## 38<sup>th</sup> Copper Concentrate Parcel Dispatched From Sohar Port

**Perth, Australia:** Alara Resources Limited (ASX: AUQ) (**Alara** or the **Company**), a base and precious metals producer and explorer with projects in Oman, announces that the 38<sup>th</sup> parcel of copper concentrate from its Al Wash-hi – Majaza copper-gold mine in Oman sailed from Sohar Port, Oman on 29<sup>th</sup> March, 2026. The Al Wash-hi – Majaza mine is operated by Alara’s joint venture company Al Hadeetha Resources LLC (**AHRL**). Alara holds a 51% interest in AHRL.

### Key Highlights

- **The 38th shipment of 1,389 WMT of copper concentrate—containing 272 MT of copper and 96 Oz of gold—successfully departed Sohar Port on 29 March 2026**
- **The shipment was pending dispatch due to limited vessel availability caused by ongoing geopolitical conditions, which have significantly impacted marine traffic**

The AHRL logistics team made extensive efforts to coordinate with port authorities and shipping agencies, ensuring the successful dispatch of Parcel #38 despite challenging circumstances.

The Al Wash-hi Majaza copper concentrator plant continues to operate without curtailment at its nameplate capacity, consistently producing concentrate. All produced material is securely stored at the facility, pending shipment.

Preparations for the next shipment are currently underway, with logistics arrangements in progress. While regional geopolitical conditions continue to impact navigation, Alara’s experienced team is proactively managing these challenges to maintain continuity of supply for this critical base metal.
