

**2 April 2026**

Update on IsoEnergy's acquisition of Toro

End Date extended and Bridging Loan agreed

Toro Energy Limited (ASX: TOE) (**'Toro'**) refers to its announcement dated 13 October 2025 in relation to its entry into a scheme implementation deed (the **'SID'**) for the proposed acquisition by Iso Australia Operations Pty Ltd (**'IsoEnergy Australia'**), a wholly owned subsidiary of IsoEnergy Ltd. (**'IsoEnergy'**) (NYSE American: ISOU; TSX: ISO), of 100% of the issued ordinary shares of Toro (**'Toro Shares'**)¹ by way of a scheme of arrangement under Australia's *Corporations Act 2001* (Cth) (the **'Scheme'**).

Capitalised terms used but not otherwise defined in this announcement have the meaning given in the SID.

Amendment to Scheme Implementation Deed

Toro has agreed with IsoEnergy to amend the terms of the SID to extend the End Date to satisfy the conditions precedent and for the Scheme to become effective from 13 April 2026 to 30 June 2026. Toro and IsoEnergy have also agreed some incidental amendments in light of IsoEnergy's nomination of IsoEnergy Australia to acquire the Toro Shares and some minor amendments.

Full details are set out in the deed of amendment and restatement which is attached as an annexure.

Recommendation

The Scheme continues to be unanimously recommended by the Toro independent board committee (comprising Richard Homsany and Michel Marier), subject to no Superior Proposal emerging and the independent expert report concluding (and continuing to conclude) that the Scheme is in the best interests of Toro shareholders (other than Excluded Shareholders).

Each member of the Toro independent board committee intends to vote, or procure the voting of, all Toro Shares held or controlled by them in favour of the Scheme, subject to those same qualifications. As at the date of this announcement, the Toro independent board committee collectively has a relevant interest in 1.8% of the Toro Shares currently on issue.²

Bridging Loan

In order to ensure Toro has sufficient funding while the Scheme process is implemented, Toro and IsoEnergy have entered into an unsecured loan agreement under which IsoEnergy has agreed to provide a A\$2.0 million loan facility to Toro (**'Bridging Loan'**).

¹ Other than those held by or on behalf of IsoEnergy Group.

² As at the date of this announcement there are 120,281,848 Toro Shares on issue.

The Bridging Loan (in summary):

- may be drawn down on no more than three occasions for amounts of no less than A\$500,000 each;
- is conditional on delivery by Toro of board resolutions approving the Bridging Loan and any other document reasonably requested by IsoEnergy in connection with validity and enforceability of the Bridging Loan;
- is repayable upon the first to occur of:
 - 30 days of receipt after a written demand by IsoEnergy in the event of:
 - a change of control in Toro (including where Toro has into an agreement, or a transaction is announced which is reasonably likely (as determined by IsoEnergy in its sole and absolute discretion) to result in a change of control of Toro); or
 - termination of the SID due to a Toro independent director recommending a Competing Proposal or Toro entering into binding documentation to undertake or implement a Competing Proposal;
 - 4 months after written demand by IsoEnergy if a condition in the SID is not satisfied by the End Date (other than as result of Toro shareholders not approving the Scheme); or
 - 31 December 2026,unless prepaid earlier by Toro in its discretion;
- has an interest rate of 10% up to and including 30 June 2026 and 15% per annum after that; and
- is repayable immediately on demand if there is an event of default, with the events of default being reasonably typical for loans of this nature, including due to termination of the SID by IsoEnergy for Toro breach, or a Toro Material Adverse Change occurring.

Timetable

Toro expects the Scheme Meeting to be held in late May and (if approved by the requisite majorities and the Court) for the Scheme to be implemented before 30 June 2026. The Scheme Booklet (once released) will include an indicative timetable providing further details on key dates.

- (a) if one party is specified in the third column of the table in clause 3.1 opposite that Condition, by that party, by notice to the other party; or
 - (b) if both parties are specified in the third column of the table in clause 3.1 opposite that Condition, by written agreement of the parties.

- 3.8 A waiver of a Condition does not constitute:
- (a) a waiver of any other Condition resulting from the same event; or
 - (b) a waiver of the breach or non-satisfaction of that Condition resulting from any other event.

 - (b) the Scheme has not become Effective by the End Date,
- then:
- (c) the parties must consult in good faith with a view to determining whether the parties can reach agreement with respect to:

- (iii) waiving or amending the applicable Condition;
- (iv) changing the date the application is to be made to the Court for an order under section 411(4)(b) of the Corporations Act approving the Scheme or adjourning that application (as applicable) to another date agreed by the parties and, if required, approved by the Court; or
- (v) any combination of the matters listed in clauses 3.9(c)(i) to 3.9(c)(iv) (inclusive).

3.10 If the parties do not reach agreement under clause 3.9(c) within 10 Business Days after one party has notified the other party of the obligation to consult, then, unless that Condition has been waived in accordance with clause 3.4, either party may terminate this deed by notice in writing to the other party, provided that a party may not terminate this deed in accordance with this clause if the applicable Condition has not been satisfied (or has become incapable of being satisfied) as a result of a breach of this deed by that party, or a deliberate act or omission of that party which either alone or together with other circumstances prevents the Condition from being satisfied.

Certain notices

3.11 Each party must promptly notify the other party in writing if it becomes aware:

- (a) that any Condition has been satisfied; or
- (b) of any fact, matter or circumstance that has resulted or is reasonably likely to result in:
 - (i) a Condition becoming incapable of satisfaction or otherwise not being satisfied in accordance with its terms;
 - (ii) a breach of a Toro Warranty or IsoEnergy Warranty (as applicable) provided by that party under this deed or such Toro Warranty or IsoEnergy Warranty (as applicable) ceasing to be true and correct in a material respect; or
 - (iii) a material breach of this deed by that party,

and provide such evidence or details as may be reasonably requested by the other party.

3.12 Each party must keep the other party informed of any material development of which it becomes aware that may lead to the breach or non-fulfilment of a Condition.

Termination

3.13 Notwithstanding any rights of termination implied by law, this deed may only be terminated in accordance with clauses 3.10 and 13.

except that in relation to the pro forma financial information relating to the Merged Group contained in the Scheme Booklet:

- (c) Toro has provided, and is responsible for, the financial information relating to the Toro Group included in the Merged Group Information, or upon which such information is based; and

Toro may bring an appeal even if not requested by IsoEnergy. If any such appeal is undertaken at the request of IsoEnergy, IsoEnergy will bear Toro's costs of the appeal (including costs of the independent senior counsel) unless the parties otherwise agree. - (b) promptly, and in any event within 24 hours after making the determination in clause 10.9(a), delivers to IsoEnergy a notice in writing setting out such determination and the reasons for such determination.
- 10.10 In the event that Toro has made a determination in accordance with clause 10.9(a) that such Counter Proposal would provide an equivalent or superior outcome for Toro Shareholders (other than Excluded Shareholders) (as a whole) as compared to the outcome that would be provided by such Competing Proposal:
- (a) Toro and IsoEnergy must use their best endeavours to agree all amendments to this deed (and, if applicable, the Scheme and the Deed Poll) which are necessary to implement such Counter Proposal, in each case as soon as reasonably practicable and for a period of not more than five (5) Business Days after Toro delivers the notice under clause 10.9(b) to IsoEnergy; and

 - (b) the process set out in clauses 10.8 to 10.11 (inclusive) must again be followed in respect of each new Competing Proposal or successive material variation or modification of a Competing Proposal prior to:
 - (i) any Independent Toro Director taking any of the actions referred to in clauses 10.8(b)(i), 10.8(b)(ii) or 10.8(b)(iii); or
 - (ii) Toro or any of its Representatives entering into any agreement, arrangement or understanding or otherwise becoming obliged referred to in clause 10.8(a).

