

ASX Announcement

Investor Webinar – Wednesday 25 March @ 11:00 am AEDT

23 March 2026, RocketDNA Ltd (ASX: RKT) (RocketDNA or the Company), a technology services company that leverages AI and Autonomous Drones to provide mission-critical services for enterprise customers, is pleased to invite shareholders and interested parties to an Investor Webinar following the release of the March Investor Update.

The Company is at an inflection point, with strong operational momentum and growing adoption of its autonomous drone platform across Tier 1 customers.

Managing Director & CEO Chris Clark will provide a clear update on recent progress and what is driving the next phase of growth.

Key topics:

- Recent Skylink® software release and the Tier 1 deployment
- Operational update: recent deployments and client expansion
- Near-term strategic priorities for the Company

The webinar will walk through the latest investor presentation and give context to the numbers and announcements released to the market.

Webinar Details

- **Date:** Wednesday 25th March 2026

RocketDNA Ltd (ASX: RKT) is a multinational drone-based data service and technology provider, listed on the ASX, offering aerial surveying, mapping, security, surveillance, and asset inspection for enterprise customers in the mining, agricultural, and engineering sectors. Through fully outsourced, AI-driven solutions, RocketDNA remotely operates drone systems, enabling customers to focus on ground operations while ensuring a fast data turnaround. The company generates revenue through multi-year contracts and short-term projects with major clients, including Tier 1 and Tier 2 miners such as Rio Tinto, BHP, South32, Newmont, Vault Minerals, and Seriti Coal. RocketDNA operates primarily in Australia and Africa, with regional offices in Perth, Johannesburg, and Accra.
