Chair's Letter

Dear Shareholders

On 26 February 2026, Shriro Holdings Limited (**Shriro** or the **Company**) announced a \$15 million equal access buy-back to return excess capital to shareholders (**Buy-Back**) at a price of \$0.81 per share. The Buy-Back follows the \$5 million buy-back Shriro completed in December 2025 and a \$15 million buy-back Shriro completed in February 2025. The Buy-Back represents approximately 25.82% of Shriro's issued share capital. The Buy-Back was approved by shareholders at the Company's annual general meeting on 17 November 2025.

Shriro remains focused on its new capital light model for global expansion of its BBQ range.

The Board considers the Buy-Back to be the most effective way to return cash to shareholders whilst also improving the EPS.

The Board has considered how best to return the excess capital to shareholders. As part of that, Shriro has also considered a range of views expressed by our shareholders.

The Buy-Back has the potential to generate value for all our shareholders, either directly or indirectly as:

- the Buy-Back is expected to improve return on equity, cash flow per share and earnings per share for all shareholders who continue to hold Shriro shares; and
- as the Buy-Back is being offered at a premium to the current market price of Shriro shares, depending on the price of Shriro shares during the Buy-Back offer period, some Shriro shareholders may achieve a higher price for their Shares by participating in the Buy-Back than the return for the sale of their shares on market.

More detail on the rationale for undertaking the Buy-Back, and a summary of the advantages and disadvantages of the Buy-Back, is outlined in section 1 of this booklet.

Shriro has returned significant capital to shareholders in recent years. The Board has determined that this phase of elevated distributions has concluded and will now prioritise capital growth. This will include a focus on acquisitions, organic growth initiatives and, where appropriate, share buy-backs.

On the 2 December 2025, Fiona Brown was appointed as a Director of the Company. Ms. Brown has a relevant interest in Brunneis. Brunneis is one of Shriro's substantial shareholders and has disclosed that its voting power in the Company is 21.31%. Further information on Brunneis' intentions and the potential control impacts of the Buy-Back is provided in section 3.8 of this booklet. Brunneis has not communicated to Shriro any intention to increase its shareholding in Shriro (outside of the Buy-Back). However, it remains possible that Brunneis could, in the future, seek to acquire further shares in Shriro either through a takeover bid, scheme of arrangement, on market purchases or otherwise. Shareholders who sell any of their Shares under the Buy-Back will not have

the opportunity to participate in any takeover bid, scheme of arrangement or other opportunities in respect of the Shares that they Offer to the Company (and that are bought back by the Company).

It is also important for shareholders to note that Tim Hargreaves (CEO and director of Shriro) has confirmed that he does not intend to participate in the Buy-Back.

Given that participation in the Buy-Back is entirely optional, the directors have decided to let shareholders decide whether or not they wish to participate in the Buy-Back.

Neither the Company nor any of its directors are making any recommendation or giving any advice on:

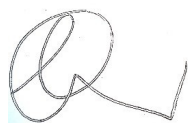

- the value of the Shares; or
- whether or not you should participate in the Buy-Back.

Details of the tender process and how to participate in the Buy-Back are provided in section 1 of this booklet. Tender forms must be received by the share registry, or, if you are a CHES holder, you must ensure that your broker processes your tender form by no later than 5.00pm on Friday, 24 April 2026.

Participation in the Buy-Back is entirely optional. It is important to consider this booklet carefully. It is important that you read this document in full before making any decisions. If you are in any doubt as to the action you should take in relation to the Buy-Back, you should consult your legal, financial, taxation or other professional adviser.

Thank you for your continued support of Shriro.

Yours sincerely

Abigail Cheadle
Chair of the Board
12 March 2026

1 Summary of the Buy-Back

This Booklet contains material information on the Company's Buy-Back Invitation to help you to make an informed decision on whether to participate in the Buy-Back. Defined terms are capitalised and explained in section 6.1.

1.1 What is an off-market buy back?

In an off-market buy back, a company invites eligible shareholders to offer to sell some or all of their shares to the company. If the company accepts the offer, a buy-back agreement is formed on the applicable terms. The shares bought back are cancelled, reducing the number of shares the company has on issue.

1.2 Why is the Company implementing the Buy-Back?

The Company is targeting a return of \$15 million to Shareholders through the Buy-Back. This will return excess capital resulting mainly from the continued strategy of a capital light model for Shriro's seasonal products business and profits generated by the Company. The Company may, at its discretion, vary the size of the Buy-Back, subject to certain legal restrictions.