10.13 Nothing in this clause 10 prevents a party from:

- (a) providing information required to be provided by law, any Government Agency, any court of competent jurisdiction, or the ASX Listing Rules or TSX Listing Rules; or
- (b) making presentations to, and responding to bona fide enquiries from, stockbrokers, portfolio investors and equity market analysts in the ordinary course in relation to the Scheme or business generally,

provided that any such activity performed under this clause 10.13 is not undertaken with any objective (directly or indirectly) of soliciting, inviting, initiating or encouraging a Competing Proposal or a potential Competing Proposal.

Compliance with law

10.14 If it is finally determined by a court or the Takeovers Panel that the agreement by the parties under this clause 10 or any part of it:

- (a) constituted, or constitutes, or would constitute, a breach of the fiduciary or statutory duties of the members of the Toro Board;
- (b) constituted, or constitutes, or would constitute, 'unacceptable circumstances' within the meaning of the Corporations Act, in the absence of a written undertaking pursuant to section 201A of the *Australian Securities and Investments Commission Act 2001* (Cth) to modify this clause 10; or
- (c) was, or is, or would be unlawful for any other reason,

then, to that extent (and only to that extent) Toro will not be obliged to comply with that provision of this clause 10. The parties must amend this clause 10 to the extent required to give effect to the requirements of ASIC, the Court or the Takeovers Panel, as the case may be, and in the circumstances referred to in clause 10.14(b) must give the required undertakings.

10.15 The parties must not make or cause or permit to be made on their behalf, any application to a court or the Takeovers Panel for or in relation to a determination referred to in clause 10.14.

11 Break Fee

Acknowledgement and agreement

11.1 Each party acknowledges that if they enter into this deed and the Transaction is subsequently not implemented, IsoEnergy will have incurred significant costs, which cannot be accurately ascertained, including:

- (a) advisory costs, including for legal, financial and other professional advice in planning and implementing the Transaction;
- (b) opportunity costs incurred in engaging in the Transaction and in not engaging in other alternative acquisitions or strategic initiatives;
- (c) out of pocket expenses; and
- (d) costs of directors' and management's time in planning and implementing the Transaction,

and that the Break Fee is a genuine and reasonable estimate of those costs.

11.2 IsoEnergy confirms that it has negotiated the inclusion of clause 11.4 in this deed and would not have entered into this deed without it.

11.3 The Toro IBC confirms that it has received external legal advice in relation to this clause 11.

Circumstances where Break Fee payable

11.4 Subject to clauses 11.5 to 11.12 Toro must pay the Break Fee to IsoEnergy if:

- (a) **failure or change to recommendation:** during the Exclusivity Period, any Independent Toro Director:
- (i) fails to make, or makes and then withdraws or adversely revises their recommendation that Shareholders vote in favour of the Scheme; or
 - (ii) publicly recommends, supports or endorses a Competing Proposal in relation to Toro or makes a public statement indicating that they no longer support the Transaction:
- unless:
- (iii) the Independent Expert concludes in the Independent Expert's Report, that the Scheme is not in the best interests of Shareholders (other than Excluded Shareholders) (other than where the conclusion is contributed to by the existence of a Competing Proposal in relation to Toro);
 - (iv) the Independent Toro Director is permitted to do so under clause 6.2(f); or
 - (v) Toro is entitled to terminate this deed pursuant to clause 13.2(a) or 13.2(c) and has given the appropriate termination notice to IsoEnergy.
- (b) **completion of Competing Proposal:** at any time before the Second Court Date, a Competing Proposal in relation to Toro is announced and, within 12 months after the date of that announcement, the person making the Competing Proposal or one or more Associates of that person:
- (i) completes a Competing Proposal in relation to Toro of the kind referred to in paragraphs (b)(ii), (b)(iii) or (b)(iv) of the definition of Competing Proposal; or
 - (ii) acquires a Relevant Interest in more than 50% of Toro Shares under a transaction that is or has become wholly unconditional or otherwise acquires (either alone or in aggregate with its Associates) Control of Toro; or
- (c) **IsoEnergy termination in certain circumstances:** IsoEnergy validly terminates this deed under clause 13.1(a) or 13.1(d).

Break fee not payable

11.5 Notwithstanding anything else in this deed, the Break Fee is not payable by Toro to IsoEnergy if the Scheme becomes Effective or IsoEnergy (either alone or in aggregate with its Associates) otherwise acquires control of more than 50% Toro Shares. In such circumstances, if the Break Fee has been paid in whole or part by Toro to IsoEnergy, it must be refunded by IsoEnergy to Toro within ten Business Days.

Payment of Break Fee

- 11.6 If the Break Fee becomes payable under this deed, Toro must pay it without withholding or set-off within ten Business Days after receipt of a written demand from IsoEnergy.
- 11.7 The Break Fee is payable by Toro to IsoEnergy only once and, if actually paid to IsoEnergy, IsoEnergy cannot make any Claim against Toro for any further payment of the Break Fee.
- 11.8 Notwithstanding any other provision of this deed, but subject to clause 11.9:
- (a) the maximum aggregate liability of Toro to IsoEnergy under or in connection with this deed, the Transaction or the Scheme, including in respect of any breach of this deed will be the amount of the Break Fee;
 - (b) a payment by Toro of the Break Fee in accordance with this clause 11 represents the sole and absolute liability of Toro to IsoEnergy under or in connection with this deed, the Transaction or the Scheme and no further damages, fees, expenses or reimbursements of any kind will be payable by Toro to IsoEnergy in connection with this deed, the Transaction or the Scheme; and
 - (c) the amount of the Break Fee payable to IsoEnergy under this clause 11 shall be reduced by the amount of any loss or damage recovered by IsoEnergy in relation to a breach of any other clause of this deed (**Recovered Amount**) and to the extent the Break Fee has been paid by Toro to IsoEnergy without being reduced by the Recovered Amount, IsoEnergy must promptly refund to Toro the Recovered Amount.
- 11.9 Clause 11.8 does not limit the liability of Toro under or in connection with this deed in respect of any fraud or intentional or wilful breach of this deed by Toro, or any right which IsoEnergy may have to specific performance, or declaratory or injunctive relief as a remedy for a breach or threatened breach of this deed or the Scheme by Toro.

