

APPENDIX 5B REPLACEMENT

Tesoro Gold Limited (Tesoro or the Company) (ASX: **TSO**, OTCQB: **TSORF**, FSE: **5D7**) advises that it has amended the Appendix 5B for the December 2025 quarter, originally released to ASX on 27 January 2026.

The Company advises that an incorrect value was reported under Item 2.1 (d) of the Appendix 5B due to an administrative oversight.

In addition, during the audit of the FY2025 Company's Financial Statements, the Company's auditors advised that deposits with a maturity greater than three months should be classified as investments (Item 2.1 (e)), rather than cash.

As a result of the above, the Company has updated Item 2.6 (Net cash used in Investing activities), Item 4.6 (Total cash and cash equivalents at the end of the quarter) and Item 5, to align with the Annual Report released to ASX on 26 March 2026.

Other than the amendments outlined above, no further material changes have been made to the Appendix 5B released to ASX on 27 January 2026.

About Tesoro

Tesoro Gold Limited has discovered and defined the first Intrusive Related Gold System in Chile. The 1.82M oz Ternera discovery is in the Coastal Cordillera region of Chile. The Coastal Cordillera region is host to multiple world-class copper and gold mines, has well established infrastructure, service providers and an experienced mining workforce. Large areas of the Coastal Cordillera remain unexplored due to the unconsolidated nature of mining concession ownership, but Tesoro, via its in-country network and experience has been able secure rights to the district-scale El Zorro gold project in-line with the Company's strategy. Tesoro's 95% owned Chilean subsidiary owns 95.4% of the El Zorro Gold Project (see ASX announcement released 12 August 2025).