1.3 Shareholder approval obtained at 2025 Annual General Meeting

The Buy-Back was subject to Shareholders authorising the Buy-Back (defined in section 6.1 of this Booklet and described in detail in the Notice of Meeting) at the Company's Annual General Meeting held on 17 November 2025. The Buy-Back was approved by the requisite majority of shareholders.

1.4 At what price will the Shares be bought back?

Shares will be bought back at a fixed price per Share of \$0.81. This represents a 5.5% premium to the 5-day volume weighted average price of Shriro Shares up to and including Wednesday, 25 February 2026 (being the last trading day before the announcement of the Buy-Back).

1.5 How many Shares will the Company Buy-Back?

The Company intends to spend up to a maximum of \$15 million buying back its Shares.

As the Buy-Back is to be conducted at a fixed price per Share of \$0.81, the number of Shares to be bought back will be approximately 18,518,518. The final number of Shares to be bought back will be determined after the Closing Date and will take account of any pro-rata scale back applied by the Company. The Company will advise the market of the final number of shares to be bought back on or around Monday, 27 April 2026.

Further information about the number of Shares which may be bought back, and the amount each participating Shareholder may receive, is set out in section 3.5.

1.6 What are the advantages of the Buy-Back?

The Board considered various alternatives for returning capital to Shareholders and determined that the Buy-Back, conducted as an off-market equal access scheme, is the most efficient and value-enhancing strategy to return the excess capital because:

- (a) it permits the Company to efficiently return excess capital to Shareholders who want to realise a portion of their investment at \$0.81 per Share;
- (b) the Buy-Back is expected to improve return on equity, cash flow per Share and earnings per Share for all Shareholders who continue to hold Shares in Shriro after the Buy-Back has occurred;
- (c) as the Buy-Back is being offered at a premium to the current market price of Shriro Shares, depending on the price of Shares during the Buy-Back offer period, some Shareholders may achieve a higher price for their Shares by participating in the Buy-Back than the return for the sale of their shares on market;
- (d) all eligible Shareholders have an equal opportunity to participate in the Buy-Back;
- (e) the Buy-Back represents an efficient means of returning capital to shareholders as a significant number of Shares can be bought back within a relatively short period of time;
- (f) it should enable Shareholders to sell a large volume of Shares without depressing the market price of Shares;
- (g) Shareholders with a small holding are able to sell all of their Shares into the Buy-Back;
- (h) Shareholders should not have to pay brokerage or appoint a stockbroker to sell their Shares; and
- (i) Shareholders can choose whether they want to participate or not.

1.7 What are the disadvantages of the Buy-Back?

The Board believes that the potential disadvantages of the Buy-Back include the following:

- (a) the price Shareholders receive under the Buy-Back may be lower than the price those Shareholders would be able to receive for selling those Shares on ASX;
- (b) Shareholders who sell any of their Shares under the Buy-Back will not have the opportunity to participate in any takeover bid or scheme of arrangement in respect of the Shares that they Offer to the Company (and that are bought back by the Company);
- (c) Shareholders will not benefit from any future increase in the market price of Shares on ASX in respect of any Shares that are sold to the Company;
- (d) Shareholders will not be entitled to receive any dividends in the future in respect of any Shares that are sold to the Company;
- (e) there will be a reduction in the Company's available cash reserves, potentially limiting the Company's ability to invest in growth opportunities such as acquisitions; and
- (f) the liquidity of Shares will be reduced following the Buy-Back as there will be fewer Shares on issue.

The Board considers that the advantages described within section 1.6 significantly outweigh the disadvantages set out within this section.

1.8 Who may participate in the Buy-Back?

Eligible Shareholders holding Shares on the Record Date, Friday, 20 March 2026, may participate in the Buy-Back.

The Company is not inviting Excluded Foreign Shareholders (as defined in section 6.1) to participate in the Buy-Back.

1.9 How many Shares can I offer to sell?

Shareholders are invited to Offer to sell up to 25.82% of their Shares (**Buy-Back Entitlement**). The number of Shares representing your Buy-Back Entitlement is set out in the box marked 'B' on your personalised Tender Form.

If you want to Offer to sell your full Buy-Back Entitlement into the Buy-Back, you should mark box 'C' on your Tender Form.