Amendments to Break Fee

- 11.10 This clause 11 does not impose an obligation on Toro to pay the Break Fee to the extent that the obligation:
- (a) is declared by the Takeovers Panel to constitute 'unacceptable circumstances', in the absence of a written undertaking pursuant to section 201A of the *Australian Securities and Investments Commission Act 2001* (Cth); or
 - (b) is determined to be unenforceable or unlawful by a court of competent jurisdiction,
- and IsoEnergy must refund to Toro within 5 Business Days any amount in excess of its obligation under this clause 11 that Toro has already paid if such a declaration or determination is made (unless otherwise required by the Takeovers Panel or the court),
- provided that:
- (c) all lawful avenues of appeal and review, judicial and otherwise, have been exhausted;
 - (d) the period for lodging an appeal or commencing review proceedings has expired without an appeal having been lodged or review proceedings commenced; or
 - (e) IsoEnergy and Toro agree in writing not to appeal or seek review of the decision to impose that requirement.
- 11.11 The parties must amend this clause 11 to the extent required to give effect to the requirements of ASIC, the Court or the Takeovers Panel, as the case may be, and in the circumstances

referred to in clause 11.10(a) must give the required undertakings. For the avoidance of doubt, any part of the Break Fee that would not constitute unacceptable circumstances or that is not unenforceable or unlawful (as applicable) must be paid by Toro.

- 11.12 The parties must not make or cause to be made, any application to the Takeovers Panel or a court for or in relation to a declaration or determination referred to in clause 11.10.

12 Reverse Break Fee

- (b) opportunity costs incurred in engaging in the Transaction and in not engaging in other alternative acquisitions or strategic initiatives;

- (b) a payment by IsoEnergy of the Reverse Break Fee in accordance with this clause 12 represents the sole and absolute liability of IsoEnergy to Toro under or in connection with this deed, the Transaction or the Scheme and no further damages, fees, expenses or reimbursements of any kind will be payable by IsoEnergy to Toro in connection with this deed; and
- (c) the amount of the Reverse Break Fee payable to Toro under this clause 12 shall be reduced by the amount of any Loss or damage recovered by Toro in relation to a breach of any other clause of this deed (**Recovered Amount**) and to the extent the Reverse Break Fee has been paid by IsoEnergy to Toro without being reduced by the Recovered Amount, Toro must promptly refund to IsoEnergy the Recovered Amount.

12.8 Clause 12.7 does not limit the liability of IsoEnergy under or in connection with this deed in respect of any fraud by IsoEnergy or intentional or wilful breach of this deed by IsoEnergy or any right which Toro may have to specific performance, or declaratory or injunctive relief as a remedy for a breach or threatened breach of this deed, the Deed Poll or the Scheme by IsoEnergy.

 - (b) is determined to be unenforceable or unlawful by a court of competent jurisdiction,
- and Toro must refund to IsoEnergy within 5 Business Days any amount in excess of its obligation under this clause 12 that IsoEnergy has already paid if such a declaration or determination is made (unless otherwise required by the Takeovers Panel or the court). The parties must amend this clause 12 to the extent required to give effect to the requirements of ASIC, the Court or the Takeovers Panel, as the case may be, and in the circumstances referred to in clause 12.9(a) must give the required undertakings. For the avoidance of doubt, any part of the Reverse Break Fee that would not constitute unacceptable circumstances or that is not unenforceable or unlawful (as applicable) must be paid by IsoEnergy.
- 12.10 The parties must not make or cause to be made, any application to the Takeovers Panel or a court for or in relation to a declaration or determination referred to in clause 12.9.

Claims under Deed Poll

12.11 Nothing in this clause 12 or otherwise in this deed will limit IsoEnergy's liability under or in connection with a breach of clauses 4.2 or 4.6 or the Deed Poll.

Mutual termination rights

13.3 Either party may terminate this deed by giving notice in writing to the other party if:

- (a) the Scheme Meeting is held but the Scheme Resolution is not passed and, if the Scheme Resolution is not passed by reason only of non-satisfaction of the Headcount Test, either:

- (b) the Court determines not to approve the Scheme at the Second Court Date and the terminating party has complied in all material respects with the procedure set out in clause 5.11.

Effect of termination

13.4 If this deed is terminated under clauses 3.10 or 13 then:

- (a) the provisions of this deed cease to have effect and each party is released from its obligations to further perform this deed, except for this clause 13 and clause 1 (*Interpretation*), clause 11 (*Break Fee*), clause 12 (*Reverse Break Fee*), clause 14 (*Announcements*), clause 15 (*Confidentiality*), clause 16 (*GST*), clause 17 (*Notices*) and clause 19 (*General*) (other than clause 19.10 (*Further Assurance*)) which survive termination of this deed and remain in force;
- (b) any obligation of Toro to pay any Break Fee required to be paid by it in accordance with clause 11 or any obligation of IsoEnergy to pay any Reverse Break Fee required to be paid by it in accordance with clause 12, shall survive termination; and
- (c) each party retains all rights that it has against each other party in respect of any breach of this deed occurring before termination.

14 Announcements

14.1 As soon as reasonably practicable after the date of this deed each of Toro and IsoEnergy must issue a public announcement in respect of the Transaction, which announcement will attach a copy of this document (excluding any commercially sensitive information) and be in a form previously approved by them.

14.2 No party may make any public announcement or disclosure concerning the Scheme other than:

- (a) as expressly permitted under this deed;

- (b) if required by any applicable law or the ASX Listing Rules or TSX Listing Rules, provided that if a party is required to make any such announcement or disclosure, it must to the extent practicable and lawful to do so, before the announcement or disclosure is made, provide the other party with a draft of the announcement or disclosure and an opportunity to review it and consider in good faith any comments provided by the other party in a timely manner; or
- (c) with the written consent of the other party, which must not be unreasonably withheld or delayed;

provided that neither party will be required to consult with the other in relation to any public announcement relating to the termination of this deed or any Competing Proposal.

15 Confidentiality

- 15.1 The parties acknowledge and agree that the obligations in the confidentiality deed between IsoEnergy and Toro dated 22 April 2024 remain in full force and effect, provided that this deed prevails to the extent of any inconsistency.

