity not continue as a going concern.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2025

2. Material profit and loss items for the period

Profit/(Loss) for the period includes the following items:

	31 December 2025	31 December 2024

Exploration expenditure not capitalised		
Exploration expenditure not capitalised	600,893	887,403
Total Exploration expenditure not capitalised	600,893	887,403

3. Earnings per share

Basic earnings per share amounts are calculated by dividing loss after Income Tax for the period attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period.

The following reflects the income and share data used in the total operation's basic earnings per share computations:

Basic and diluted profit/(loss) per share	2025	2024
Loss used to calculate basic and diluted profit/(loss) per share	(1,164,619)	(2,150,938)
Basic and diluted profit/(loss) per share from continuing operations (cents per share)	(0.70)	(1.70)
	2025	2024
Weighted average number of ordinary shares	No.	No.
Weighted average number of ordinary shares outstanding during the period used in calculating basic EPS	166,771,089	126,417,965

Diluted earnings per share are not disclosed because potential ordinary shares, being options granted, are not dilutive and their conversion to ordinary shares would not demonstrate an inferior view of the earnings performance of the Company.

4. Dividends paid or proposed

The Directors do not recommend the payment of a dividend and no amount has been paid or declared by way of a dividend to the date of this report.

8. Operating segments

Operating segments that meet the quantitative criteria of AASB 8 are reported separately. However, an operating segment that does not meet the quantitative criteria is still reported separately where information about the segment would be useful to the users of the financial statements.

The Group operating segments have been determined with reference to the monthly management accounts used by the Chief Operating Decision maker to make decisions regarding the Group's operations and allocations of working capital. Due to the size and nature of the Group, the Board as a whole has been determined as the Chief Operating Maker.

Information reported to the Group's Board of Directors for the purpose of resource allocation and assessment of performance is more specifically focused on the exploration and development of mineral resource projects. The Group's reportable segments under AASB 8 are therefore as follows:

- mineral exploration industry within the United States of America ("USA").
- mineral exploration industry within Canada.
- mineral exploration industry within Zambia.
- Other sector.