If you want to Offer to sell less than your full Buy-Back Entitlement into the Buy-Back, you need to insert the number you wish to Offer in box 'D' on your Tender Form.

If a Shareholder holds 2,469 Shares or fewer and wishes to make a Buy-Back Offer, the Shareholder must Offer to sell all of the Shareholder's Shares. If you want to Offer to sell all of your Shares into the Buy-Back, you should mark box 'E' on your Tender Form.

If you wish to Offer to sell additional in excess of your Buy-Back Entitlement (**Additional Shares**), you will need to insert the number of Additional Shares you wish to Offer in box 'F' on your personalised Tender Form. Additional Shares will only be bought back to the extent other Eligible Shareholders have not tendered their full Buy-Back Entitlement (**Shortfall**).

If the Company receives Buy-Back Offers for more than \$15 million worth of Shares, a scale back will operate as follows:

- (a) if a Shareholder Offers 2,469 Shares or fewer, the Company will Buy-Back all of the nominated Shares;
- (b) if a Shareholder Offers more than 2,469 Shares but not more than their Buy-Back Entitlement, the Company will Buy-Back all of the nominated Shares;
- (c) if a Shareholder Offers Additional Shares, and the total number of Additional Shares Offered by all eligible Shareholders exceeds the Shortfall, the Company will scale back on a pro-rata basis all Offers of Additional Shares so that the total amount payable by the Company for all Shares bought back is no more than \$15 million; and
- (d) in calculating the number of Shares that will be bought back, all fractions will be rounded down.

The Company will announce the details of any scale back shortly after the Closing Date.

1.10 Do I have to sell any of my Shares?

No.

If you do not want to sell any of your Shares into the Buy-Back, simply take no action.

1.11 How does the Buy-Back compare to selling the Shares on the stock market?

At the date of this Booklet, the Shares were trading at a discount to the Buy-Back Price. However, it is possible that the market price of the Shares on the ASX may be higher or lower than the Buy-Back Price during the period of the Offer. For your information, a summary of how the Shares have performed recently is set out in section 1.12 below.

To execute a share sale on the ASX, you will need to appoint a broker and may have to pay brokerage whereas you should not need to appoint a broker or pay brokerage to sell your Shares into the Buy-Back.

Depending on your individual circumstances, if you sell your Shares on the ASX, the Australian tax consequences of doing so are likely to be the same as selling your Shares into the Buy-Back (see section 2 of this Booklet for general details in relation to Australian tax implications, but note that you should consider your own particular tax circumstances).

By making the Buy-Back Invitation and in deciding that the Buy-Back Price would be the price at which Shares are bought back, neither the Company nor any of its directors are making any recommendation or giving any advice on the value of the Shares, or whether or not you should participate in the Buy-Back.

Before you decide what to do with your Shares, you should obtain your own professional advice (including taxation advice).

1.12 How have the Company Shares performed over recent times?

The closing price of Shares on ASX on Wednesday, 11 March 2026 was \$0.78.

The following table provides information in relation to the market prices of Shares on ASX over the last 6 months:

Month	Low	High
September 2025	\$0.61	\$0.74
October 2025	\$0.655	\$0.71
November 2025	\$0.75	\$0.815
December 2025	\$0.76	\$0.815
January 2026	\$0.77	\$0.835
February 2026	\$0.74	\$0.81

1.13 How long will the Buy-Back be open?

You can submit your Tender Form to the Company from Thursday, 26 March 2026 until 5.00pm Sydney time on Friday, 24 April 2026. If the Offer is extended, the new Closing Date will be announced to the ASX.

1.14 How do I Offer to sell my Shares into the Buy-Back?

The way in which you can make an Offer will depend on whether your Shares are held as an Issuer Sponsored Holding or as a CHESS Holding. If you do not know whether your holding is an Issuer Sponsored Holding or a CHESS Holding, contact your financial advisor.

(a) Issuer Sponsored Holdings

Enclosed with this Booklet is a personalised Tender Form which contains instructions on how to Offer your Shares to the Company.

If you wish to Offer your full Buy-Back Entitlement in the Buy-Back, you only need to place an 'X' in the box marked 'C' on your Tender Form.

If you want to Offer less than your full Buy-Back Entitlement into the Buy-Back, you need to insert the number you wish to Offer in box 'D' on your Tender Form.

