

ASX RELEASE | CLEARVUE TECHNOLOGIES LIMITED | (ASX: CPV | OTCQX: CVUEF)

## ClearVue April 2026 Investor Webinar

*Live Webinar with Managing Director and CEO Doug Hunt.*

**15 APRIL 2026:** Smart building materials company ClearVue Technologies Limited (ASX:CPV; OTC:CVUEF) (**ClearVue** or the **Company**) is pleased to announce that following the release of its Q3 FY26 Quarterly Activities Report and Appendix 4C, the Company will host a live investor webinar to provide shareholders and investors with a comprehensive update on ClearVue's operations, strategic progress, and outlook.

### Webinar Details

Managing Director and CEO, Douglas (Doug) Hunt, will walk through the key highlights from the quarter and provide an update on the Company's near-term priorities and commercial outlook. The session will cover:

- Quarterly financial summary and cash position
- Strengthening governance, leadership, and increasing capability across the team
- Global enquiry flow, pipeline growth, and market traction
- Progress across the licensed partner network and active projects
- Product and technical development milestones
- Near-term operational priorities and commercial outlook

As global momentum builds for Building Integrated Photovoltaics (BIPV) and net zero buildings, this webinar provides a timely opportunity for shareholders and investors to hear directly from ClearVue's CEO on how the Company is positioned to capture growing demand across its key markets.

### Event Information

**Date:** Wednesday 22 April 2026

**Time:** 10:00 AM AWST | 12:00 PM AEST

**Registration:** [Register now to secure your spot](#)

### ABOUT CLEARVUE TECHNOLOGIES LIMITED

ClearVue Technologies Limited (ASX: CPV; OTCX: CVUEF; FRA: CKJ) is an Australian technology company that integrates solar technology into building façade and rooftop surfaces to provide renewable energy generation and offset the operational carbon footprint of buildings. The Company's advanced, patented glass technology preserves glass transparency maintaining building aesthetics while generating energy.

ClearVue has extended solar energy-generation to vision glass, cladding, spandrel, balustrade, and skylight solutions. These solutions can offset operational energy requirements significantly contributing to the net zero building.

ClearVue's integrated solar façade is revolutionizing the way buildings are designed, constructed, and renovated. Experience how building façades will become a major contributing factor to reducing operational carbon by visiting ClearVue at [www.clearvuepv.com](http://www.clearvuepv.com).