16 Goods and Services Tax

- 16.1 Except as otherwise expressly provided, any consideration or amount payable under this deed, including any non-monetary consideration (as reduced in accordance with clause 16.4 if required) (**Consideration**) is exclusive of GST.
- 16.2 If GST is or becomes payable on a Supply made under or in connection with this deed, an additional amount (**Additional Amount**) is payable by the party providing consideration for the Supply (**Recipient**) equal to the amount of GST payable on that Supply. Subject to prior receipt of a Tax Invoice, the Additional Amount is payable at the same time that the other consideration for the Supply is provided. If a valid Tax Invoice is not received before the consideration for the Supply is provided, the Additional Amount is payable upon receipt of a valid Tax Invoice. This clause does not apply to the extent that the consideration for the Supply is expressly stated to be GST inclusive.
- 16.3 If for any (including the occurrence of an Adjustment Event) the amount of GST payable on a Supply (taking into account any Decreasing or Increasing Adjustments in relation to the Supply) varies from the Additional Amount payable by the Recipient under clause 16.2:
 - (a) The Supplier must provide a refund or credit to the Recipient, or the Recipient must pay a further amount to the Supplier, as appropriate;
 - (b) The refund, credit or further amount (as the case may be) will be calculated by the Supplier in accordance with the GST Law; and
 - (c) The Supplier must notify the Recipient of the refund, credit or further amount within 14 days after becoming aware of the variation to the amount of GST payable. Any refund or credit must accompany such notification or the Recipient must pay any further amount within 7 days after receiving such notification, as appropriate. If there is an Adjustment Event in relation to the Supply, the requirement for the Supplier to notify the Recipient will be satisfied by the Supplier issuing to the Recipient an Adjustment Note within 14 days after becoming aware of the Adjustment Event.
- 16.4 Despite any other provision of this deed, if any amount payable under or in connection with this deed (whether by way of reimbursement or otherwise) is calculated by reference to an amount incurred by a party, whether by way of cost, expense, outlay, disbursement or otherwise (**Amount Incurred**), the amount payable must be reduced by the amount of any Input Tax Credit to which that party is entitled in respect of that Amount Incurred.

- 16.5 Any reference in this clause to an Input Tax Credit to which a party is entitled include an Input Tax Credit arising from a Creditable Acquisition by that party but to which the Representative Member of a GST Group of which the party is a member is entitled.
- 16.6 Any term stating with a capital letter used in this clause 16 that is not defined in this deed which is defined in the *A New Tax System (Goods & Services Tax) Act 1999* (Cth) has the same meaning as is given to that term in that Act.

18 Withholding Tax

- 18.1 In respect of the application of the foreign resident capital gains withholding tax provisions in Subdivision 14-D of the TAA, if IsoEnergy determines (acting reasonably) that it is required to by law or it is required to pay an amount to the Commissioner (a **CGT Withholding Amount**) with respect to the acquisition of the Scheme Share from a Scheme Participant, IsoEnergy will:
- (a) determine the amount of the CGT Withholding Amount;
 - (b) remit the CGT Withholding Amount to the Commissioner within the time required under Subdivision 14-D of Schedule 1 to the TAA; and
 - (c) have satisfied its obligation to pay the CGT Withholding Amount to the Scheme Participant for the purposes of the Scheme.

- (a) their ownership interest in Toro is not an “indirect Australian real property interest” (as defined in the Tax Act); or
 - (b) they are an Australian tax resident.
- 18.3 In determining the CGT Withholding Amount to be paid by IsoEnergy to the Commissioner in accordance with clause 18.1, IsoEnergy agrees to calculate the CGT Withholding Amount using the reduced rate specified in a variation notice issued by the Commissioner under section 14-235 of Subdivision 14-D (**Variation Notice**) to the extent that IsoEnergy is provided a Variation Notice by such Scheme Participant prior to the Record Date.
- 18.4 IsoEnergy agrees that it shall not withhold and remit 15% of the Scheme Consideration to the ATO to the extent that the Scheme Participant provides a nil Variation Notice to IsoEnergy prior to the Record Date.

ATO engagement

- 18.5 Toro agrees that IsoEnergy may approach the ATO to obtain clarification as to the application of Subdivision 14-D or other withholding obligations to the Scheme and will provide all information and assistance that IsoEnergy reasonably requires in making any such approach. IsoEnergy agrees:
- (a) to provide Toro a reasonable opportunity to review the form and content of all materials to be provided to the ATO, and must incorporate Toro’s reasonable comments on those materials, and more generally to take into account Toro’s comments in relation to IsoEnergy’s engagement with the ATO, and provide Toro a reasonable opportunity to participate in any discussions and correspondence between IsoEnergy and the ATO in connection with the application of Subdivision 14-D or other withholding obligation to the Scheme;

- (b) to take all actions as Toro considers necessary (acting reasonably) or desirable to ensure that, where possible, Variation Notices or Entity Declarations are obtained from relevant Toro Shareholders; and
 - (c) not to contact any Toro Shareholders in connection with the application of Subdivision 14-D or other withholding obligation to the Scheme without Toro's prior written consent.
- 18.6 IsoEnergy agrees to use its best endeavours to engage with the ATO and agree a pragmatic approach in order to minimise the number of Scheme Participants required to provide an Entity Declaration to IsoEnergy under Subdivision 14-D of Schedule 1 to the TAA.

- 19.5 This deed contains the entire agreement between the parties relating to the Transaction and supersedes all previous agreements, whether oral or in writing, between the parties relating to the Transaction.

Execution in counterparts

- 19.6 This deed may be executed in counterparts, all of which taken together constitute one document. A party who has executed a counterpart of this deed may deliver it, or exchange it with, another party by emailing a pdf copy of the executed counterpart to that other party.

Electronic execution

- 19.7 A party may sign electronically a soft copy of this deed through DocuSign or by some other electronic method and bind itself accordingly. Any soft copy so signed will constitute an executed original counterpart, and any print out of the copy with the relevant signatures appearing will also constitute an original counterpart. Each party consents to the other party:
- (a) producing this deed electronically;
 - (b) executing a counterpart of this document electronically and delivering it to, or exchanging it with, another party by emailing a pdf (portable document format) copy of the executed counterpart to that other party;

- 19.8 No failure to exercise or any delay in exercising any right, power or remedy under this deed operates as a waiver. A single or partial exercise or waiver of any right, power or remedy does not preclude any other or further exercise of that right or any other right, power or remedy. A waiver is not valid or binding on the party granting the waiver unless made in writing, signed by the party.

Reasonable endeavours

- 19.9 Any provision of this deed which requires a party to use reasonable endeavours, or all reasonable endeavours, to procure that something occurs or does not occur, or that something is performed, does not impose any obligation to:
- (a) commence proceedings or legal action against any person; or
 - (b) procure absolutely that that thing is done or happens.

Further assurance

- 19.10 Each party must promptly sign and deliver all documents and take all other action necessary to effect, perfect or complete the transactions contemplated by this deed.

No reliance

- 19.11 Each party acknowledges that in agreeing to enter into this deed it has not relied on any express or implied representation, warranty, collateral contract or other assurance made by or on behalf of the other party before the entering into of this deed. To the maximum extent permitted by law, each party waives all rights and remedies which, but for this clause 19.11 might otherwise

be available to it in respect of any such representation, warranty, collateral contract or other assurance including all rights and remedies under Part 7.10 of the Corporations Act, Part 2 Division 2 of the *Australian Securities and Investments Act 2001*(Cth), section 18, Schedule 2 (Australian Consumer Law) of the *Competition and Consumer Act 2010* (Cth) or any corresponding or equivalent provision of any legislation having effect in any relevant jurisdiction.