If you hold 2,469 Shares or fewer, you must Offer all of your Shares into the Buy-Back if you wish to participate in the Buy-Back. If you hold 2,469 Shares or fewer and you purport to Offer less than all of your Shares, you will be deemed to have Offered all your Shares. If you want to Offer all of your Shares into the Buy-Back, you should mark box 'E' on your Tender Form.

If you wish to offer Additional Shares, you will need to insert the number of Additional Shares you wish to Offer in box 'F'.

You should refer to section 4.2(a) of this Booklet for further details on how to Offer your Shares into the Buy-Back, including where to send your completed Tender Form.

(b) CHESS Holdings

If you have a CHESS Holding, you only need to contact your controlling participant (normally the broker who arranged the purchase of your Shares). You must contact them in time for them to process your Offer before 5.00pm Sydney time on Friday, 24 April 2026.

A CHESS Holders Tender Form is enclosed, but it is up to your controlling participant whether they require the form to be signed. Do not send your CHESS Holders Tender Form to the Company or the Share Registry. Contact your controlling participant instead.

You should refer to section 4.2(b) of this Booklet for further details on how to Offer to sell your Shares into the Buy-Back.

1.15 Can I withdraw or amend my Offer?

Yes – you may withdraw or amend the Offer provided you use a Withdrawal/Amendment Form and it is returned to the Share Registry and processed by 5.00pm on the Closing Date, Friday, 24 April 2026.

See section 4.9 of this Booklet for important instructions on how to withdraw or amend your acceptance and details of when such changes will take effect.

1.16 Can I sell my Shares to someone else if I have already Offered those shares into the Buy-Back?

When your Tender Form is processed by the Share Registry, an electronic "lock" is effectively put on the number of Shares you have Offered to sell into the Buy-Back. Those Shares cannot be traded on ASX unless you submit a Withdrawal/Amendment Form and that form is processed by the Share Registry.

See section 4.9 of this Booklet for important instructions on how to withdraw or amend your acceptance and details of when such changes will take effect.

1.17 When will I be paid for Shares I sell into the Buy-Back?

Payment will be made in Australian dollars within 5 business days following the Closing Date.

If you have nominated an account for direct debit of dividends, payment will be made by direct debit into that account. Otherwise, payment will be mailed by cheque. The Company expects to mail cheques on or around Friday, 1 May 2026. Cheques will be mailed to the address shown on the Register as at the Closing Date unless written advice to the contrary is received by the Company prior to 5.00pm on the Closing Date, Friday, 24 April 2026.

2 Australian Tax Implications for Shareholders

Income tax considerations for off-market share buy-backs for a listed public company

On 27 November 2023, *Treasury Laws Amendment (2023 Measures No. 1) Bill 2023* was passed which seeks to align the tax treatment of off-market share buy-backs undertaken by listed public companies with on-market share buy-backs.

Consequences of the off-market share buy-back for shareholders

As a result of this new legislation, where the share buy-back is an off-market buy-back, no part of the buy-back price is taken to be a dividend. Therefore, shareholders who participate in the off-market buy-back should not be assessed on any part of the purchase price as a dividend. Shareholders are instead assessed on any capital or revenue gain or loss that results from the disposal of their shares.

Consequences for Shiro's franking account

While there is no deemed dividend to shareholders, a franking debit would arise in Shiro's franking if the price paid per share exceeded the share capital per share. Shiro is of the view that this would occur at the price of this buy-back, however as it exceeds the share capital per share by \$0.006 per share, the impact on the franking credit balance will be minimal. This is legislation passed in November 2023,

there were no precedents for Shriro to rely on, thus the Commission of Taxation may form a different view.

3 Effect of the Buy-Back on the Company

3.1 Summary of FY2025 full year results

A copy of the FY2025 full year results announcement can be accessed on the Company's website at www.shriro.com.au.

3.2 Material developments

Shareholders should be aware that from time to time, the Company may be involved in strategic initiatives and potential corporate transactions. If a significant initiative or corporate transaction develops, the Company may make an announcement to the ASX. However, where it is not appropriate to immediately disclose the transaction, it may become necessary to terminate or extend the Buy-Back to ensure that the Buy-Back only proceeds in circumstances where shareholders are fully informed of all material information. Any decision to terminate or extend the Buy-Back will only be made after due consideration of the best interests of the Company's shareholders and would be announced to the ASX and made available on the Company's website at www.shriro.com.au.

