**About Eastern Gas Corporation Limited**

Eastern Gas is a natural gas exploration company that was formed with a mission to provide Australians with energy security and a reliable source of power.

The Company’s east coast natural gas portfolio features two highly prospective tenements in Queensland’s prolific Cooper Basin and Surat Basin – Walloon CSG fairway.

With a natural gas shortage and energy crisis around the world, we believe LNG will play a critical role in fuelling the transition to a carbon-free economy in the long term.