Severability

19.12 Any provision of this deed that is prohibited or unenforceable in any jurisdiction is ineffective in that jurisdiction to the extent of the prohibition or enforceability. That does not invalidate the remaining provisions of this deed nor affect the validity or enforceability of that provision in any other jurisdiction.

Governing law

19.13 This deed, and to the extent permitted by law, all non-contractual matters arising out of or in connection with it, is governed by the law applying in Western Australia. In respect of such matters each party irrevocably submits to the non-exclusive jurisdiction of courts with jurisdiction in Western Australia and waives any right to object to that venue on any ground.

Process agent

19.14 Without preventing any other method of service allowed under relevant law, IsoEnergy:

- (a) irrevocably appoints Hamilton Locke of Level 39, 152-158 St Georges Terrace, Perth WA 6000 (marked to the attention of Deanna Carpenter and James Roberts) as its process agent to receive any document in an action in connection with this deed; and
- (b) agrees that failure by the process agent to notify IsoEnergy of any document in an action in connection with this deed does not invalidate that action.

If for any reason Hamilton Locke ceases to be able to act as process agent, IsoEnergy agrees to appoint another person as its process agent in Western Australia and ensure that the replacement process agent accepts its appointment and confirms its appointment to Toro.

19.15 IsoEnergy agrees that service of documents on its process agent is sufficient service on it.

and BidCo must procure that IsoEnergy does so.

Ineligible Foreign Shareholders and Non-electing Small Shareholders

- 4.3 IsoEnergy will allow Small Shareholders to elect, by providing an Opt-in Notice to the Toro Registry on or before the **RecordEffective** Date, to be treated as a Scheme Participant under

the Scheme. A Small Shareholder who does not provide an Opt-in Notice to the Toro Registry on or before the **RecordEffective** Date will be treated as a Non-electing Small Shareholder.

- 4.4 IsoEnergy will be under no obligation to issue, and will not issue, any New IsoEnergy Shares to any Ineligible Foreign Shareholder or Non-electing Small Shareholder, and instead, unless IsoEnergy and Toro otherwise agree, IsoEnergy and BidCo must procure that the New IsoEnergy Shares that each Ineligible Foreign Shareholder and Non-electing Small Shareholder would otherwise be entitled to receive as Scheme Consideration are dealt with in accordance with clauses 4.5 to 4.11.

Sale Facility

- 4.5 IsoEnergy must appoint a Nominee acceptable to Toro (acting reasonably) (and if required by ASIC, such Nominee is to be approved by ASIC), and on the Implementation Date issue to that Nominee, the New IsoEnergy Shares to which an Ineligible Foreign Shareholder or Non-electing Small Shareholder would otherwise be entitled under the Scheme and Deed Poll.
- 4.6 Following the issue of the New IsoEnergy Shares to the Nominee pursuant to clause 4.5, IsoEnergy and BidCo will procure that, as soon as reasonably practicable and in any event not more than 20 Business Days after the Implementation Date, the Nominee:
- (a) sells all of the New IsoEnergy Shares issued to the Nominee in accordance with clause 4.5 outside the United States of America in such manner, at such price and on such other terms as the Nominee determines in good faith on-market on the TSX (or any other prescribed financial market); and

$$A = (B/C) \times D$$

Where:

- A = the portion of the Proceeds to which the Ineligible Foreign Shareholder or Non-electing Small Shareholder is entitled;
- B = the number of New IsoEnergy Shares issued to the Nominee pursuant to clause 4.5 in respect of that Ineligible Foreign Shareholder or Non-electing Small Shareholder;
- C = the total number of New IsoEnergy Shares issued to the Nominee pursuant to clause 4.5; and

- 4.8 Toro must make, or procure the making of, payment of the amount calculated in accordance with clause 4.7 to an Ineligible Foreign Shareholder or Non-electing Small Shareholder by ~~either~~ (in the absolute discretion of Toro):
- (a) where the Ineligible Foreign Shareholder or Non-electing Small Shareholder has made a valid election in accordance with the requirements of the Toro Registry to

receive payments via electronic funds transfer, paying or procuring the payment of the relevant amount in Australian currency by electronic means to the bank account nominated by the Ineligible Foreign Shareholder or Non-electing Small Shareholder in accordance with the election; ~~or~~

- (b) ~~otherwise (whether or not the Ineligible Foreign Shareholder or Non-electing Small Shareholder, has made an election referred~~ subject to ~~in~~ clause 4.8(~~ac~~), by dispatching, or procuring the dispatch of a cheque for the relevant amount in Australian currency to the Ineligible Foreign Shareholder or Non-electing Small Shareholder by prepaid post to their Registered Address; ~~or~~
- (c) where the Ineligible Foreign Shareholder or Non-electing Small Shareholder, has a Registered Address in New Zealand, they will be paid to a bank account nominated by that Ineligible Foreign Shareholder or Non-electing Small Shareholder in the manner contemplated by clause 4.8(a) or other appropriate authority provided by the relevant Ineligible Foreign Shareholder or Non-electing Small Shareholder to Toro. If an Ineligible Foreign Shareholder or Non-electing Small Shareholder with a Registered Address in New Zealand has not nominated a bank account for receipt of payments, Toro may hold payment of the proceeds owed to that Ineligible Foreign Shareholder or Non-electing Small Shareholder under clause 4.7 until a valid bank account has been nominated by an appropriate authority from the Ineligible Foreign Shareholder or Non-electing Small Shareholder to Toro.

- 4.9 Payment to an Ineligible Foreign Shareholder or Non-electing Small Shareholder in accordance with clause 4.8 satisfies in full the Ineligible Foreign Shareholder's or Non-electing Small Shareholder's right to the Scheme Consideration.
- 4.10 None of IsoEnergy, BidCo or Toro or the Nominee gives any assurance as to the price that will be achieved for the sale of New IsoEnergy Shares described in clause 4.6.
- 4.11 Each Ineligible Foreign Shareholder and Non-electing Small Shareholder appoints Toro as its agent to receive on its behalf any financial services guide or other notices (including any updates to those documents) that the Nominee is required to provide to each Ineligible Foreign Shareholder and Non-electing Small Shareholder under the Corporations Act or any other applicable law.
- 4.12 If there are any surplus Proceeds following satisfaction by Toro of its obligations under clause 4.7 that surplus may be paid by Toro to IsoEnergy. Any interest on the Proceeds (less bank fees and other charges) will be to IsoEnergy's account.

Fractional entitlements

- 4.13 Where the calculation of the aggregate number of New IsoEnergy Shares to be issued to a Scheme Participant as Scheme Consideration would result in the Scheme Participant becoming entitled to a fraction of a New IsoEnergy Share the entitlement will be rounded down to the nearest whole number of New IsoEnergy Shares.