3.3 Impact of the Buy-Back

- (a) **Impact on Share Capital:** All Shares bought back under the Buy-Back will be cancelled in accordance with the Corporations Act.
- (b) **Impact on Balance Sheet:** The table below sets out a summary of the Company's consolidated balance sheet:
- (1) as at 31 December 2025; and
 - (2) on a pro-forma basis following the Buy-Back, assuming (i) \$15 million of share capital is bought back by the Company under the Buy-Back, and
(ii) transaction costs of \$30,000.

The table below does not include the impact of the following:

- (3) trading results or any other events or transactions since 31 December 2025;
- (4) incidental costs of the Buy-Back (as they are not significant to the pro-forma calculation)

	Audited December 2025 \$'000	Buy-Back \$'000	Pro forma after the Buy-Back \$'000
CASH/(NET DEBT)	9.7	(15.0)	(5.3)

	Audited December 2025 \$'000	Buy-Back \$'000	Pro forma after the Buy-Back \$'000
NET ASSETS	37.5	(15.0)	22.5
ISSUED CAPITAL	57.7	(15.0)	42.7
TOTAL EQUITY	37.5	(15.0)	22.5

(a) Impact on Earnings per Share and other key financial indicators

The precise impact of the Buy-Back cannot be determined until the size of the Buy-Back is finalised. However, the Buy-Back is expected to improve earnings per Share, return on equity and cash flow per Share for all Shareholders who continue to hold shares in the Company. The more Shares that are purchased, the greater the expected enhancement in these metrics.

3.4 How will the Buy-Back be funded and how will it affect the Company?

The Buy-Back will be funded from excess capital supplemented by a short-term debt facility. The Board believes that after the Buy-Back, the Company will remain in a strong financial position.

The Buy-Back is ultimately supported by underlying profits and surplus capital generated by the Company, with the debt facility serving as a timing bridge rather than a source of long-term funding.

As at 6 March 2026, the Company held \$14.8 million in cash and has also secured a \$10 million loan facility with ANZ. The drawdown under the facility will depend on the Group's working capital requirements. The net interest expense and associated fees for the 12-month period following the Buy-Back is estimated to be approximately \$315,000.

3.5 What effect will the Buy-Back have on trading?

The Buy-Back is not expected to have a material effect on trading in Shares.

3.6 Number of Shares to be bought back

As at 12 March 2026, Shriro had on issue 71,724,313 Shares. If Shriro buys back the full \$15 million worth of Shares, that will equate to Shriro buying back 18,518,518 Shares.

3.7 Amount per Shareholder

The amount each participating Shareholder will receive under the Buy-Back will depend on the total number of Shares Offered by that Shareholder and whether any scale back is applied to an Offer of Additional Shares made by that Shareholder. The amount received by a participating Shareholder will be the number of their Shares bought back by the Company, multiplied by the Buy-Back Price of \$0.81 per Share.

By way of example, for each 1,000 Shares Offered, a participating Shareholder will receive \$810.

3.8 Potential impact on control

Shareholders who do not sell any of their Shares under the Buy-Back will have the same number of Shares after the Buy-Back as before the Buy-Back.

However, the number of Shares that non-participating Shareholders hold as a percentage of the total number of Shares on issue will increase when the Shares bought back from other participating Shareholders under the Buy-Back are cancelled.

The table below sets out, for illustrative purposes, the potential change in voting power for each of the current substantial holders of the Company following completion of each Buy-Back, assuming:

- (a) each the Buy-Back proceed and the maximum number of shares are bought back;
- (b) none of the substantial holders participate in the Buy-Back (and so do not have any of their shares bought back); and
- (c) none of the substantial holders otherwise acquire or dispose of any shares,

Substantial holder	Current voting power (as publicly disclosed)	After Buy-Back
Brunneis Investments Pty Ltd and Fiona Tudor Brown ATF FiBrown Family Trust No 2	21.31% (15,284,117)	28.73% (15,284,117)
Greg & Harrison Pty Ltd	7.46% (5,811,600)	10.92% (5,811,600)
DMX Asset Management Limited	6.54% (4,689,684)	8.81% (4,689,684)
Spheria Asset Management Pty Ltd and Pinnacle Investment Management Group Limited (and its subsidiaries)	6.12% (4,392,283)	8.26% (4,392,283)
Total shares on issue	71,724,313	53,205,795

Shriro's major shareholder, Brunneis Investments Pty Ltd ACN 168 992 747 and Fiona Tudor Brown ATF FiBrown Family Trust No 2 (collectively **Brunneis**), which has a relevant interest of approximately 21.31% of Shriro's shares may, as a result of the Buy-Back, increase from 21.31% to 28.73%.

