About IRIS Metals (ASX:IR1)

IRIS Metals Ltd (ASX:IR1) is an exploration company with an extensive suite of assets considered to be highly prospective for pegmatite hosted critical minerals, including lithium rubidium, caesium, tantalum and beryllium, located in South Dakota, United States (US). The company's large project area in western South Dakota is in a mining friendly jurisdiction and provides the company with strong exposure to the battery metals and critical minerals space, and the incentives offered by the US government for domestically sourced critical minerals. IRIS has secured rights to the high-grade Finley Basin Tungsten Project in Granite County, Montana, USA, through a farm-in agreement. This strategic addition diversifies the Company's critical minerals portfolio into tungsten, a key metal essential for defence, aerospace, advanced manufacturing, and energy applications, further enhancing its position in the U.S. critical minerals supply chain.