Share splitting

- 4.14 If IsoEnergy is of the opinion (acting reasonably) that two or more Scheme Participants (each of which holds a number of Scheme Shares that results in a fractional entitlement to New IsoEnergy Shares) have, before the Record Date, been party to a shareholding splitting or division in an attempt to obtain an advantage by reference to the rounding, IsoEnergy may give notice to those Scheme Participants:
- (a) setting out the names and Registered Addresses of all of them;
- (b) stating that opinion; and

- (c) attributing to one of them specifically identified in the notice the Scheme Shares held by all of them,

and, after such notice has been given, the Scheme Participant specifically identified in the notice as the deemed holder of all the specified Scheme Shares will, for the purposes of this Scheme and Deed Poll, be taken to hold all of those Scheme Shares and each of the other Scheme Participants whose names and Registered Addresses are set out in the notice will, for the purposes of this Scheme and Deed Poll, be taken to hold no Scheme Shares. IsoEnergy, in complying with the other provisions of this Scheme and the Deed Poll relating to it in respect of the Scheme Participant specifically identified in the notice as the deemed holder of all the specified Scheme Shares, will be taken to have satisfied and discharged its obligations to the other Scheme Participants named in the notice under the terms of this Scheme and the Deed Poll.

- 4.17 The *Unclaimed Money Act 1990* (WA) will apply in relation to any portion of the Proceeds which becomes 'unclaimed money' (as defined in section 3(1) of that Act).

Status of New IsoEnergy Shares

- 4.18 Subject to this Scheme becoming Effective, IsoEnergy must:
 - (a) issue the New IsoEnergy Shares required to be issued by it under this Scheme on terms such that each such New IsoEnergy Share will rank equally in all respects with each existing IsoEnergy Share;
 - (b) ensure that each such New IsoEnergy Share is duly and validly issued in accordance with all applicable laws and IsoEnergy's constituting documents, fully paid and non-assessable and free from any Encumbrance; and
 - (c) use all reasonable endeavours to ensure that such New IsoEnergy Shares are listed and posted for trading on the TSX and the NYSE American as promptly as possible following the Implementation Date (or such later date as the TSX and/or NYSE American may require).

Orders of a court or Government Agency or requirements of law

- 4.19 If written notice is given to Toro (or the Toro Registry) of an order or direction made by a court of competent jurisdiction or by another Government Agency which requires, or Toro determines (acting in good faith after receiving external professional advice) that there is a legal requirement which requires, consideration or amounts to be provided to a third party (either through payment of a sum or the issuance of a security) in respect of Scheme Shares held by a particular Scheme Participant, which would otherwise be payable or required to be issued to that Scheme Participant (including any Ineligible Foreign Shareholder or Non-

electing Small Shareholder) in accordance with this clause 4, then Toro shall be entitled to procure that provision of that consideration or amount is made in accordance with that order or direction or legal requirement, and such actions will constitute full discharge of each of Toro and IsoEnergy's and BidCo's obligations under this Scheme in respect of the relevant Scheme Consideration.

4.20 If written notice is given to Toro (or the Toro Registry) of an order or direction made by a court of competent jurisdiction or by another Government Agency that:

- (a) prevents Toro from providing consideration or an amount to any particular Scheme Participant (including any Ineligible Foreign Shareholder or Non-electing Small Shareholder) in accordance with this clause 4, or Toro determines in good faith, after receiving external professional advice, that the payment or issuance of such consideration or amount may otherwise be prohibited by applicable law, Toro shall be entitled to (as applicable):
 - (i) retain an amount, in Australian currency, equal to the portion of the Proceeds, which the Scheme Participant would otherwise be entitled to receive under this clause 4; and/or
 - (ii) direct IsoEnergy not to issue, or to issue to a trustee or nominee, such number of New IsoEnergy Shares as that Scheme Participant would otherwise be entitled to under this clause 4,

until such time as provision of the consideration or amount in accordance with this clause 4 is permitted by that (or another) order or direction or otherwise by law and such obligations will constitute the full discharge of each of Toro and IsoEnergy's and BidCo's obligations under this Scheme in respect of the relevant Scheme Consideration or Proceeds.

Joint holders

- (a) the New IsoEnergy Shares to be issued under this Scheme must be issued to and registered in the names of the joint holders;

5 Dealings in Toro Shares

Recognition of dealings

5.1 To establish the identity of the Scheme Participants, dealings in Toro Shares and other alterations to the Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the Register as the holder of the relevant Toro Shares on or before the Record Date; and

- (b) in all other cases, registrable transmission applications or transfers in respect of those dealings, or valid requests in respect of other alterations, are received on or before the Record Date at the place where the Register is kept,

and Toro must not accept for registration, nor recognise for any purpose (except a transfer to IsoEnergy/BidCo pursuant to this Scheme and any subsequent transfer by IsoEnergy/BidCo or its successors in title), any transmission application or transfer or other request received after such times, or received prior to such times but not in registrable or actionable form, as appropriate.

- 5.2 Toro must register registrable transmission applications or transfers of the Scheme Shares of the kind referred to in clause 5.1(b) before the Record Date provided that, for the avoidance of doubt, nothing in this clause 5.2 requires Toro to register a transfer that would result in a Shareholder holding a parcel of Toro Shares that is less than a 'marketable parcel' (as that term is defined in the Operating Rules).

Dealings after Record Date

- 5.3 If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of or agree to dispose of any Scheme Shares or any interest in them on or after the Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Toro shall be entitled to disregard any such disposal.

Maintenance of Register

- 5.4 For the purpose of determining entitlements to the Scheme Consideration, Toro must maintain the Register in accordance with the provisions of this clause 5 until the Scheme Consideration has been paid to all Scheme Participants. The Register in this form will solely determine entitlements to the Scheme Consideration.

Holding statements and Register entries

- 5.5 Following the Record Date all statements of holding for Toro Shares (other than statement of holding in favour of IsoEnergy) will cease to have effect as documents of title in respect of those shares and each entry on the Register current at that date (other than entries on the Register in respect of IsoEnergy) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Toro Shares relating to that entry.

Availability of Register

- 5.6 As soon as possible on or after the Record Date, and in any event by 5.00pm on the first Business Day after the Record Date, Toro will ensure that details of the names, Registered Addresses and holdings of Toro Shares for each Scheme Participant as shown in the Register are made available to IsoEnergy in the form IsoEnergy reasonably requires.

6 Quotation of Toro Shares

- 6.1 Toro will apply to ASX to suspend trading on the ASX in Toro Shares with effect from the close of trading on the Effective Date.
- 6.2 On a date after the Implementation Date to be determined by IsoEnergy, Toro will apply:
 - (a) for termination of the official quotation of Toro Shares on the ASX; and
 - (b) to have itself removed from the official list of the ASX.