Given the potential control impact of the Buy-Back, Brunneis abstained from voting on the resolutions relating to the Buy-Back (Resolutions 6 and 7) at the 2025 AGM held on 17 November 2025. Brunneis has not otherwise determined whether it intends to participate in the Buy-Back. With Brunneis abstaining from voting, 99.31% of votes cast were in favour of Resolutions 6 and 7.

Given none of the other substantial holders will have their voting power increase above 20% as a result of the Buy-Back, Shriro did not seek similar confirmation from any of them and Shriro is unaware of their intentions.

Brunneis has not communicated to Shriro any intention to increase its shareholding in Shriro (outside of the Buy-Back). In particular, Brunneis has not communicated any intention to seek to acquire control of Shriro by way of a takeover bid or scheme of arrangement and it is possible that it may not seek to acquire control of Shriro. However, it remains possible that Brunneis could, in the future, seek to acquire further shares in Shriro either through a takeover bid, scheme of arrangement, on market purchases or otherwise.

The Company undertakes no obligation to revise the forward-looking statements included in this Booklet to reflect any future events or circumstances.

The Company's actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences include the number of Shares bought back, and general trading and economic conditions affecting the Company.

Further information about the Company, its business and factors affecting its operations is contained in the Company's half year results for the period ended 31 December 2025 and other reports, which can be accessed from the Company's website.

4 Terms of the Buy-Back Invitation and the Buy-Back Agreement

4.1 The Buy-Back Invitation

The Company invites you to offer to sell to the Company up to 25.82% of your Shares on the terms and conditions set out below. If you hold more than 2,469 Shares you can choose how many Shares you nominate to be bought back by the Company. However, if you hold 2,469 Shares or fewer and you wish to participate in the Buy-Back you must make a Buy-Back Offer for the Company to Buy-Back all of your Shares. The number of Shares which the Company will Buy-Back from you will be determined in accordance with this section 4.1.

(a) The maximum Buy-Back, and the scale back

The Company intends to spend up to \$15 million and buy back approximately 25.82% of its issued share capital under the Buy-Back.

If the Company receives Offers for more than the number of Shares it wishes to buy back, then a scale back will operate. The scale back is intended to operate in the following manner:

- (1) if you Offer 2,469 Shares or fewer then the Company will buy back all of those Shares;
- (2) if you Offer more than 2,469 Shares but not more than your Buy-Back Entitlement (being 25.82% of your Shares), the Company will buy back all of the nominated Shares;
- (3) if you Offer Additional Shares, and the total number of Additional Shares Offered by all eligible Shareholders exceeds the Shortfall¹, the Company will scale back on a pro-rata basis all Offers of Additional Shares so that the total amount payable by the Company for all Shares bought back is no more than \$15 million (or approximately 25.82% of the Company's issued share capital); and
- (4) in calculating the number of your Shares that will be bought back, all fractions will be rounded down.

The Company will announce any scale back shortly after the Closing Date.

(b) The Buy-Back Price

The price the Company will pay for each Share bought back under the Buy-Back is \$0.81 per Share (this amount being the **Buy-Back Price**).

(c) Entitlement to participate in the Buy-Back

Your rights under the Buy-Back Invitation are personal and you may not transfer them. Any purported transfer of rights will not be recognised.

4.2 How to Offer your Shares into the Buy-Back

- (a) Issuer Sponsored Holdings

A personalised Tender Form containing instructions on how to participate is enclosed with this Booklet.

To Offer to sell your Shares to the Company in the Buy-Back, you should decide how many Shares you want to offer to sell. The number of Shares representing your Buy-Back Entitlement is marked in box 'B' on your personalised Tender Form.

