NEW BANKING FACILITY WITH HSBC

EVZ Limited (ASX: EVZ) is pleased to announce that it has executed a new banking facility agreement with HSBC Bank Australia Limited (“HSBC”), effective 17 April 2026. The new facilities replace EVZ’s previous arrangements with the Commonwealth Bank of Australia (“CBA”) and have been established on improved terms, reflecting the Company’s strong operational performance and credit standing.

Key Highlights

- Bank Guarantee / Standby Line Facility of \$10.0 million, increased from \$7.0 million with CBA.
- New Multiple Advance Loan Facility of \$5.0 million, providing additional working capital flexibility.
- New Corporate Card Facility of \$0.5 million.
- Total committed facilities of \$15.5 million under the new HSBC arrangement.

The new banking arrangement with HSBC provides EVZ with enhanced financial flexibility to support the ongoing needs of the business across its Energy & Resources and Building Products operations. The expanded Bank Guarantee / Standby Line Facility of \$10.0 million (up from \$7.0 million with CBA) underpins the Company’s capacity to support project bid and performance bonds across its subsidiaries, Brockman Engineering, Syfon Systems, Tank Industries and TSF Power.

The newly established Multiple Advance Loan Facility of \$5.0 million provides accessible working capital to support our growth aspirations and acquisitions, while the Corporate Card Facility of \$0.5 million streamlines day-to-day operational expenditure management across the Group.

The transition from CBA to HSBC will be conducted in a progressive and orderly manner to ensure continuity of business operations. The facilities have been secured on competitive commercial terms with no adverse changes to existing financial covenants.