- (e) who holds their Scheme Shares in a CHESS holding agrees to the conversion of those Toro Shares to an Issuer Sponsored Holding and irrevocably authorises Toro to do anything necessary or expedient (whether required by the Settlement Rules or otherwise) to effect or facilitate such conversion; and
- (f) acknowledges and agrees that this Scheme binds Toro and all Scheme Participants (including those who do not attend the Scheme Meeting and those who do not vote, or vote against this Scheme, at the Scheme Meeting) and, to the extent of any inconsistency, overrides the constitution of Toro.

Warranties

7.3 Each Scheme Participant is taken to have warranted to Toro, IsoEnergy and BidCo on the Implementation Date that:

- (a) all of the Scheme Shares of the Scheme Participant (including all rights and entitlements attaching to them as at the Implementation Date) which are transferred under this Scheme will, at the date of transfer to IsoEnergy/BidCo, be fully paid and free from all Encumbrances; and
- (b) that Scheme Participant has full power and capacity to sell and transfer those Scheme Shares (together with all rights and entitlements attaching to them as at the Implementation Date) to IsoEnergy/BidCo under this Scheme.

- 7.4 Toro undertakes that it will provide the warranties in clause 7.3 to IsoEnergy and BidCo on the Implementation Date as agent and attorney of each Scheme Participant and is authorised by each Scheme Participant to do so. Toro will not be responsible for the accuracy or completeness of the warranties in clause 7.3.

Appointment of attorneys

- 7.5 On the Effective Date, each Scheme Participant, without the need for any further act irrevocably:
- (a) appoints Toro as its agent and attorney, for the purpose of enforcing the Deed Poll against IsoEnergy and BidCo, and Toro undertakes in favour of each Scheme Participant that it will enforce the Deed Poll against IsoEnergy and BidCo on behalf of and as agent and attorney for each Scheme Participant; and
 - (b) appoints Toro and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of executing any document or doing or taking any other act necessary, desirable or expedient to give effect to this Scheme and the transactions contemplated by it, including (without limitation) executing the Scheme Transfer,

and Toro accepts each such appointment. Toro, as attorney and agent of each Scheme Participant, may sub-delegate its functions, authorities or powers under clause 7.5 to all or any of its directors, officers, secretaries or employees (jointly, severally or jointly and severally).

- 7.6 On the Implementation Date, subject to the Scheme becoming Effective immediately upon the provision of the Scheme Consideration by IsoEnergy and BidCo in accordance with clauses 4.2 and 4.4, and until Toro registers ~~IsoEnergy~~/BidCo as the holder of all Scheme Shares in the Register, each Scheme Participant:
- (a) is deemed to have appointed ~~IsoEnergy~~/BidCo as attorney and agent, and directs ~~IsoEnergy~~/BidCo in each such capacity, to appoint any director, officer, secretary or agent of ~~IsoEnergy~~/BidCo as sole proxy and, where applicable or appropriate, corporate representative of that Scheme Participant to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in the name of that Scheme Participant and sign any shareholders' resolution or other document;
 - (b) undertakes not to attend any shareholders' meeting or exercise the votes attaching to the Scheme Shares registered in the name of that Scheme Participant or sign any shareholders' resolutions or other documents, whether in person, by proxy or corporate representative (other than pursuant to clause 7.6(a));
 - (c) must take all other actions as registered holder of those Scheme Shares as ~~IsoEnergy~~/BidCo reasonably directs; and
 - (d) acknowledges and agrees that in exercising the powers conferred under clause 7.6(a), ~~IsoEnergy~~/BidCo and any director, officer, secretary or agent of ~~IsoEnergy~~/BidCo may act in the best interests of ~~IsoEnergy~~/BidCo as the intended registered holder of the Scheme Shares.

Consent for necessary or incidental acts

- 7.7 Each of the Scheme Participants consents to Toro doing all things necessary or incidental to, or to give effect to, the implementation of this Scheme, whether on behalf of Scheme Participants, Toro or otherwise.

Instructions and elections

- 7.8 If not prohibited by law (and including where permitted or facilitated by relief granted by a Government Agency), all instructions, notifications or elections by a Scheme Participant to Toro binding or deemed binding between the Scheme Participant and Toro relating to Toro or Toro Shares, including instructions, notifications or elections relating to:
- (a) whether dividends are to be paid by cheque or into a specific account;
 - (b) payments of dividends on Toro Shares; and
 - (c) notices or other communications from Toro (including by email),

will be deemed from the Implementation Date (except to the extent determined otherwise by IsoEnergy in its sole discretion), by reason of this Scheme, to be made by the Scheme Participant to IsoEnergy and to be a binding instruction, notification or election to, and accepted by, IsoEnergy in respect of the New IsoEnergy Shares issued to the Scheme Participant until that instruction, notification or election is revoked or amended in writing addressed to IsoEnergy at its registry.

Binding effect of this Scheme

- 7.9 This Scheme binds Toro and all of the Scheme Participants (including those who did not attend the Scheme Meeting and those who did not vote, or voted against the Scheme at the Scheme Meeting) and to the extent of any inconsistency, overrides the constitution of Toro.

8 General

Withholding

- 8.1 IsoEnergy shall be entitled to deduct or withhold any amounts (including Taxes or Duties) required under applicable law that become due under the Scheme.
- 8.2 Subject to clause 8.4, 8.6 and 8.7, if IsoEnergy determines (acting reasonably) that it is required to pay an amount to the Commissioner pursuant to Subdivision 14-D of Schedule 1 to the TAA (a **CGT Withholding Amount**) with respect to the acquisition of the Scheme Shares from a Scheme Participant:
- (a) in respect of a Scheme Participant who is not an Ineligible Foreign Shareholder or Non-electing Small Shareholder, IsoEnergy will:
 - (i) determine the amount of the CGT Withholding Amount; and
 - (ii) determine the amount of the New IsoEnergy Shares as is necessary in the reasonable opinion of IsoEnergy to account for the CGT Withholding Amount (taking into account potential fluctuations in share price and an amount necessary to cover costs associated with the share sale facility described in clauses 4.5 to 4.12 (inclusive)) that would otherwise have been issued to a Scheme Participant to be sold via the share sale facility described in clauses 4.5 to 4.12 (inclusive));
 - (b) for all other Scheme Participants, IsoEnergy will determine the amount of the CGT Withholding Amount; and
 - (c) the Nominee will then pay to IsoEnergy the applicable CGT Withholding Amount in respect of each applicable Scheme Participant from the Proceeds, after deducting any applicable brokerage, Duty and other selling costs, currency conversion costs,

taxes and charges (reasonably incurred by the Nominee) and IsoEnergy will then pay the CGT Withholding Amount to the Commissioner within the time required under Subdivision 14-D of Schedule 1 to the TAA. Alternatively, where IsoEnergy remits the CGT Withholding Amount to the Commissioner pursuant to Subdivision 14-D of Schedule 1 to the TAA, IsoEnergy will be entitled to retain as reimbursement an amount equal to the CGT Withholding Amount paid to the Commissioner from the Proceeds; and