Then:

- if you wish to sell your full Buy-Back Entitlement marked in box 'B' on your personalised Tender Form, you need only place an 'X' in box 'C' and sign the Tender Form where indicated;
- if you hold more than 2,469 Shares and you do not wish to sell your full Buy-Back Entitlement, write the number of Shares you wish to sell in the box marked 'D' on the Tender Form;
- if you hold 2,469 Shares or fewer you will be deemed to have Offered to sell all your Shares if you wish to participate in the Buy-Back. That is, you do not need to nominate any number in any box on your Tender Form, you only need to mark box 'E'. If you insert a number of Shares into the form that is less than the number of Shares you hold you will still be deemed to be Offering the entire number of Shares that you hold. You also need to sign the Tender Form where indicated;
- If you wish to sell Additional Shares, write the number of Additional shares you wish to sell in the box marked 'F' on the Tender Form. Additional Shares will only be bought back to the extent there is a Shortfall.

Send your completed and signed Tender Form to the address below, allowing enough time to sure it will be received before 5.00pm Sydney time on the Closing Date – that is, Friday, 24 April 2026 unless extended by the Company.

You can use the enclosed reply-paid envelope if you are posting in Australia. Please note that if you are returning your Tender Form by post, it will not be effective unless it is actually received at the above address by 5.00pm Sydney time on the Closing Date (meaning that you will be deemed to have decided not to participate in the Buy-Back). You should allow sufficient time for this to occur.

The Company will not take responsibility for Tender Forms that are not received by the Closing Date.

(b) CHESSE Holdings

If you have a sponsored CHESSE Holding, you can only submit your Offer by contacting your controlling participant (usually the broker who arranged the purchase of your Shares) to provide your instructions.

You must contact your controlling participant in time for it to process your acceptance before 5.00pm Sydney time on the Closing Date, that is, Friday, 24 April 2026 unless extended by the Company. Acceptances which are not fully processed before this time will not be effective (meaning that you will be deemed to have decided not to participate in the Buy-Back).

You will need to instruct your controlling participant how many Shares you wish to nominate for sale and which holding (if you have more than one holding).

A CHESSE Holders Tender Form is enclosed, but it is up to your controlling participant whether they require the form to be signed. **Do NOT send your CHESSE Holders Tender Form to the Company or the Share Registry.**

(c) Broker and non-broker participants

If you are a broker or non-broker participant you may only submit this Offer in accordance with the Settlement Rules.

4.3 Restrictions on acceptances

The Company will not accept any Tender Form which it may not lawfully accept or which, if accepted, would give rise to an illegal or unenforceable Buy-Back agreement or a Buy-Back agreement which the Company cannot otherwise lawfully perform.

The Buy-Back Invitation is not made to Excluded Foreign Shareholders (as defined in section 6.1). Without limiting the rights that the Company otherwise has, an Offer submitted by such a person will not be accepted by the Company.

4.4 Shareholders with more than one holding of Shares

You will receive a personalised Tender Form for each separate holding of Shares (for example, if you hold some Shares in your name and some Shares jointly with your spouse, you will receive two Tender Forms). You may submit an Offer in respect of any or all of your separate holdings provided that you complete a separate Tender Form (in accordance with the instructions on the Tender Form) for each holding you wish to sell.

4.5 Joint Shareholders

If you hold your Shares jointly with another person (for example, your spouse) you must complete and return the Tender Form in accordance with instructions for joint holdings on the Tender Form.

4.6 Shares held by trustees and nominees

Trustees and nominees who hold Shares should inform the beneficial owners of the Shares about the Buy-Back, subject to any legal restrictions in the countries where such beneficial owners are resident, and then aggregate all Offers received from beneficial owners. It is the responsibility of the trustee or nominee to complete an aggregated Tender Form on behalf of all beneficial owners.

Trustees and nominees, and any other registered holders with Shares held on behalf of a beneficial owner, should be aware that any scale back will be applied on a registered holder basis only.

However, subject to local jurisdiction law, trustees and nominees may be required to apply any scale back to beneficial holders on a pro-rata basis. It is the responsibility of the registered holder to aggregate all instructions received from any underlying beneficial owners and submit one combined Tender Form (if any).

4.7 Margin lending arrangements

If you hold Shares under margin lending arrangements or if they are held as security for a loan or as ASX Clear Pty Limited collateral, you should ensure that your participation in the Buy-Back is permitted by those margin lending arrangements, the terms and conditions of that particular loan or by ASX Clear Pty Limited.

4.8 Declining the Buy-Back Invitation

You may choose not to participate in the Buy-Back and continue to hold all of your Shares. In this case, you do not need to take any action.