- (d) IsoEnergy will be deemed to have satisfied its obligations to pay the CGT Withholding Amount to the Scheme Participant for the purposes of the Scheme.
- 8.3 The aggregate sum payable to the Scheme Participants shall not be increased to reflect the deduction and the net aggregate sum payable to those Scheme Participants shall be taken to be in full and final satisfaction of the amounts owing to the Scheme Participants.
- 8.4 IsoEnergy acknowledges and agrees that it shall not pay any amounts to the Commissioner under Subdivision 14-D with respect to a Scheme Participant where it receives an entity declaration from the Scheme Participant prior to the Record Date, where:
- (a) the entity declaration is made in accordance with the requirements in section 14-225 of Subdivision 14-D for a period of no more than six months and covers the Implementation Date (**Entity Declaration**); and
 - (b) IsoEnergy does not know or reasonably suspect the Entity Declaration to be false.
- 8.5 If IsoEnergy forms the view (acting reasonably) that it knows or suspects that an Entity Declaration it has received is false, and IsoEnergy received the Entity Declaration more than 30 days before the Record Date, IsoEnergy agrees that it shall not pay any amounts to the Commissioner in respect of that Scheme Participant until it has:
- (a) provided information upon which it relied to form that view to the Scheme Participant who has provided that Entity Declaration no less than 20 days before the Record Date;
 - (b) provided the Scheme Participant by notice in writing the opportunity to review the information provided to it and respond with their views no less than ten (10) days before the Record Date; and
 - (c) reviewed any response from the Scheme Participant and, after having reconsidered its view, still be of the view that it has knowledge or suspicion that the Entity Declaration it has received is false.
- 8.6 In determining the CGT Withholding Amount to be paid by IsoEnergy to the Commissioner in accordance with clause 8.2, IsoEnergy agrees to calculate the CGT Withholding Amount using the reduced rate specified in a variation notice issued by the Commissioner under section 14-235 of Subdivision 14-D (**Variation Notice**) to the extent that IsoEnergy is provided a Variation Notice by such Scheme Participant prior to the Record Date.
- 8.7 IsoEnergy agrees that it shall not withhold and remit 15% of the Scheme Consideration to the Commissioner to the extent that the Scheme Participant provides a nil Variation Notice to IsoEnergy prior to the Record Date.
- 8.8 Toro agrees that IsoEnergy may approach the Australian Taxation Office (**ATO**) to obtain clarification as to the application of Subdivision 14-D to the Scheme and will provide all information and assistance that IsoEnergy reasonably requires in making any such approach. IsoEnergy agrees:

- (a) to provide Toro a reasonable opportunity to review and comment on the form and content of all materials to be provided to the ATO, and more generally to take into account Toro's reasonable comments in relation to IsoEnergy's engagement with the ATO, and provide Toro a reasonable opportunity to participate in any discussions and correspondence between IsoEnergy and the ATO in connection with the application of Subdivision 14-D to the Scheme; and
 - (b) subject to clause 8.5, not to contact any Shareholders in connection with the application of Subdivision 14-D or other withholding obligation to the Scheme without Toro's prior written consent.
- 8.9 The parties agree to take all actions that they agree (each acting reasonably) are necessary or desirable to ensure that, where possible, Entity Declarations are obtained from relevant Scheme Participants.
- 8.10 IsoEnergy will use its best endeavours to engage with the ATO and agree a pragmatic approach in order to minimise the number of Scheme Participants required to provide an Entity Declaration to IsoEnergy under Subdivision 14-D of Schedule 1 to the TAA.

Duty

- 8.11 IsoEnergy must pay any Duty and similar charges and any related interest, fees, fines or penalties payable under Australian law in connection with this Scheme and the Deed Poll, the performance of the Scheme and the Deed Poll and each transaction effected by or made under the Scheme and the Deed Poll, and must indemnify each Scheme Participant against any liability arising out of or in connection with any failure by IsoEnergy to make such payment.

Further action

- 8.12 Toro must, do all things and execute all documents necessary to give full effect to the Scheme and the transactions contemplated by it and the Scheme Participants consent to Toro doing all such things and executing all such documents and doing all other things necessary or incidental to the implementation of the Scheme.

Notices and other documents sent by post

- 8.13 If a notice, transfer, transmission, application, direction or other communication referred to in this Scheme is sent by post to Toro, it will not be taken to be received in the ordinary course of post or on a date and time other than the date and time at which it is actually received at Toro's registered office or at the office of the Toro Registry.
- 8.14 The accidental omission to give notice of the Scheme Meeting or the non-receipt of such notice by a Shareholder or its auditor will not, unless so ordered by the Court, invalidate the Scheme Meeting or the proceedings of the Scheme Meeting.

No liability when acting in good faith

- 8.15 Each Scheme Participant agrees that neither Toro nor IsoEnergy nor BidCo nor any director, officer or secretary or employee of any of those companies shall be liable for anything done or omitted to be done in the performance of this Scheme or the Deed Poll in good faith.

9 Governing Law and Jurisdiction

- 9.1 This Scheme is governed by the law applying in Western Australia.

9.2 The courts having jurisdiction in Western Australia have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this Scheme and each of Toro and each Scheme Participant irrevocably submits to the non-exclusive jurisdiction of the courts having jurisdiction in Western Australia.

- (b) occurs on or after the First Court Date, it is agreed to by Toro and IsoEnergy (which agreement may be given or withheld without reference to or approval by any Scheme Participant) and the Court (either at the hearing on the First Court Date, at an interlocutory hearing or the hearing on the Second Court Date) indicates that the variation, alteration or other amendment, would not of itself preclude approval by the Court of the Scheme,

in which event IsoEnergy and BidCo will enter into a further deed poll in favour of each Scheme Participant giving effect to the variation, alteration or other amendment.

Assignment

7.2 The rights and obligations of IsoEnergy, BidCo and each Scheme Participant under this deed poll are personal and cannot be assigned, charged or otherwise dealt with at law or in equity.

7.3 Any purported dealing in contravention of clause 7.2 is invalid.

A single or partial exercise of any right, power or remedy under this deed does not preclude the further exercise of it or the exercise of any other right, power or remedy under this deed poll. A waiver of a breach of this deed poll does not operate as a waiver of any other breach of this deed poll.

8 Governing Law and Jurisdiction

- 8.1 This deed poll is governed by the law applying in Western Australia. The courts having jurisdiction in Western Australia have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this deed poll and IsoEnergy and BidCo irrevocably submit to the non-exclusive jurisdiction of the courts having jurisdiction in Western Australia and waive any right to object to the venue on any ground.
- 8.2 Without preventing any other method of service allowed under relevant law, IsoEnergy and BidCo:
- (a) irrevocably appoints Hamilton Locke of Level 39, 152-158 St Georges Terrace, Perth WA 6000 (marked to the attention of Deanna Carpenter and James Roberts) as its process agent to receive any document in an action in connection with this deed poll; and

that the replacement process agent accepts its appointment and confirms its appointment to Toro.

IsoEnergy and BidCo agree that service of documents on its process agent is sufficient service on it.