You should allow sufficient time for this to occur. You can contact the Buy-Back enquiry line on the numbers set out above to find out if your withdrawal or amendment has been successfully processed.

The Company does not take responsibility for any withdrawal or amendment that is not processed by the Closing Time on the Closing Date

4.10 Deemed acceptances

If you hold 2,469 Shares or fewer and make any Offer, you will be deemed to have Offered all of your Shares, even if you purport to Offer fewer Shares than your entire Shareholding.

The Company may, in its sole discretion, at any time:

- deem any Offer it receives to be a valid Offer; or
- disregard and treat as invalid any Offer as the Company determines appropriate; and
- waive any or all of the requirements for any Offer or its acceptance.

4.11 Effect of making an Offer

- (a) A Tender constitutes an offer to sell the tendered Shares to the Company on the terms and conditions set out in this Booklet. A Tender Form does not, of itself, constitute a binding contract for the sale of the Offered Shares and cannot be enforced against the Company. The Company retains the discretion to accept or reject any Tender Form and may choose to reject all Tender Forms.
- (b) If the Company accepts your Tender Form, a binding Buy-Back Agreement is formed between you and the Company, and you must sell the tendered Shares to the Company on the terms and conditions set out in this Booklet, including the terms and conditions set out below.
- (c) By signing and returning a Tender Form in accordance with section 4.2, instructing your controlling participant to submit an Offer, or otherwise submitting an Offer, you will have:
- (1) agreed that you will offer to sell to the Company on the Buy-Back Date the number of Shares determined under section 4.1 on the terms of this Invitation (**Buy-Back Agreement**);
 - (2) warranted to the Company that as at the time of the Offer and on the Buy-Back Date:
 - (A) you are the registered holder of the Shares for which you have submitted the Offer;
 - (B) those Shares are and will be free from any mortgage, charge, lien or other encumbrance or security interest (whether legal or equitable) or any third party rights and are otherwise able to be sold freely by you;
 - (C) you are a person to whom the Buy-Back Invitation may lawfully be made, who can receive the proceeds of the sale of your Shares and whose participation in the Buy-Back is permitted under the laws of the jurisdiction in which you are resident;
 - (D) you are not (nor are you acting on behalf of or for the account of) a US Person, a resident of Canada, a person located in the United States or a person who is otherwise an Excluded Foreign Person;
 - (E) you have not distributed or sent this Booklet or other document referring to the Buy-Back into the United States or Canada or to any US Person or resident of Canada;
 - (F) you have capacity to sell and transfer such Shares by way of acceptance of the Offer; and
 - (G) that you will not purport to amend or withdraw, and have not amended or withdrawn, your Offer except as permitted under section 4.9, and unless such withdrawal or amendment has been successfully processed as set out in section 4.9;
 - (3) authorised the Company (or its officers or agents) to correct any obvious error in or omission from your Tender Form and to complete the Tender Form by the insertion of any missing details;
 - (4) acknowledged that neither the Company nor any other party involved in the Buy-Back has provided you with financial product, tax or investment advice, or any securities recommendation, or has any obligation to provide this advice or recommendation, concerning your decision to participate in the Buy-Back or the manner of any such participation;
 - (5) agree that damages are not an adequate remedy for breach of these covenants, undertakings, agreements and warranties. If you sell Shares in breach of these terms, you will be deemed to have appointed the Company or its agent as your attorney to purchase Shares in your name and at your expense to satisfy your obligations

under the Buy-Back and you will indemnify the Company for all costs incurred by it in connection with such purchase;

- (6) undertake that, if you breach any of these covenants, undertakings, agreements or warranties, you will indemnify the Company for all its costs arising from the breach; and
 - (7) agree that any obligation of the Company to buy back Shares Offered by you is conditional on your compliance with the covenants, undertakings, agreements and warranties listed above.
- (d) If you submit and do not amend or withdraw an Offer, you may not sell any of your Shares to a person other than Company if, as a result, your shareholding is reduced below the number of Shares nominated by you to be bought back under this Offer unless the amendment or withdrawal process set out in section 4.9 has been duly complied with and processed as set out in that section.
- (e) You will be taken to have submitted an Offer when the Share Registry receives your signed and validly completed Tender Form or, if you have a CHES holding, your Offer from your controlling participant through CHES.

4.12 Miscellaneous
